About the Institution

Dr. Ambedkar Institute of Technology (Dr.AIT) is an autonomous Institution, Aided by Government of Karnataka, affiliated to VTU, Belagavi and approved by AICTE New Delhi was established in the year 1980 by Late Sri. M.H. Jayaprakashnarayan under the auspices of Panchajanya VidyaPeeta Welfare Trust in Bengaluru. The college is situated in a serene and sprawling campus spread across 23 acres with state-of-the-art academic infrastructure and amenities. In our institute we are committed to holistic development of students through emphasis on curricular, Co-curricular, Sports and cultural activities with a centralized placement assistance. The college provides top notch learning experience to the students with practical studies and industrial exposure. Dr.AIT believes in innovative pedagogies which are delivered through multifaceted and talented faculty members who have a blend of industry and academic exposure. The institution offers 10 UG, 10 PG programs and Doctoral programs in 15 disciplines. The institution is recipient of funds under TEQIP, a World Bank sponsored Programme. The institution is accredited by NAAC with 'A' grade and all eligible programs are accredited by NBA.

Three Days Workshop

On

“Geo Spatial Technology (GST)

and its Application”

28th – 30th August 2019

Organized by

Dept. of Computer Science & Eng.

Sponsored by

TEQIP-3

Technical Education Quality Improvement Program

Venue

SeminarHall, C-326, Department of CSE

Course Contents

- Setting of Anaconda Integrated Development Environment (IDE) for Python Programming
- Linear and Multi Linear regression with case studies
- Data visualization in Python
- Discussion on real time projects

About the Resource Persons

Dr. Narendhra Adnoor, CEO, Data Talk Knowledge Solutions Pvt Ltd, has completed MS from Chicago University. He has rich experience in handling projects related to AI, ANN, ML and Networking. The other speakers are Mr. Nithin completed his MS from UK and Mr. Rajesh, completed MS from Delhi University. Both have vast experience in teaching and industry.

Registration Fee

No registration fee for the participants.

Certification

Certificate of Participation from the Department of Computer Science and Engineering will be issued. Attendance is mandatory for all sessions on all days

About The Institution:

Dr. Ambedkar Institute of Technology, an autonomous institution, Aided by government of Karnataka, affiliated to VTU, Belagavi and approved by AICTE New Delhi was established in the year 1980 by Late Sri M.H. Jagaprakashnarayan under the auspices of Panchajanya Vidya Peetha Welfare Trust and nestled in the Garden city of Bengaluru. The college situated in a serene and sprawling campus spread across 23 acres with state-of-the-art academic infrastructure and amenities. Dr. AIT is committed to holistic development of students through emphasis on curricular, Co-curricular, Sports and cultural activities with centralized placement assistance. Dr. AIT believes in innovative pedagogies which are delivered through multifaceted and talented faculty members who have a blend of industry and academic exposure. The institution offers 10 UG, 10 PG programs and Doctoral programs in 15 disciplines. The institution is a recipient of funds under TEQIP, a World Bank sponsored Programme. The institution accredited by NAAC with 'A' grade and all eligible programs by NBA.

About Bengaluru:

Bangalore, officially called Bengaluru, is the capital of Karnataka. Green city of India It is the second fastest growing metropolis of India and also the fourth highest GDP contributor after cities like Mumbai, Delhi, and Chennai. Bangalore is popularly known as the 'Silicon Valley' of India for being a major IT hub of the nation. There are many notable institutions located in the city such as Defense Research and Development Organization (DRDO), Indian Space Research Organization (ISRO), Indian Institute of Science (IISc), IIT-B, IITM, Indian Institute of Plantation Management, Indian Institute of Management (IIMB), National Aeronautics Laboratory (NAL) and National Law School of Indian University (NLSIU). The city also has some glorious tourist hotspots like Vidhanasoudha, Bangalore Palace, Lalbagh, Bannerghatta National Park, Innovative Film City and Cubbon Park.

About the Department:

The Civil Engineering Department is one of the oldest departments, established in the year 1980. The Department offers BE degree course and M.Tech Degree course in structural Engineering. It has well established state of the art laboratories. The Department is

recognized as the research center by VITVeeraraja Technological University, Belgaum and has facilities to carry out research work. Department has 26 faculty with Ten doctorates and with experience of 30 years of rich teaching experience. Ten Research scholars are pursuing their PhD programs in the Department. The Department regularly organizes Conferences, Seminars, & Workshops. The Department is accredited by NBA & NAAC.

Call for Paper:

Authors are invited to submit abstracts related to the themes not exceeding 250 words in the prescribed format.

Format for Abstract & Full length paper:

Title of the paper in Times New Roman (MS Word-14 font, Bold with 1.5 line spacing). Author's Affiliation and Body of the Abstract: Times New Roman (MS Word-12 font, with 1.5 line spacing). Margins can be 1" from all sides. Email id for correspondence is nerticait@gmail.com

Important dates:

Submission Deadline	05-Mar-2019
Notification of Acceptance	15-Mar-2019
Camera Ready paper submission	18-Mar-2019
Registration deadline	Before 20-Mar-2019
Conference date	22-23 Mar-2019

Participants are requested to send their registration form duly filled along with the Cheque/DD/cash only in favor of "HOD CIVIL, Dr. AIT" Payable at Bengaluru or transfer registration fee through RTGS to HOD CIVIL a/e no. 04862010006910, IFSC:SYNB0000486.

Registration Fee:

For Students UG/PG	Rs: 500/-
Faculty/Academicians	Rs: 1000/-
From Industries	Rs: 2000/-

Registration fee includes conference Kit, Lunch and High Tea.

Note: If the author intends to publish the paper in International Journal of Research in Engineering and Technology (IJRET) an additional amount of Rs 500/- is to be paid.

Six Days workshop

“Renewable Energy”

between

11th – 16th June, 2018

In Association
with

PYRA WINDO
Power Academy

Organised by

Department of Electrical & Electronics
Engineering
DR AMBEDKAR INSTITUTE OF
TECHNOLOGY,

An Institution of PVP Welfare Trust
Outer Ring Road, Mallathahalli,
BANGALORE-560056, Karnataka, India

An Autonomous Institution,
Affiliated to VTU Belgaum, Govt. of Karnataka

About the Workshop

The main purpose of this workshop programme ‘RENEWABLE ENERGY’ is to widen the base of knowledge of the students on various non conventional energy systems and to motivate for entrepreneurial skills among the students community towards “start-up India/ Make-in India” capabilities necessary for starting and running the enterprise. Thus, this “Renewable Energy” is a planned effort to inculcate, develop, and polish the entrepreneurial role effectively by imparting knowledge and skills. These skills are equally or even more powerful than only academic and vocational skills. It is necessary to promote this understanding of motives and their impact on entrepreneurial values and behaviour, skills as a prerequisite for a student to become and behave as an entrepreneur.

The training program consists of empowering sessions from Pyra Windo, *Power Academy* official trainers registered by KVIC to deliver the lectures. The course is meant for final year UG and PG students. They will be provided with boarding (for 6 days only) as per TEQIP rules and are required to participate in the course for the entire duration.

About the College

Dr Ambedkar Institute of Technology was established in 1980 by late Sri. MH Jayaprakash Narayan. Dr.AIT is managed Panchajanya Vidya Peeta Welfare Trust. The Institute is located on the outer Ring Road, near

Jnanabharathi Campus, Mallathahalli, Bangalore on a vast 20.30acres land having good ventilated class rooms, Hi tech laboratories with latest equipment's, drawing rooms, data centre, sport complex, play grounds, gymnasium, library and digital library. Our Institute is one among the 14 colleges selected for receiving the World Bank Assistance under TEQIP through Government of India. The institute is the recipient of several grants sanctioned by AICTE, DST and VTU. The Institute is in granted autonomous status by UGC wef 2010—11.

About the Department

The department of Electrical and Electronics Engineering was established in the year 1980 with the view to develop core competency in knowledge frontiers of electrical and electronics engineering and to augment availability of highly skilled electrical engineers to the nation, capable of handling diversified tasks. The department came under grant in aid of the Government of Karnataka in 1992. The department is accredited under NBA and has UG and PG courses. The department has well qualified faculty, who has Master Degree in various areas Power Systems, Power Electronics, Electrical Machines, VLSI Design and Embedded Systems, Power Apparatus and Electrical Drives, etc. Some of them are working towards Ph.D. The department has started a PG course “Power Electronics” from the academic year 2010.

Preface

Developing countries face an overall situation of limited energy resources and applications, particularly in rural areas, and there is an urgent need to address this situation. Limited energy resources and applications pose a serious constraint and barrier to social and economic development, and present significant challenges and opportunities for renewable energy.

Renewable energy sources include biomass, solar energy, wind and hydropower. Many of these energy sources have been used for millennia — the sun and wind in drying and other direct or 'passive' applications, while biomass has been the 'active' staple energy source since our ancestors discovered fire.

Renewable energy is also synonymous with sustainable development and has been linked, more recently, with poverty reduction. While the use of renewable energy is the epitome of sustainability, whether and to what extent such applications will reduce poverty is a more complex question.

Solar PV systems are most applicable in rural and remote areas that have no access to electricity grids — places that are often the habitats of poor people in developing countries.

Measures to address the problems of global warming and sea-level rise and promote sustainable development have been strongly advocated, and have witnessed the development, innovation and utilization of renewable energy technologies as an effective means of addressing these problems. There have been widespread calls for the reduction of greenhouse gas emissions, highlighting the importance of domestic actions and the benefits of encouraging renewable energy and energy efficiency.

Six Days Workshop on "JUST ROBOTICS WORKSHOP- SENSE THINK ACT" under TEQIP-III

I am hereby submitting a proposal for conducting six days Workshop on "JUST ROBOTICS WORKSHOP- SENSE THINK ACT" under TEQIP-III for the students of II year UG-Electrical Engg to empower them with familiarize students with the concept of Robotics. The proposed budget is Rs 1,53,200.00 (Rupees One Lac Fifty Three Thousand and Two hundred only) The details of the proposal are enclosed here with for your kind perusal and action.

Thanking you Sir

Yours faithfully,

Mini Vaikund
Coordinator

Respected Sir,

Kindly permit us to conduct the workshop under TEQIP-3.

Vision

Equip this generation with future technology with a systematic approach and henceforth contribute to engineering fields in computers and robotic technologies..

Education

B. Tech in Mechatronics Nehru College of Engineering And Research center, (2017)

Technical Skills

- Operating Systems : ROS, Windows , Linux, Raspbian jassie
- Programming Languages : C, C++, Python, JavaScript
- Software : Opencv, Autocad, Android Studio, Photoshop, fusion360 ,Tensorflow, keras
- Processor / controller : Arduino, Raspberry pi

Projects / Experience

Design Engineer - JustRobotics - Dec 2017 Till date
Robotics and IOT Workshops for Engineering and School students

Project Name	Description
Bionic arm	Its an robotic arm which can be used for amputes
Tetra-stack robot	Robot which can solve tetris cube puzzle
Agrirobot	This is an IOT Gate way device which is capable of live video streaming
Digital notebook	Digital note book is an android application which can be an alternate to the conventional note books
Rescue robot	Rescue robot is specifically designed to rescue kids those who get stuck in the Bore well and pipes
Gesture controlled robot	Gesture controlled robot is designed in such a way that the robot can imitate the movements of the hand gesture with great precision and accuracy.

Three Day Workshop
on
Cutting-Edge Technology in Design and Applications of Transformers
Under TEQIP Phase-3
29th – 31st August 2018

REPORT

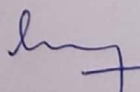

The programme was conducted in association with M/S Sara Consultants from 29th to 31st August 2018. The inaugural function was held on 29/08/2018 at 9:30 AM and was presided by the Principal, Dr. C. Nanjundaswamy. Dr. Jyoti P Koujalagi, HOD, Dept. of EEE welcomed the dignitaries and introduced the resource persons. Dr. C. Nanjundaswamy spoke about the importance of Industry Institute Interaction and its relevance in present day curriculum. He also advised the students to take complete benefit from the resource persons, through the workshop and gain immense knowledge and practicality of the course. The programme was attended by 5th and 7th semester UG EEE students. Mr. T V Ramaswamy, Director, Sara Consultants delivered the key note address. The coordinators expressed their gratitude to the Management, PVP Welfare Trust, Principal, Dean(Academic), NPIU/ TEQIP & HOD, EEE for all the facilities and financial support in conduction of this workshop.

Few Salient Features about this Workshop:

1. The students gained theoretical concepts about transformer and its applications during their course of study.
2. By attending this programme they gained a creative realization of the theoretical concepts in the process of design and devising a system. Several models were used during the course of the lecture sessions.
3. Design is the central activity of the engineering profession and the engineer creates by relying on everything from intuition, graphics to science and economics.
4. The process of designing transformer encompasses a variety of engineering problems related to electric strength, mechanical strength, dynamic and thermal resistance of windings.
5. By the end of the workshop, students are familiarized to some of the design concepts of transformers and the latest cutting-edge technologies involved.

The Workshop ended successfully with a valedictory function and distribution of certificates to the participants.

Ms. Nalini S 
Mrs. Pankaja H G 
Mrs. Deepti S Shastrimath 
(Coordinators)

HOD-EEE

Brief Profile: Ramaswamy T V

Qualification:

- Diploma from **Indian Institute of Science, Bangalore**, under continuing education program in Power Electronics and Electrical Insulations.
- Diploma in Electrical Engineering from **Institution of Engineers (India)**, and a Member of Institution of Engineers (India).

Experience:

- Worked as Transformer Design Engineer at M/s NGEF Limited, Bangalore - a Government Undertaking from 1974 to 1994.
- Sara Consultants is engaged in assisting transformer Industry and Institutions from 1994 to this date.
- Developed software for Transformer Industry and Electricity Board.
- Assisted in setting up Design Offices at various Transformer Industries.
- Trained fresh Graduates and under graduates in designing transformers
- Developed Software to Nigerian Electricity Authority for the professional Engineers on Transformers
- Worked on a USAID project to teach Engineers in Afghanistan to design transformers.

Brief Profile: Venkatesh T

- A Mechanical Engineer by qualification, served in Transformer division of N G E F Ltd., Bangalore for 33 years.
- Responsible for Production, Planning, Scheduling and Controlling of all activities in Distribution, Power and Special Transformers.
- For the past 13 years as a Consultant, helping industrialists in the process management activities of transformer production.
- Helping in Establishment of Transformer Industry and in expansion of product range in existing factories.
- Specially interested in Value Engineering in the transformer process.

About GURU RAJA RAO

Since 1964 Worked in M/S NGEF Ltd in Plant Maintenance and Computer Divisions.
In 1997 Retired as Manager in CNC Maintenance Division.

After Voluntary Retirement Working with SARA Consultants under Leader ship Of Mr T.V. RAMASWAMY at Bangalore.
Simultaneously worked with M/S ATS technology, Bangalore in developing activities for Metro railway, Kolkata.

Projects undertaken:

With ATS, I was involved in implementing PLC based Coach control systems to replace the analog based discrete component control systems – The software was developed by me.

- Developed Slip and Slide control of railway wheels using Micro Controllers.
- Developed Data Log and Analysis software for rail coaches while in motion.
- High voltage DC Current Transformers are in our product list
- Metal Proximity Sensor required for Cam Shaft Controller (Special type) is our proprietary item.

With SARA Consultants,

- Developed Software for Core Design for transformers
- Developed software for Electrical Design of Transformers (Oil cooled, Dry type, Furnace transformers, Distribution and transmission transformers) and installed in and out of INDIA many places.

Involved with BE students in guiding their Project works.

ELECTRICAL ENGINEER

Electrical Engineer with 30 + years of experience in testing, commissioning , servicing and maintenance of Power transformers . Exposure to Power system design, testing of protective relays, Control panels, Failure analysis, condition monitoring and diagnostic testing of Electrical equipments. Third party inspection of electrical equipments. Certified Energy Auditor

PROFESSIONAL EXPERIENCE:

I. In NGEF 1980 to 2003 - SENIOR MANAGER

1. Heading Transformer testing department , testing transformer up to 315 MVA 400 KV Class .
2. Guiding Field Engineers and support Technicians in handling testing, servicing and maintenance of power transformers up to 315 MVA, 400 KV class.
3. Handling Customer complaint, carrying out diagnostic testing, failure analysis and suggesting remedial measures
4. Design and testing of protective relays, control panel with exposure to power system design.
5. Responsible for setting up expansion project for EHV transformer test Plant.
6. Conducting special and type tests like temperature rise test, zero sequence measurement, noise level, harmonic analysis on power transformers.
7. Conducting impulse test on EHV transformers.
8. Erection & commissioning of transformers, Relays & control panels.

II. As Consultant for Quality Testing & Inspection From 2003 - 2006

1. Guiding a team of engineers to manufacture transformers upto 10 MVA 66 KV. These transformers successfully passed impulse test at CPRI.
2. Design and setting up of modern test facility for testing transformers up to 20 MVA 132 KV.
3. Responsible for ISO 9000 Certification.
4. Carried out Third party inspection of transformer, switchgear, motor. Control panels for various Projects.
5. Carrying out vendor Assessment , vendor approval

III. At M/s. Universal Power Transformers From 2006 to 2011

1. As Head-QA, responsible for Design of Test set Up , Test Procedure quality system procedure, incoming material inspection, process inspection, final inspection and Acceptance testing of transformers.
2. Optimization and improvement of test facilities.
3. Deputed to USA Los Angeles - Edison ESI a leading Power distribution Company in Southern California to supervise manufacture of 2 nos 30 MVA 69 KV transformers
4. Subsequently deputed to Arizona Data center in Phoenix USA for Erection testing and Commissioning of these two transformer.
5. Carrying out Root cause analysis of various Non conformities
6. Conversant with Quality management tools like 5 Whys, Flow chart, Fishbone/Ishiwaka diagrams .
7. Process improvement techniques like 5 S , FMEA , KAIZEN
8. Quality assurance Plans
9. Conversant with National and International standards like IEC ,IEEE,

IV. As Electrical Consultant & Energy Auditor From 2011 to Present

1. Certified Energy Auditor by Bureau of Energy Efficiency a Govt. of india undertaking. Carried out Energy audits & Third party inspection.

PROJECT DETAILS

1. Responsible for design and setting up of new EHV project for testing EHV transformers up to 315 MVA 400 KV class . Involved in the project right from design , planning ,erection testing and commissioning .
2. Design, planning and setting up of modern automatic test field at M/s. Universal transformers for testing power transformers up to 3 MVA , 33 KV.
3. Deputed to KUWAIT for Erection & Commissioning of 10 MVA Substation.
4. Design and setting up of transformer test field for transformer up to 50 MVA 132 KV at M/s Kamath Transformer Dobbespert

EDUCATION & PERSONAL DETAILS:

QUALIFICATION	- B.E. (Electrical) in I Class with Distinction.
COLLEGE STUDIED	- University Visweswarayya College of Engineering, Bangalore.
AGE	- 58 Years.

(Sponsoring Institute)

About the college:

Dr. AIT was started in 1980 by Late Sri M. Jayaprakash Narayan under the auspices of Panchajanya Vidya Peetha Welfare Trust. The institute is in Autonomous status since 2010 and is affiliated to VTU. The institute has been accredited by NAAC with 'A' Grade and is mentee institute for Institution of Engineering & Technology, Dr. Ram Manohar Lohia Avad University, Faizabad, Uttar Pradesh. Most of the programmes are accredited by NBA. Apart from 10 disciplines of Engineering, the institute also offers MCA, MBA and M. Tech. Programs in various specializations.

About the department:

The Department of Telecommunication Engineering established in 1991 with an intake of 30 students and present intake is 60. In addition to UG program, department is running PG and Ph. D. programs also. Department has an R & D centre started in the year 2010 and is having four faculty members with Doctoral Degree. The Department has got accreditation by NBA. Many projects funded by AICTE, VGST and KSCST have been executed by the department.

Programme Outcome:

The participants will be exposed to the various applications of LabVIEW (a software tool) and its importance. They will also be introduced to certain Remote Engineering Concepts which can be implemented in many practical applications.

About the college:

Dr. AIT was started in 1980 by Late Sri M. H. Jayaprakash Narayan under the auspices of Panchajanya Vidya Peetha Welfare Trust. The institute is having Autonomous status and is affiliated to VTU. The institute has been accredited by NBA, certified by ISO, and selected as Network Institution by GOI under TEQIP for World Bank assistance. Apart from 10 disciplines of engineering, the institute also offers MCA, MBA and M. Tech. Programs in various specializations.

About the department:

The department of Telecommunication Engineering was established in the year 1991. The department offers UG program in Telecommunication Engineering, M Tech in Digital Communication & Networking, M Sc (Engineering) and Ph.D programs by research. The UG & PG program is under autonomous scheme under Visvesvaraya Technological University. The department Research & Development centre is recognised by Visvesvaraya Technological University. Currently, the department is working on many funded Research projects. The department is having well qualified, experienced and doctorate faculty members. The department laboratories are equipped with the state of the art equipments and software tools. The department has got accredited by NBA and also certified by ISO 9001-2008. The department has been allocated under TEQIP Phase-II for the improvement of PG program and research activities. Presently, Four Doctoral degrees have been produced and 15 research scholars are pursuing Ph.D in different areas in the department. Four PG students have secured university ranks. Four UG Final Year projects are funded by Karnataka State Council for Science and Technology(KSCST).

TEQIP-III Sponsored Workshop on
“Innovative Pedagogy for Effective Teaching” organized from 16/1/2019 to 18/1/2019

REPORT

The programme was initiated by welcoming the chief guest, dignitaries, and participants by Dr. M.V.Vijayakumar, Professor & HOD, Dept. of ISE. The programme was inaugurated by the Chief guest Dr S.K Prasad, Prof, School of Management Studies, Reva University. Sri A.R.Krishnamurthy Secretary/Managing trustee, PVPWT, Dr. M.Mahadeva Trustee ,PVPWT, Dr.C.Nanjundaswamy, Principal, Dr.AIT, Dr. Meenakshi.M, Dean(Academic), Dr.AIT, Dr.Mahalinga V.Mandi TEQIP-III ,Coordinator and Dr. M.V.Vijaya Kumar, Professor & HOD, Dept. of ISE by lighting the lamp. Dr. Nandini Prasad K.S, Professor and Nodal Officer (Academic), TEQIP-III, welcomed Dr. M.V.Vijaya Kumar with a bouquet. Mrs Jyoti.S, Asst. Prof., Dept. of ISE presented the invocation song to invoke the blessings of almighty.

Dr. M.V.Vijaya Kumar introduced the chief guest Dr S.K Prasad, School of Management Studies and the chief guest delivered the keynote address on “Trends in Pedagogy”. Principal and addressed the gathering and shared their views on innovative pedagogy. Dr.Nandini Prasad K.S introduced Sri A.R.Krishnamurthy, Honourable Secretary/Managing trustee, PVPWT and Dr.M.Mahadeva Trustee, PVPWT. Dr.M.Mahadeva, Trustee, PVPWT delivered the presidential address. Mrs Vijayalaxmi R.Patil proposed the vote of thanks.

Dr Pratima, Prof. & Head, Teaching –Learning Centre, GAT, Bangalore delivered her presentation on the topic “Active learning as effective pedagogy on today's Google Era”. The collaborative teaching- learning method was emphasized and the challenges of teachers were also discussed. In the post lunch session, Dr Shashipriya T R, HOD, Dept. of HSS enlightened the participants about “Self Awareness and Self Assessment”.

Day 2 and 3 sessions were conducted by Disha Team: Mrs Rekha Ramachandran, Prof Shobha Sundareshan , Mr Pramodh Nataraj, Mr Murali Ram murthy, Ms Meera Balaganeshan , and Mrs Sneha S Vaze Disha Foundation .

Second day of workshop started with Yoga and Meditation which is very much necessary for healthy mind and health of the individual. The participants were introduced to different teaching learning methods. Next was Inquire group discussion in which again 5 groups were made and each group had a counsellor. All the 5 groups were given the same set of 5 questions. This session helped the teachers to go back down their memory lines and gave self awareness. The team representative summarized the discussion and presented it to all the participants. In the session 3 of second day, the participants were exposed to Multitasking environment where in there was a Audio/Video being played, a teacher was writing on board, participant was asked to throw the pen up and catch it and mean time to count the number of times he /she did this activity . An innovative pedagogy method of teaching learning method where any topic of discussion should have VISUL/AUDIO, Presentation, Activity and VALUE addition.

Third day commenced with Yoga and Meditation followed by an activity. Next session was the Integrate group discussion in which again 5 groups were made and each group was given a **case study** of real life examples.

Mrs Sneha , Disha Foundation discussed the role of teacher . It was activity based. Smt Rekha , Disha Foundation delivered her talk on “ Inspiration to build passion in profession and the journey ahead”. During the last session the teachers were divided into 2 Groups and “VISUAL QUIZ” was conducted. This method of teaching not only created competition among the teams but also gave a scope to learn so many contributions of India to the world in various fields: Mathematics, Science , Architecture, Literature, Communication , Computer Science etc and made us feel proud to be an Indian .

Dr. M.V.Vijayakumar, Professor & HOD, Dept. of ISE welcomed all the participants and Disha team for valedictory function. The feedback from participants was taken. The teachers expressed that they had wonderful experience of group discussion, team work and interaction. As almost all sessions were activity based teachers enjoyed the workshop very much and expressed that they would inculcate the techniques to for effective teaching .The vote of thanks was proposed by Dr Nandini Prasad K S, Prof., Dept. of ISE.

OUTCOMES of workshop:

- Participants gained knowledge of trends in Pedagogy: Blooms Taxonomy, Online courses: MOOCS etc
- The faculty gained the knowledge of teaching learning methods in which the students are active rather than teachers(Student Centric Teaching)
- Participants learnt about Self Awareness & Assessment and were inspired to enhance soft skills for Professionalism
- The faculty members were convinced that through quizzes not only the subject matter can be taught effectively but mean time VALUE can be added to the teaching
- The participants learnt their roles in moulding the student career and building the nation
- The teacher realized the importance of inculcating human values in subjects
- Faculty were inspired to do Yoga & meditation through which they can keep their mind and body sound and healthy
- Every teacher was inspired to become GURU from faculty.

About the institution

Dr. Ambedkar Institute of Technology is managed by Panchajanya Vidya Peetha Welfare Trust(Regd) . Dr. AIT was established in 1980 by Late Sri. M.H. Jayaprakash Narayan. He came from a very humble background and was a member of legislative assembly (MLA) for several terms. He fought relentlessly for the upliftment of the downtrodden.

The Institution is founded on the ideals of the great Bharatha Rathna Dr. B.R Ambedkar, whose life was a saga of learning and uplifting the down trodden of the society. Dr. AIT is one among the 14 colleges selected for receiving the World Bank assistance under TEQIP-III through government of India. The institution is accredited by National Assessment and Accreditation Council (NAAC).

About the department

The Department of Information Science & Engineering (ISE) was started in the year 1992. Present sanctioned intake for B.E is 60 and M.Tech is 24. Department of Information Science research centre registered under VTU guides various PG scholars in different emerging engineering technologies. The department is accredited by (National Board of Accreditation) NBA.

Dr. B S Shylaja heads the department. She has been enthusiastically guiding the department and encouraging departmental activities. The faculty at the department are highly qualified members, some having doctoral degrees and many are pursuing Ph.D in their area of specialization.

About IEEE Computer Society

The IEEE Computer Society traces its origins to the 1946 formation of the Subcommittee on Large-Scale Computing Devices (LCD) of the American Institute of Electrical Engineers (AIEE). Five years later, the Institute of Radio Engineers (IRE) formed its Professional Group on Electronic Computers (PGEC). The principal volunteer officers of both these groups were designated chairs.

The AIEE and the IRE merged in 1963 to become the Institute of Electrical and Electronics Engineers (IEEE). The respective committee and group of the predecessor organizations combined to form the modern IEEE Computer Society. The society's principal volunteer officer has been designated as president since 1971.

The Computer Society will celebrate its 70th anniversary in 2016.

About the workshop

- Analyze the fundamentals of Mobile application development.
- Analyze the problems to build Mobile apps by assessing the basic framework and usage of SDK.
- Design and develop Android applications using various resources and built-in classes.
- Develop the skills in designing and deploying the sophisticated mobile applications.

**Dr. Ambedkar Institute of Technology,

**TEQIP-III Sponsored Four Days
Training Programme on “Mobile
Application Development using Android.”
For Faculty and Students of IET, Faizabad**

From 9/10/2018 to 12/10/2018

NPIU
National Project Implementation Unit

**Organised by
Dept. of Information Science & Engg.
Dr. AIT, Bangalore**

Objectives of the workshop:

- To understand the Mobile - Android OS architecture and life cycle.
- To analyze and use appropriate tools for Android Application development.
- To be familiar with managing of application resources.
- To build elegant user interfaces with views, layouts & form widgets.

About guest speakers:

Suhas AR ,working as Software Designer and Development , Creainsol IT Solutions Bangalore.conducting tutorials at institutes as well as corporates. He is specialized in Android development,Client relationship management

Who can participate?

- Faculties & Students of IET,Faizabad
- Faculties of Dr.AIT

Registration:

- Number of Participants is limited to 24 and registration is based on first come first serve basis.
- No Registration fee for participants.

NOTE: Mail the registration form to Coordinators.

2/11/18

A Report on TEQIP-III Sponsored 4 days Training Program on “Mobile Application Development using android” for the faculty and students of IET ,Dr. Ram Manohar Lohia Avadh University Faizabad as part of Twinning Program.

The Training was inaugurated at 9:30 am with invocation by Mrs.Jyothi S,ISE .The programme was commenced by welcoming the guest, dignitaries, and participants by Dr. B V Jayramiah, Professor and HOD, Dept. of ECE. The programme was inaugurated by the Chief guest Sri A.R.Krishnamurthy,Secretary,PVPWelfare Trust,Dr.C.Nanjundaswamy Principal,Dr.B.Ravindra TEQIP Coordinator, Dr.M N Hegde Dean Academic, Mrs Manisha IET,Faizabad.

Dr. Nanjundaswamy C, Principal, Dr AIT, spoke about Dr.AIT and the Lab facilities, infrastructure, Faculty training programme etc, Dr.B.Ravindra, briefed about TEQIP-III Twinning activities and Dr.M N Hegde briefed about the usage of infrastructure of Dr.AIT, Sri A.R.KrishnaMurthy Secretary, and PVPWT gave the Presidential Address. The vote of thanks was proposed by Dr.B.S.Shylaja HOD, Dept of ISE.

The training programme had 20 participants i.e. the faculty and students of IET, Dr. Ram Manohar Lohia Avadh University Faizabad.

Speakers Mr.Suhas R, Mrs Asha Chepparala delivered theory as well as hands on sessions on mobile application development using android.

Mr.Satish B Basapur, Asst Prof conducted theory and hands on sessions on Python and its features on the last two days.

The main outcomes of the Training Programme:

Students were able to

- Analyze the fundamentals of Mobile application development.
- Analyze the problems to build Mobile apps by assessing the basic framework and usage of SDK.
- Design and develop Android applications using various resources and built-in classes.
- Develop the skills in designing and deploying the sophisticated mobile applications.
- Design and deploy Android applications with compelling User Interfaces.

The students were given tests and were informed to fill feedback form...

The valedictory session programme was commenced by welcoming the guest, dignitaries, and participants by Dr. B S Shylaja, Professor and HOD, Dept. of ISE. The students as well as the faculty shared their experiences on the four days training programme and their learning. Dr.M M Hegde Dean Academic thanked IET Members, and informed to implement what they have learnt. Dr.B.Ravindra TEQIP Coordinator mentioned about NBA and its importance as part of twinning program.Dr Anuradha,Twinning program coordinator proposed vote of thanks to the IET members and duly thanked them for their total involvement and enthusiasm towards learning.

Session sample

Participants

More than 100 participants have registered and participated in the workshop. HOD-MCA Dr. L Manjunatha Rao welcomed Chief Convener Dr. C. Nanjundaswamy, Principal, Dr. AIT, Co Convener Dr. M. N. Hegde, Dean (Academics), Resource person Mr. Pankaj Annadure, CEO, Sunsoft Technologies Pvt. Ltd. and all the participants (Students and Faculties) to the Workshop.

Day wise schedule of events handled along with practical sessions

Day-1:

- Introduction to AngularJS
- MVC Architecture
- Installation setup
- Components of Angular JS

Day -2:

- ✓ Data Binding
- ✓ Event Handling
- ✓ Directives
- ✓ Routing

The session was concluded with question and answers followed by vote of thanks to the speaker, HOD-MCA, faculties, staff and students.

**A Report on Work shop on “Awareness on SAR Filling for NBA accreditation”
Conducted on 22nd & 23rd Oct 2018 in the Department of Mechanical Engineering, Dr AIT, B’lore**

Coordinators: Chandrashekar M. Associate Professor, A S Jayaram Associate Professor and N Shashikantha Associate Professor

A two days work shop on “**Awareness on SAR Filling for NBA accreditation**” was conducted in the department of Mechanical engineering, Dr Ambedkar Institute of Technology, Bangalore under TEQIP-III, from 22nd to 23rd October 2018.

Dr Vikram Singh, Professor and Dr Parul Tomar, Assistant professor of YMCA University of Science & Technology, Faridabad, Hariyana have participated in the work shop as resource persons to talk about NBA system and process of preparing SAR. Both the speakers arrived to Bangalore on 21st Oct 2018 in the same flight from New Delhi in the evening and reached NAAC, Bangalore to stay in the guest room arranged in NAAC.

On Day-1 i.e., 22nd Oct 2018 Monday morning after having breakfast both the speakers had come to the venue by 9.45 am, by 10.15 am work shop inaugurated by Dr Vikram Singh, Dr B Ravindra, HOD, Department of Mechanical Engg, Dr M N Hegde, Dean, Dr AIT in the absence of Principal by watering the plant instead of lighting the lamp as a mark of Go Green concept. The reason for Go Green concept was effectively explained by Mr A S Jayram, Associate Prof. Before this event work shop started with Invocation by Mr. B Mohankumar Asst. Prof through Devara naama. Mr. Tejesh S, Asst prof had given nice anchoring and Mr Chandrashekar Associate Prof welcomed the Chief Guests and Invitees. Mr. N Shashikanth Associate. Prof had given nice introduction about the speakers. Dr M N Hegde in his speech highlighted the significance and importance of Accreditation process in the technical college for future admission process, Dr Vikram singh in his speech highlighted the latest NBA formats and important stages in applying for NBA accreditation. This followed by Tea break.

In the first session, Dr Vikram singh presented PPT about introduction on outcome based Education and its significance as a part of Washington accord and this followed by Methodology and benefits of Prequalifies for accreditation process. At Noon Lunch was arranged in Hostel for the participants and guests. In the afternoon session Dr Parul Tomar explained File preparation and various Documentation required for SAR, this followed by Tea in the evening. An Interaction session held after Tea during this session number of queries raised by the participants had been answered by the speakers thus Day-1 ends with interaction.

On Day-2 i.e. 23rd Oct 2018 Tuesday morning session started with Dr Vikram Singh, he gave PPT presentation and hands on attainment calculation of COs and POs considering an example of his own college though Excel sheet. This followed by Tea break. Dr Vikram Singh continued Assessment and Attainment of POs and mapping procedure. Then lunch break was given. After Lunch break Dr Parul Tomar explained procedure to develop Course out come for subjects and examination reforms in Mapping of Question paper with Co & PO by the speakers. Tea break was given after spending more time for this session. Day-2 was concluded with valedictory function. Mr Rajesh M had given vote of thanks and Dr B Ravindra had given small mementos to the speakers as a token of respect Thus Two days work shop was concluded on 23rd evening.

About the College:

Dr. AIT was started in 1980 by Late Sri M. H. Jayaprakash Narayan under the auspices of Panchajanya Vidya Peetha Welfare Trust. The institute is having Autonomous status and is affiliated to VTU. The institute has been accredited by NBA, certified by ISO and selected as Network Institution by GOI under TEQIP for World Bank assistance. Apart from 10 disciplines of Engineering, the institute also offers MCA, MBA and M. Tech. Programs in various specializations.

About the Department:

Mechanical Engineering department started the UG program (B.E Mechanical Engineering) with an initial intake of 60 students in 1979 with affiliation to Bangalore University and the present intake is 180. Research and development centre was established in 2000 with recognition from Visvesvaraya Technological University. Faculty of the departments are involved in sponsored research project and consultancy. It also offers M.Sc Engg. by research and Doctoral programmes. The department started M. Tech programs in Machine design under VTU in the year 2013-14 with an intake of 24. The total grants from the sponsored research projects from various funding agencies in last three years is Rs. 1.3 Crores.

+++++

Image consulting is a professional field that aims to improve the image of the client personally or professionally through appearance, behavior, and communication. It is the process of evaluating the effect of a person's appearance on their professional image.

They train their clients to improve their image for social events or to achieve certain goals.[3] Not only individuals but also companies can be clients of image consultants, although main clients remain executives and politicians.[4] An image consultant's main focus is on dressing, personal style, clothes buying, body language, and etiquette, taking a customer through a process of evaluating their lifestyle and helping them change their body language and attire in order to help improve their image.
