1. PREAMBLE

The Department of Computer Science and Business Systems (CSBS), Dr. Ambedkar Institute of Technology, Bengaluru, hereby presents the official departmental statement regarding the organization and conduct of the technical event titled “NEXORA CB” for the Academic Year 2024–2025.

NEXORA CB is a departmental-level technical initiative conceptualized and conducted under the guidance and supervision of the Head of the Department (HOD), CSBS, with the objective of encouraging technical learning, innovation, collaboration, and holistic student development through structured academic and extracurricular engagement.

2. NATURE OF THE EVENT

NEXORA CB is an official academic and technical event organized exclusively by the Department of Computer Science and Business Systems (CSBS). The event is intended to create a professional and competitive learning environment that enables students to demonstrate their technical knowledge, creativity, analytical abilities, and teamwork skills.

The event serves as a platform for integrating theoretical understanding with practical implementation through

various technical and activity-based competitions.

3. PURPOSE OF CONDUCTING THE EVENT

The primary purpose of conducting NEXORA CB is:

- To strengthen students' technical and practical knowledge
- To encourage innovation, creativity, and problem-solving abilities
- To improve collaborative learning and teamwork
- To provide exposure to competitive technical environments
- To enhance communication, leadership, and professional skills
- To support the holistic academic and extracurricular growth of students

4. OBJECTIVES

The key objectives of NEXORA CB are as follows:

- To provide practical exposure beyond classroom learning
- To promote student participation in technical and innovation-oriented activities
- To encourage logical thinking and analytical ability
- To create opportunities for peer learning and collaboration
- To support professional development and career readiness
- To foster departmental engagement through structured technical events and competitions

5. EVENT ACTIVITIES

NEXORA CB includes multiple academic, technical, and extracurricular activities such as:

- Coding Competitions
- Technical Challenges and Problem-Solving Events
- Technical Quiz Programs
- Innovation and Idea Presentation Activities
- Team-Based Technical Tasks
- Interactive Student Engagement Sessions
- Outdoor Sports Activity (Cricket) promoting teamwork and sportsmanship *etc..*

6. EXPECTED OUTCOMES

The event is expected to contribute significantly towards:

- Improvement in technical competency and implementation skills
- Increased student confidence and participation
- Enhancement of communication and leadership qualities
- Development of collaborative and team-oriented learning culture
- Encouragement towards innovation, creativity, and technical excellence

7. DEPARTMENTAL AUTHORITY & OWNERSHIP STATEMENT

NEXORA CB is an official departmental technical event conducted and managed exclusively by the Department of Computer Science and Business Systems (CSBS), Dr. Ambedkar Institute of Technology, Bengaluru, under the guidance, supervision, and approval of the Head of the Department (HOD).

All event-related materials including event name, branding, technical content, activity structures, digital resources, media materials, documentation, website content, posters, photographs, certificates, and associated intellectual resources are maintained under departmental administration and are intended solely for academic, institutional, and student development purposes.

Unauthorized reproduction, modification, redistribution, or external use of any official event materials without prior departmental permission is strictly prohibited.

8. OFFICIAL EVENT REFERENCE
