REPORT OF WEBINAR ON “EXPLORING THE WORLD OF CONTAINERS”

(3rd December 2021)

Indian Society for Technical Education and Institution’s Innovation Council, the Computer Science and Engineering of Dr AIT College, Bangalore successfully organized online Webinar on “**Exploring the World of Containers**”, on 3rd December 2021.

The speakers, Mr. Satish Shettar and Mr. Sukesh Anchan from Grep & AWK technologies, LLP., are expert in cloud computing. The session saw an overwhelming response with 106 registration from students and faculty. A total of 101 participants participated in the webinar.

Objectives

The webinar was organized with the objective to

- Develop application and its supporting components using Docker containers.
- The container becomes the unit for distributing and testing application.
- Deploy application into production environment, as a container or an orchestrated service.
- This works the same whether the production environment is a local data center, a cloud provider, or a hybrid of the two.

About Speakers

The speaker **Mr. Sukesh Anchan** having 6.5+ years of experience in IT industry. Worked in various roles, as a service delivery specialist, senior cloud and devops engineer, software development specialist, consultant and cloud/devops architect/consultant. A passionate technology evangelist having delivered more than 200 global corporate training and academic programs for various universities. He was associated with IBM, Verizon telecommunication, mercedes benz and hopscotch. Currently co-founder and director of Grep & Awk Technologies.

The speaker **Mr. Satish shettar** having 18+ years of experience in IT industry. Worked in many roles, as a corporate trainer, technical lead, and an Infrastructure Architect with deep knowledge on Cloud, Devops, IT infrastructure, Application Performance engineering, logging and monitoring, Kubernetes and openshift. training is his passion, so far delivered more than 200

corporate and academic training programs at various scale. Having worked for tech giants like IBM, HP, HCL and Barclays, etc. Now he is an advisor for Grep & Awk Technologies.

Summary of the Webinar

The session named “Exploring the world of Containers”, began with discussion about the latest technologies of cloud computing. The participants were able to get an insight into the world of containers. The webinar concluded with a questions and answer session.

Mr. Sukesh Anchan discussed

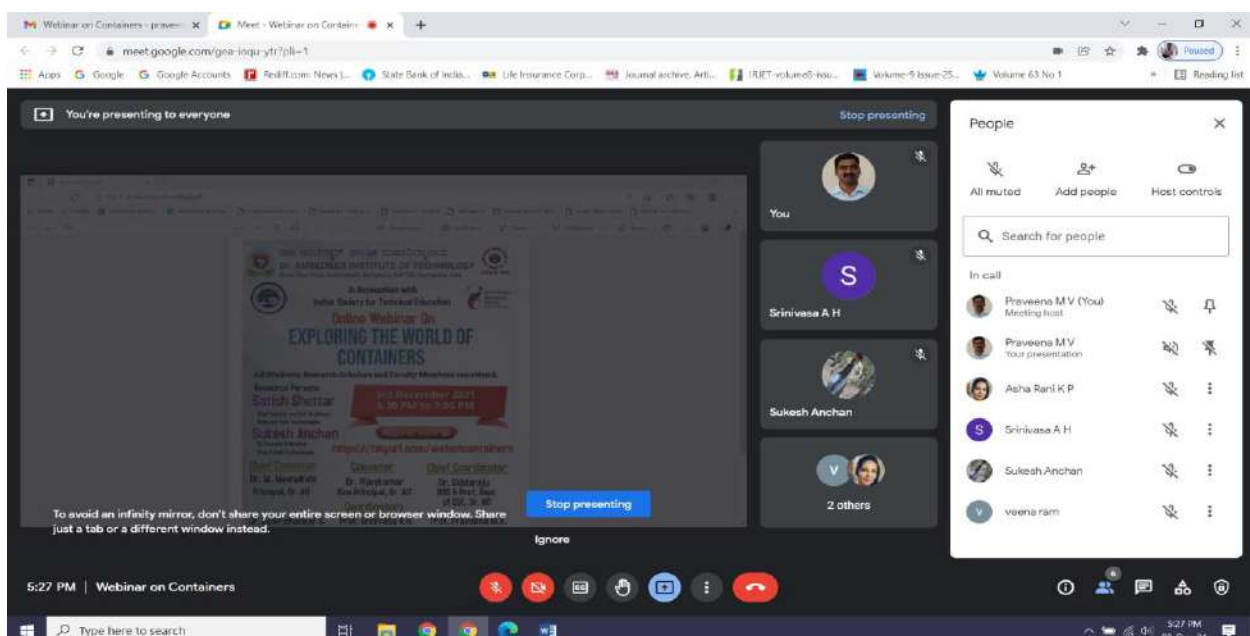

- Introduction to containers
- Illustration of Docker containers
- Description of container usage in cloud platform

Mr. Satish shettar discussed

- Real time implementation of Docker containers.
- Demonstration of Docker containers and its applications in cloud computing.

The session named “**Exploring the world of Containers**”, began with discussion about the latest technologies of cloud computing. The participants were able to get an insight into the cloud computing and Docker containers. The webinar concluded with a questions and answer session. Mr. Sukesh Anchan and Mr. Satish shettar satisfactorily answered all questions related to containers.

It was an informative seminar, which was truly appreciated by participants.

REPORT OF WEBINAR ON “EFFECTIVELY PROTECTING INNOVATIONS IN INDIA: A SMART WAY TO REFORM EDUCATION SECTOR”

(18th Nov 2021)

Indian Society for Technical Education and Institution’s Innovation Council, the Computer Science and Engineering of Dr AIT College, Bangalore successfully organized online Webinar on “Effectively Protecting Innovations in India: A Smart way to reform education sector”, on 18th Nov 2021.

The speaker, Mrs. BHAWNA SHARMA, is a renowned Intellectual Property Right. The session saw an overwhelming response with 140 registration from faculty. A total of 90 participants participated in the webinar.

Objective

The webinar was organized with the objective to:

- To create an awareness about IPR among the faculty and students.
- To educate faculty about the procedure of patent filing.
- Universities and public research institutions are among the direct contributors towards
- innovation and research, particularly in emerging economies.
- Projects which support the development of innovation and start-ups have big potential in reducing unemployment and increasing the motivation of new foreign investors.

The Speaker

Mrs. BHAWNA SHARMA has been practicing in the field of patents and designs for over 11 years and has an expertise in technical drafting. She is a qualified Patent Agent and an Advocate. She handles a wide range of technologies, including Bio-Medical Devices, Bio-Chemical, Pharmaceuticals, Life Sciences, Chemical Sciences, Biotechnology, Healthcare, Mechanical, and Clean Energy.

She strongly focuses on the business needs of clients and clients extol her for providing legal solutions with due emphasis on practical and commercial aspects. Her clients include the world’s most esteemed companies, R&D centers, MSMEs, start-ups, individual innovators and designers, and well know designer luxury and lifestyle brands. Also, she is passionate about disseminating and sensitizing IP awareness among the R&D-based industries and students.

Various forums have invited her, to name a few, FITT-IIT, CIPAM, CII, NSC (Delhi), MHRD-JNU, SPA, Lex witness, UBM IP Pharma, DIT University, as speaker or panelist.

Summary of the Webinar

Mrs BHAWNA SHARMA discussed:

- What IP is?
 - The Major Concerns of IP Policies
 - Standard Operating Procedures
 - Planning and Pre-Filing Measures
 - Filing the Patent
 - Benefits of the Patent Protection

The session named “Protecting Innovations”, began with discussion about the protecting the innovations and reforming the Education sector in the country. She discussed about the major challenges about the university, educational institution and the start ups are facing. In these times of Covid-19 and the subsequent lockdown, the speaker advocated doing information distancing and being a digital cough. The participants were able to get an insight into the process of filing the Intellectual Property. The webinar concluded with a questions and answer session. Mr BHAWNA SHARMA satisfactorily answered all questions related to Intellectual Property Rights.

It was an informative seminar, which was truly appreciated by participants. We look forward to organizing a workshop, conducted by Mrs BHAWNA SHARMA in the near future.

REPORT OF WEBINAR ON “CYBER SECURITY & ETHICAL HACKING”

(2nd Nov 2021)

Indian Society for Technical Education and Institution’s Innovation Council, the Computer Science and Engineering of Dr AIT College, Bangalore successfully organized online Webinar on “Cyber Security & Ethical Hacking”, on 2nd Nov 2021.

The speaker, Mr. SAMARTH BHASKAR BHA, is a renowned Cyber Security and Ethical hacking Expert. The session saw an overwhelming response with 255 registration from students and faculty. A total of 101 participants participated in the webinar.

Objective

The webinar was organized with the objective to:

- ❖ Acquaint the participants with the prevailing cyber security threats
- ❖ Educate the participants about the safety and security measures to adopt while using the internet and various applications.
- ❖ The purpose of ethical hacking is to evaluate the security of and identify vulnerabilities in target systems, networks or system infrastructure.

The Speaker

Mr. SAMARTH BHASKAR BHA has done a Technical Director Reverse Engineering Infosec Bangalore. He has over six years of experience in information security, design and development of application software. HE has added more than 50 business web applications in the area of banking, finance, insurance and e commerce . He has also been appointed as president of Indian cyber army for Karnataka unit. He is a cybersecurity consultant to Indian Air Force at Nagpur and cyber consultant to Chattisgarh police department. He is an ethical hacker

Summary of the Webinar

Mr SAMARTH discussed:

- Safety & Security in:
 - CEV vulnerabilities
 - Current Online Frauds
 - Smartphones
 - How to check that our email is hacked or not using “have I been pwned”
 - how to check phone, facebook and laptop is hacked or not

The session named “Cyber security”, began with discussion about the latest cybercrimes being committed around the country. He suggested using 2-Factor authentication while using apps. In these times of Covid-19 and the subsequent lockdown, the speaker advocated doing information distancing and being a digital cough. The participants were able to get an insight into the digital area and what precautions are necessary. The webinar concluded with a questions and answer session. Mr SAMARTH BHASKAR BHA satisfactorily answered all questions related to cyber security.

It was an informative seminar, which was truly appreciated by participants. We look forward to organizing a workshop, conducted by Mr SAMARTH BHASKAR BHA in the near future.

About Webinar

We know the adage "Time changes and we with time!" and in the similar vein we would like to say that the COVID-19 Pandemic is driving an essential change in our education system and this is not just another change - it is a tectonic change! Our education system must embrace the change for sustainability through efficient utilization of technology and new methods of educating our millennials. As COVID-19 has challenged our existence, we are standing up to the challenge through new approaches and mindset changes. For instance, we see organizations, employees, parents, students etc., have changed the notion of not being productive or not being able to learn from home or work from home. This is a notion of the bygone era.

It is critical to learn from COVID-19 experiences and be up to bigger changes as COVID-19 or the current lockdown may not be the last one we see - there could be new viruses / strains and more lockdowns. Just the way we talk about AD and BC (CE) in chronology of date or timelines, the world will start talking about Pre-COVID-19 and Post-COVID-19 era very soon. We are talking about change and the change we are talking about seldom happens overnight. We must acknowledge the global impact of the COVID-19 and work towards it in a constructive manner. This is so much more applicable to our education domain as we shape the future of the World; we live in by imparting quality education with ever-changing approaches and trends. Value creation is playing a key role in our sustainability during COVID-19 pandemic. We have effectively utilized many digital tools and technologies such as Artificial Intelligence (AI) and mobile phones for tracing, primarily infected patients and their contacts. To better prepare for world's future challenges, we need to develop ground-breaking innovative solutions in the fields of Healthcare, Education, Supply Chain and Agriculture.

Objectives:

1. To discuss new Post - COVID-19 researches to be carried out by breaking away from traditional approaches.
2. To discuss how we can ensure our continued efforts can bring great results that are pandemic-proof in the area of Education and Technology.

About the Webinar

The COVID-19 Pandemic has significantly disrupted the Technical Education across the world. It has also posed serious challenges to the existing system of Technical Education in India. The pandemic has challenged our existence and we are standing up to the challenge through new approaches and mindset changes. For instance, we see organizations, employees, parents, students, etc., have changed the notion of not being productive or not being able to learn from home or "work from home". This is a notion of the bygone era.

The COVID-19 pandemic has no doubt reshaped the way many of us approach pedagogy. Online and blended learning approaches have been adopted by several education institutions in developed countries. The current situation should be seized as an opportunity to develop new techniques to impart an education that would be user-friendly and accessible to all.

Can these challenges be mitigated? Are reforms possible? Will reforms be effective? Are Education and Government Institutions willing to invest adequate resources? Can blended learning ever be a global solution? Will institutions revert to the models of Education that were implemented during pre-COVID era?

Objectives:

1. Paradigm shift in Teaching-Learning ahead.
2. How to discover the right blends between online and offline methods of Education.
3. Outcome-Based Education: the bigger need today.
4. Mitigating the psychological impact of COVID pandemic on Learners.
5. Education sector is undergoing a tectonic shift towards distance learning.

Patents to Boost Innovation

18th June 2020

Organized By

Department of Computer Science & Engineering,

&

ACTS – The Startup Cell,

Dr. Ambedkar Institute of Technology, Bengaluru.

Webinar Report

One day webinar on “**Patents to Boost Innovation**” was organized by the Department of Computer Science & Engineering and ACTS – The Startup Cell of Dr. Ambedkar Institute of Technology (Dr. AIT), Bengaluru on June 18th 2020 from 11:00 am to 12:30 pm.

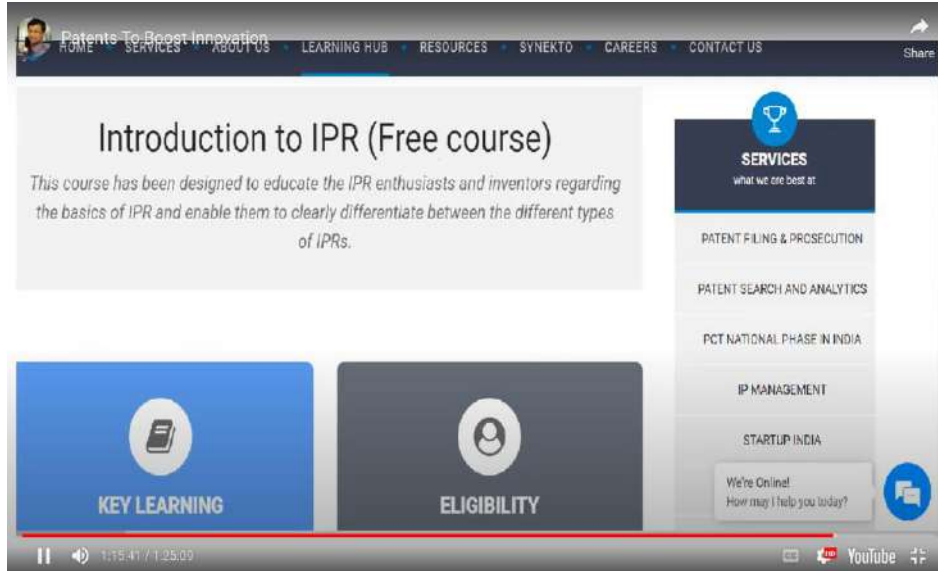

Chief Convener of this one day webinar was Dr.C.Nanjundaswamy, Principal, Dr. AIT. Chief Coordinator was Dr. Siddaraju, Dean (A), Professor and HEAD, Department of Computer Science and Engineering and Coordinators were Dr.S.Gowrishankar - Professor, Mr.Suresha D. – Associate Professor, Mr.Srinivasa A. H. - Associate Professor, Mr.Praveena M. V. – Assistant Professor, Ms. Lavanya Santhosh - Assistant Professor and Ms.Veena A. - Assistant Professor, all from the Department of Computer Science and Engineering.

To commence the webinar, Ms. Lavanaya Santhosh welcomed the participants. Dr.Siddaraju Sir welcomed all the participants and read the bio the speaker. Dr.C.Nanjundaswamy addressed the congregation and gave his insights about the webinar and its role in creating opportunities by having the knowledge about intellectual property rights. Ms. Bindu Sharma delivered the webinar on Patents to Boost Innovation and finally Ms.Veena concluded the webinar with vote of thanks.

Total 171 participants participated and these participants included faculties and students from our institution and other institutions as well.

The webinar begins with the History of Intellectual Property from beginning to evolving phase. Subsequently explaining the formation of World Intellectual Property Organization and its roles

and functions i.e., IPR agreement administration, IPR Practices harmonization. Further explaining the Indian scenario of Intellectual property system and the Office of the Controller General of Patents, Designs and Trademarks, Department of Industrial Policy and Promotion. Subsequently explaining the roles and functions of Intellectual property Office in India. Finally explaining the process of filing the Patent application, Copyright application, Trademark application, Design application and the Scheme for Facilitating Start-ups Intellectual Property Protection. The discussion session had more interactions from participants and this webinar kindled the younger minds of our institution.

Machine Learning – An Industry Practitioner’s Perspective

22nd June 2020

Organized By

Department of Computer Science & Engineering,

&

ACTS – The Startup Cell,

Dr.Ambedkar Institute of Technology, Bengaluru.

Webinar Report

One day webinar on “**Machine Learning – An Industry Practitioner’s Perspective**” was organized by the Department of Computer Science & Engineering and ACTS – The Startup Cell of Dr. Ambedkar Institute of Technology (Dr. AIT), Bengaluru on June 22nd 2020 from 11:00 am to 12:30 pm.

Chief Convener of this one day webinar was Dr.C.Nanjundaswamy, Principal, Dr. AIT. Chief Coordinator was Dr. Siddaraju, Dean (A), Professor and HEAD, Department of Computer Science and Engineering and Coordinators were Dr.S.Gowrishankar - Professor, Mr.Suresha D. – Associate Professor, Mr.Srinivasa A. H. - Associate Professor, Mr.Praveena M. V. – Assistant Professor, Ms. Lavanya Santhosh - Assistant Professor and Ms.Veena A. - Assistant Professor, all from the Department of Computer Science and Engineering.

To commence the webinar, Ms. Veena A welcomed the participants. Dr.Siddaraju Sir welcomed all the participants and read the bio the speaker. Dr.C.Nanjundaswamy addressed the congregation and gave his insights about the webinar and the role of Machine Learning from academic perspective. Mr. Chetan Nadiger delivered the webinar on Machine Learning – An Industry Practitioner’s Perspective and finally Ms.Veena A concluded the webinar with vote of thanks.

Total 164 participants participated and these participants included faculties and students from our institution and other institutions as well.

Main focus of the webinar was to give a overall view of the Machine Learning domain from Industry Perspective. The resource person dealt with different concepts like control theory, linguistics, Generative learning algorithms. Gaussian discriminant analysis, Naive Bayes, Support vector machines. Supervised learning setup. LMS, Logistic regression, Perceptron. Exponential family, Supervised Learning, Discriminative Algorithms. The resource person gave an overview of the applications of machine learning, such as robotic control, data mining, autonomous navigation, bioinformatics, speech recognition, and text and web data processing, Medical/health care application, general model of learning agent, working application of machine learning, machine learning in real world, artificial life, issues in machine learning. He also explained about Assessing and Comparing Classification Algorithms, decision tree, Neural networks, Combining classifiers, boosting, Margin and generalization, mixture models, Mixtures and the expectation maximization (EM) algorithm. Participants welcomed this initiative and many said that they are motivated to explore more dimension of machine learning domain.

Object Detection Using YOLO

06th July 2020

Organized By

**Department of Computer Science & Engineering,
Dr.Ambedkar Institute of Technology, Bengaluru.**

Webinar Report

One day webinar on “**Object Detection Using YOLO**” was organized by the Department of Computer Science of Dr. Ambedkar Institute of Technology (Dr. AIT), Bengaluru on July 06th 2020 from 11:00 am to 12:30 pm.

Chief Convener of this one day webinar was Dr.C.Nanjundaswamy, Principal, Dr. AIT. Chief Coordinator was Dr. Siddaraju, Dean (A), Professor and HEAD, Department of Computer Science and Engineering and Coordinators were Ms.Asha – Associate Professor, Dr.Leena Giri G – Associate Professor, Dr.Prabha R – Professor, Dr.S.Gowrishankar - Professor, Ms. Lavanya Santhosh - Assistant Professor and Ms.Veena A. - Assistant Professor, all from the Department of Computer Science and Engineering.

To commence the webinar, Ms. Lavanaya Santhosh welcomed the participants. Dr.Siddaraju Sir welcomed all the participants and read the bio of the speaker. Dr.C.Nanjundaswamy was acknowledged in this absence. Dr.Siddaraju gave his insights about the fascinating field of Object detection. Mr.Bharath Kumar Karanam, delivered the webinar on Object Detection Using YOLO and finally Ms.Lavanya Santhosh concluded the webinar with vote of thanks.

Total 134 participants participated and these participants included faculties and students from our institution and other institutions as well.

Basically, the webinar was divided into 2 segments: some theory and practice. In theory the resource person started with a brief historic review, then discussed the most recent DL models from the relevant research papers. The resource person went into Faster R-CNN in-depth, a model that has state of the art performance, by learning the architecture and going over an actual

TensorFlow implementation in YOLO, an open-source Python toolkit for Computer Vision. Practice: with all the knowledge acquired, the participants were able to learn how to train and evaluate DL models for detecting cars in images and videos, and for detecting & classifying cars, buses, bikes and pedestrians. Participants welcomed this initiative and many said that they are motivated to explore more dimension of object detection domain.

Technical Webinar on 'Indoor Air Quality'

Organized by
Department of Civil Engineering

Date: 15th September 2020

Time:

Session 1: 11:00 AM to 12:00 PM

Session 2: 03:00 PM to 04:00 PM

Chief Convener

Dr. C Nanjundaswamy
Principal, Dr. AIT

Convener

Dr. S Vijaya
Professor & Head
Dept. of Civil Engineering

RESOURCE PERSON

Aparna B Y
MarCom Specialist
AAF India Pvt. Ltd.

Co-ordinators

Dr. Chandrasekar
Assoc. Professor

Mr. Sharath B
Asst. Professor

Mr. Naveen Kumar M
Asst. Professor

Report of DAY 1

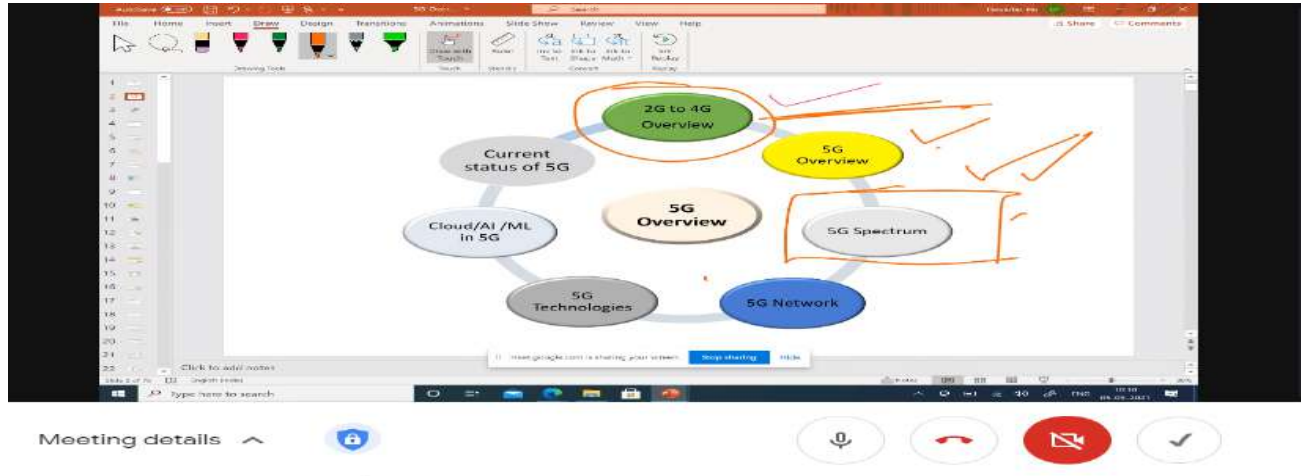

Session 1 (10. 00am to 11.15am):

Session 1 of the first day started at 10.00am on 05/03/2021 in ECE seminar hall and was presented by Devadas Pai, CEO Nanocell Networks, Bengaluru. The Session was started with a brief introduction of overview of 1G,2G,3G,4G. With this overview he went on explaining 5G technology. There were many topics covered during the session like the importance of 5G, 5G spectrum, objectives of 5G, requirements & KPI's, vision of 5G, services and requirements, uRLLC and mMTC requirements.

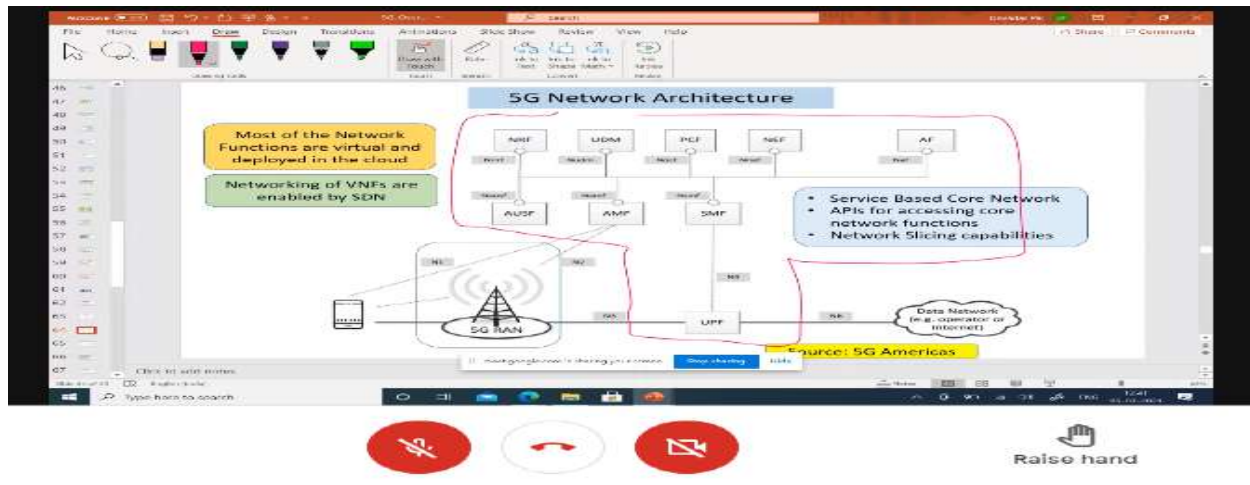

Dr. Ambedkar Institute of Technology

An Autonomous Institution, Aided by Govt. of Karnataka,
Affiliated to VTU, Belagavi

Session 2 (11. 45am to 1.15pm):

The Session was started with a brief introduction of Network architecture of 5G. In briefing about network architecture, it was covered that 5G is effectively a dynamic, coherent and flexible framework of multiple advanced technologies supporting a variety of applications. 5G utilizes a more intelligent architecture, with Radio Access Networks (RANs) no longer constrained by base station proximity or complex infrastructure. 5G leads the way towards disaggregated, flexible and virtual RAN with new interfaces creating additional data access points. The 3rd Generation Partnership Project (3GPP) covers telecommunication technologies including RAN, core transport networks and service capabilities. 3GPP has provided complete system specifications for 5G network architecture which is much more service oriented than previous generations. The various topics covered network slicing, 5G enablers and technologies.

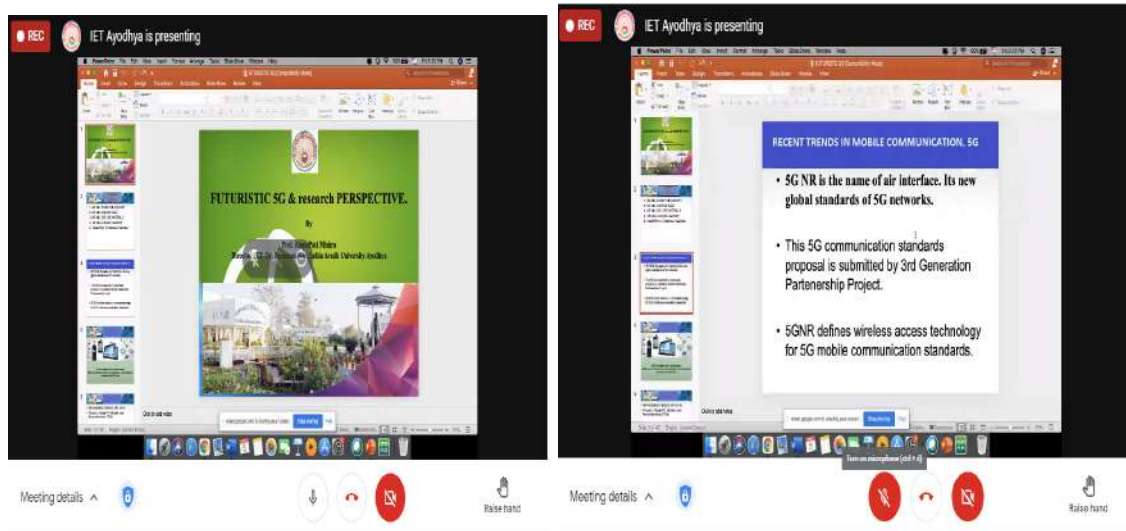

Session 3 (2. 00pm to 3.30pm):

The Session was started with a brief introduction of Futuristic 5G and research perspective. Various topics covered in this session were Recent trends in mobile communication, 5G, Research perspective. Wireless communication started from 1970s and it was continuously upgraded to 5G. That is in next four decades, a mobile wireless technology has evolved from 1G to 5G generations. Fifth generation wireless mobile communication systems offer very high bandwidth that user never experienced before and it gives new advanced features which makes it most powerful and in huge demand in the future. The current trends of different wireless and mobile communications technologies are present such as third generation mobile networks (UMTS-Universal Mobile Telecommunication system with CDMA2000), fourth generation mobile technology LTE (Long Time Evolution), WiMAX, as well as sensor and personal area networks (e.g. Bluetooth). Figure 1 shows the evolution of mobile communication systems with more services, data, use and benefits to the upcoming generation over 4G. 5G will be smarter technology with no limits and to interconnect the whole world without limits.

Dr. Ambedkar Institute of Technology

An Autonomous Institution, Aided by Govt. of Karnataka,
Affiliated to VTU, Belagavi

Report of DAY 2

Session 4 (10. 00am to 11.15am):

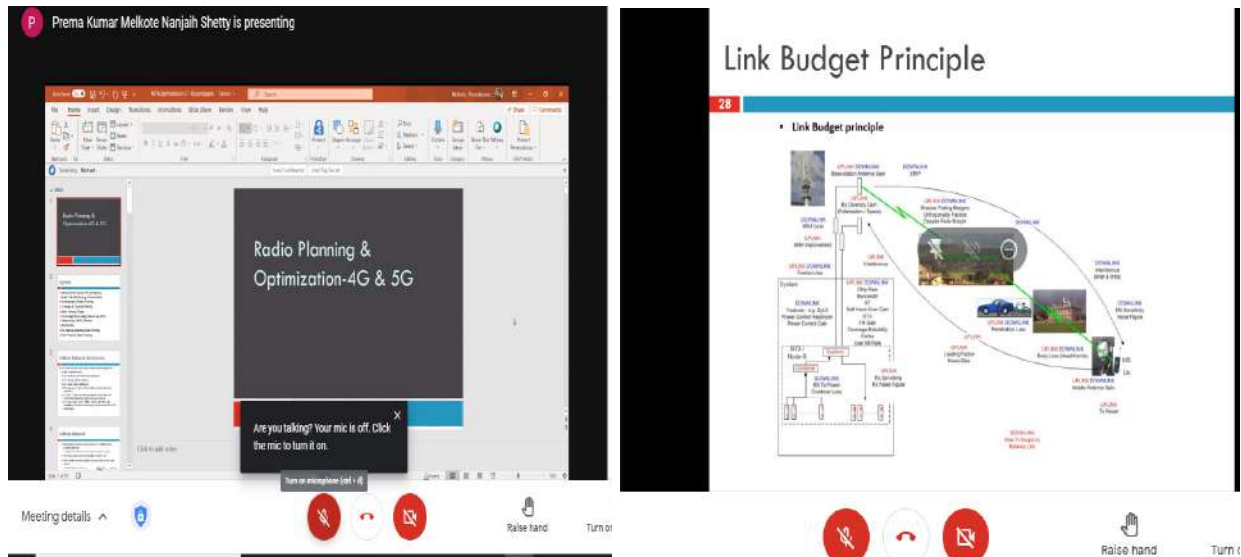

The Session was started with an Radio Planning and optimization-4G and 5G.

The speaker discussed about 5G network planning and optimization by giving an overview to the planning methods and processes applicable from the 4G era, and new considerations for 5G. He also discussed the key requirements for 5G planning, including flexibility and high reliability, need for multiple network and radio access technology layers, high mobility and connectivity between networks and devices, precise positioning, and high security. Aspects on 5G radio network planning, including coverage, capacity, and parameter planning, evolved radio link budget and its adjustment based on use cases.

Dr. Ambedkar Institute of Technology

An Autonomous Institution, Aided by Govt. of Karnataka,
Affiliated to VTU, Belagavi

Session 5 (11. 45am to 1.15pm):

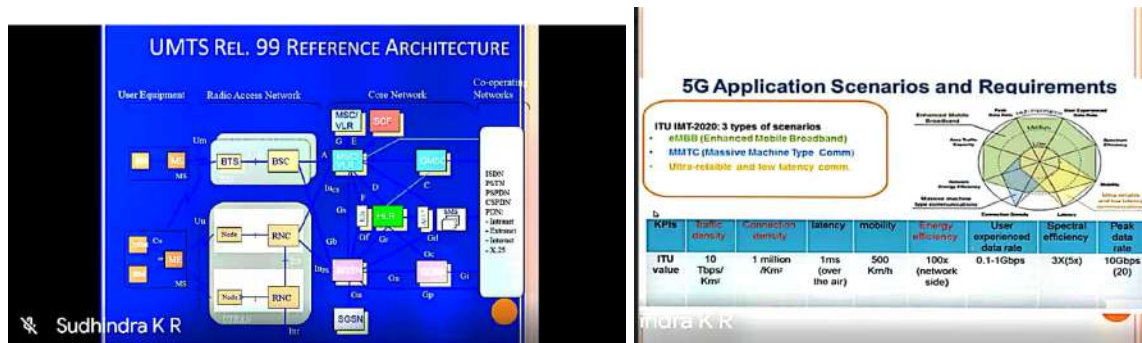

The Session was started with an introduction to Short ranged wireless devices.

Popular wireless technologies, low power wide area wireless LAN, cellular networks, SIGFOX/LORA module etc.. The speaker briefed about LTE/SAE system architecture evolution, E-UTRAN structure, comparison of LTE with 3G, LTE Features, LTE characteristics, 3G frequency band distribution, Spectrum challenges. This great rush to make everything wireless has produced a flood of different wireless technologies and protocols. Some were established primarily for one application, while others are more general and have many uses. Wireless has become a major feature for just about every new electronic product. The range of applications is staggering, from simple toys to consumer electronic products to industrial automation.

Session 6 (2. 45pm to 3.30pm):

The Session was started with an introduction of LTE subframe structure for TDD operation. OFDM time frequency structure, subcarrier types, OFDMA principle, Inter symbol interference. The speaker discussed about 5G evolution and Timeline, 5G application scenarios and requirements, 4G vs 5G RAN architecture, 3GPP 5G RATs.

Valedictory (3:30 PM to 4:00PM): After the last session valedictory was held from 3:30 PM to 4:00PM.

One Day Online Webinar on
“Multicarrier and MIMO in 4G and 5G”

on 03/02/2021

In Association with ISTE Student Chapter, Dr. AIT Organized by

Department of Electronics and Communication, Dr. AIT

A One Day Online Webinar on “**Multicarrier and MIMO in 4G and 5G**” was organized for Students (UG, PG) Faculty, Research Scholars and interested participants of any Department from all over India on 3rd Feb 2021, with Chief Coordination by **Dr. Ramesh S**, Prof. and Head, Dept. of ECE and coordinated by, **Dr Umadevi H**, Professor, Dept. of ECE, **Dr. Shilpa. K C**, Assistant Professor, Dept. of ECE, **Ms. Shwetha N**, Assistant Professor, Dept. of ECE and **Mrs. Sangeetha N**, Assistant Professor, Dept. of ECE.

Around 281 participants had registered including 115 female and 166 male participants from different states like Karnataka, Kerala, Chennai, Andhra Pradesh, Telangana, Uttar Pradesh etc. Resource person for this webinar was **Dr S Ravishankar, Professor, Dept. of Electronics and Communication Engineering, RV college of Engineering**, who has enormous academic experience and has shared knowledge through webinars and technical talks with faculty and students of various colleges.

Inaugural Session of the webinar started at 10.30 AM with Welcome address by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE, followed by HOD’s Address to participants, **Dr Umadevi H**, Coordinator, Professor Dept. of ECE introduced the Resource Person, **Dr S Ravishankar** and session was handed over to the speaker.

The Details of one day webinar is as follows:

Date and Time	Topics	Trainer
03/02/2021 10:30 am	Inauguration	
03/02/2021 10:40 am	<ul style="list-style-type: none"> ➤ Definition of 5G Technology ➤ Practical Applications of 5G Technology ➤ Challenges in 5G Technology ➤ Different Algorithms used in 5G Technology 	Dr S Ravishankar, Professor, Dept. of Electronics and Communication Engineering, RV college of Engineering

Session was followed by a Valedictory Function which was attended by coordinators and participants wherein Vote of Thanks was presented by Mrs. Sangeetha N, Coordinator, Asst. Professor Dept. of ECE and certificates were automatically mailed to participants on providing or filling the Feedback Form, thus one day webinar for Students was successfully completed.

About the Organization

Dr. Ambedkar Institute of Technology [Dr. AIT] was established in the year 1980 by Panchajanya Vidyapeetha Welfare Trust (PVPWT) Bengaluru. PVPWT is founded by Late Sri. M. H. Jayaprakash Narayan. The institution was started with three AICTE approved undergraduate [UG] programmes in Departments of Civil Engineering, Mechanical Engineering and Electrical and Electronics Engineering (EEE). Later UG programmes in Electronics and Communication Engineering, Industrial Engineering and Management, Instrumentation Technology, Computer Science and Engineering, Telecommunication Engineering, Information Science and Engineering and Medical Electronics, were also inducted. In addition, the institution currently also holds 14 research centres recognized by Virasawaraya Technological University (VTU), Belagavi. The college has grown manifold with a total student intake of 1285 pursuing courses in ten undergraduate, ten postgraduate programmes [PG] of engineering including MBA, MCA and MSc [Engg.] by research/Doctoral Programmes. The institution is aided by Government of Karnataka, approved by All India Council for Technical Education (AICTE), New Delhi and is affiliated to VTU, Belagavi. Most of the courses are accredited by National Board of Accreditation (NBA) and institution is accredited by National Assessment and Accreditation Council (NAAC) with 'A' Grade. The college was granted with Autonomous Status by UGC during 2007 and the college implemented the same during 2010-11 academic year.

About the Department

The Department of Electronics & Comm. Engineering came into grant-in-aid of Government of Karnataka in 1992. The UG course has been started in the year 1982 with an intake of 60 and presently UG Program intake is 180. The PG course M.Tech in VLSI Design and Embedded Systems was started in 2003-2004 with an intake of 18. Staffs are highly qualified and also the members of prestigious professional bodies like IEEE, ISTE, SSI and CSI. IEEE student chapter has been setup. Students have participated and won prizes in intercollegiate technical activities.

Session will be delivered by

Dr. S. Ravishankar,
 Professor, Dept. of ECE
 RV College of Engineering

Dr. AMBEDKAR INSTITUTE OF TECHNOLOGY

 Dr. RML Avasthi University, Ayodhya

Webinar on
"Multicarrier and MIMO in 4G and 5G"

In association with
 ISTE Student Chapter,
 Dr. AIT

On 03-02-2021, 10:30 am onwards

Organized by
 Department of Electronics and
 Communication Engineering

Vision Statement of ECE Program

"To excel in education and research in Electronics and Communication Engineering and its related areas through its integrated activities"

Mission Statement Of ECE Program

➤To provide students a strong foundation in Electronics and Communication Engineering

➤To provide high quality technical education in Electronics and Communication Engineering discipline and its related areas to meet the growing needs and challenges of industry and society.

➤To be a contributor to the technology through the process of skill development, value based education, research and innovation.

Coordinators:

Dr. Umadevi H.,
Professor, Dept. of ECE
umadevi.ec@drast.edu.in, Mob: 9680324895

Dr. Shilpa K. C.,
Asst. Professor, Dept. of ECE
shilpakc.ec@drast.edu.in, Mob:9591915533

Ms. Shwetha N.,
Asst. Professor, Dept. of ECE
shwetha.ec@drast.edu.in, Mob:9663207843

Mrs. Sangeetha N.,
Asst. Professor, Dept. of ECE
sangeethapremod.ec@drast.edu.in, Mob:9945444117

Objectives of the Course

- Understand short comings of single Carrier Transmission for Broadband applications in wireline and wireless
- Understand the basics of Multicarrier Modulation in overcoming the drawback of single Carrier for Broadband Transmission
- Identify Types and Features of Multicarrier Modulation employed in LTE 4G, 5G and in ADSL 2, VDSL 2
- Analyse LTE 4G network Architecture and radio interface protocols for call handling and mobility
- Understand the use of MIMO in LTE 4G, 5G and in DSL

Who can register:

Registration is free and is open to all Students, Faculty, Research Scholars and interested candidates of any stream

❖ Session will be handled through online Platform Google meet

❖ The session will be conducted for 2 hours on 03-02-2021, Wednesday, 10:30 AM onwards

❖ E-certificate will be provided after successful completion of course

❖ Register as soon as possible, as the number of participants is limited

Registration Details

1	SAHAS V G	ST	MALE
2	Dr. Girish H	GM	MALE
3	Prof.Bhosale Navnath Dattatray	SC	MALE
4	Bagal Kajal Satyawan	GM	FEMALE
5	SOHAN LAL GUPTA	GM	MALE
6	T M SRIDHARA	GM	MALE
7	SUREKHA NIGUDGI	GM	FEMALE
8	Y N S VAMSI MOHAN	GM	MALE
9	Abhay Pratap Singh	GM	MALE
10	Vijay Bhanudas Gujar	SC	MALE
11	Mansi Srivastava	GM	FEMALE
12	Abhijit Shankar Shinde	GM	MALE
13	Priyanka Karjal (Panji)	GM	FEMALE

14	Kashid Madhuri Mahavir	GM	FEMALE

PROFILE

Name: Dr. S. Ravishankar

Designation: Professor ECE Department

Organization: R V College of Engineering

Phone: 9845106136 (Mob) and 67178302 (Office)

Email: ravishankars@rvce.edu.in

Profile:

- Dr. Ravishankar completed his BE (Hons) from BITS Pilani, MTech from IIT Kharagpur and PhD from IIT Madras in Electrical - Communication Engineering in 1986.
- Since 1979 for a span of 32 years he was employed in development activities across three Industries.
 - For the first 20 years he was with the Satcom Lab, Transmission R&D of Indian Telephone Industries Bangalore where he was intensively involved in the complete development cycle from design, engineering, prototyping and Customer approval of VSAT Offset Reflector Antennas, FMSCPC-Modems and Intermediate Data Rate (IDR) Digital Modems with Digital voice Multiplexer – Demultiplexer for VSAT applications.
 - Thereafter for the next 12 years he worked in the wireline signal processing domain as a DSP Systems Engineer on Broadband DSL Modem Chipsets with two US based Companies viz; Texas Instruments and Centillum Inc.
- Dr. Ravishankar has been associated with ECE Department of R V College of Engineering since 2004 where he is now a full time Professor.
 - He has successfully guided Ten PhD's under the auspices of VTU, on specific aspects in the area of wireline signal processing, Electromagnetics and antenna array signal processing. Further, as a Principal Investigator in RVCE he has completed five well-funded projects totaling to 2.2 Crores from ISRO and DRDO. Three of the five funded projects involved development of Lens based array antennas with Adaptive Steering; and the two other projects with NPOL Cochin involved the development of algorithms and specialized proof of Concept Multicarrier Modems for broadband transmission of underwater sonar data and underwater Multicarrier acoustic modems.
 - Currently executing a funded project on Graded Index Lens – Array antenna for AICTE.
- Dr. Ravishankar has Five papers in IEEE Transactions (Antennas and Propagation, Selected Areas in Communication) and 20 papers in IEEE Society premier conferences (APS-URSI, RWW and IMS- MTT, ICC-Comsoc). The IEEE press book on Dielectric Antennas acknowledges his analytical method of Spherical lenses as the most accurate procedure thus far. Dr. Ravishankar is currently a Senior Member of IEEE.
- He has two US patents in wireline and array signal processing assigned to Texas Instruments, and three Indian patents one in Redundancy switchover units assigned to ITI Bengaluru, and the others on wireline loop topology estimation and Array signal Parameter Estimation assigned to RVCE.

One Day Online Webinar on
“Anomaly Detection for Real time Monitoring systems using
signal processing techniques”

on 26/05/2021

In Association with ISTE Student Chapter, Dr. AIT Organized by

Department of Electronics and Communication, Dr. AIT

A One Day Online Webinar on “Anamoly Detection for Real time Monitoring systems using signal processing techniques” was organized for Students (UG, PG) Faculty, Research Scholars and interested participants of any Department from all over India on 26th May 2021, with Chief Coordination by **Dr. Ramesh S**, Prof. and Head, Dept. of ECE and coordinated by, **Dr. Shilpa. K C**, Assistant Professor, Dept. of ECE, **Ms. Shwetha N**, Assistant Professor, Dept. of ECE and **Mrs. Sangeetha N**, Assistant Professor, Dept. of ECE.

Around 281 participants had registered including 115 female and 166 male participants from different states like Karnataka, Kerala, Chennai, Andra Pradesh, Telangana, Uttar Pradesh etc. Resource person for this webinar was **Dr Kushal Kumar Shah, Associate Professor, EECS, Dept. of Electrical Engineering and Computer Sciences, Indian Institute of Science, Research and Education, Bhopal.** who has enormous academic experience and has shared knowledge through webinars and technical talks with faculty and students of various colleges.

Inaugural Session of the webinar started at 10.30 AM with Welcome address by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE, followed by HOD's Address to participants, Ms. Shwetha N., Coordinator, Asst. Professor Dept. of ECE introduced the Resource Person, **Dr Kushal Kumar Shah** and session was handed over to the speaker.

The Details of one day webinar is as follows:

Date and Time	Topics	Trainer
26/05/2021 10:30 am	Inauguration	
26/05/2021 10:40 am	<ul style="list-style-type: none"> ➤ Definition of Anamoly Detection ➤ Practical Applications of Anamoly Detection ➤ Challenges in Anamoly Detection ➤ Different Algorithms used in Anamoly Detection 	Dr Kushal Kumar Shah Associate Professor,EECS Dept. of Electrical Engineering and Computer Sciences Indian Institute of Science Research and Education,Bhopal

Session was followed by a Valedictory Function which was attended by coordinators and participants wherein Vote of Thanks was presented by Mrs. Sangeetha N, Coordinator, Asst. Professor Dept. of ECE and certificates were automatically mailed to participants on providing or filling the Feedback Form, thus one day webinar for Students was successfully completed.

About the Organization

Dr. Ambedkar Institute of Technology (Dr. AIT) was established in the year 1980 by Panchajanya Vidyapeeth Welfare Trust (PVPWT) Bangalore. PVPWT is founded by Late Sri. M. H. Jayaprakash Narayan. The Institution was started with three AICTE approved undergraduate (UG) programmes in Departments of Civil Engineering, Mechanical Engineering and Electrical and Electronics Engineering (EEE). Later UG programmes in Electronics and Communication Engineering, Industrial Engineering and Management, Instrumentation Technology, Computer Science and Engineering, Telecommunication Engineering, Information Science and Engineering and Medical Electronics, were also inducted. In addition, the institution currently also holds 14 research centres recognized by Visvesvaraya Technological University (VTU), Bolagavi. The college has grown manifold with a total student intake of 1285 pursuing courses in ten undergraduate, ten postgraduate programmes (PG) of engineering including MBA, MCA and MSc (Engg.) by research/Doctoral Programmes. The institution is aided by Government of Karnataka, approved by All India Council for Technical Education (AICTE), New Delhi and is affiliated to VTU, Bolagavi. Most of the courses are accredited by National Board of Accreditation (NBA) and institution is accredited by National Assessment and Accreditation Council (NAAC) with 'A' Grade. The college was granted with Autonomous Status by UGC during 2007 and the college implemented the same during 2010-11 academic year.

About the Department

The Department of Electronics and Comm. Engineering came into grant-in-aid of Government of Karnataka in 1992. The UG courses has been started in the year 1982 with an intake of 60 and presently UG Program intake is 180. The PG course M.Tech in VLSI Design and Embedded Systems was started in 2003-2004 with an intake of 18. Staffs are highly qualified and also the members of prestigious professional bodies like IEEE, ISTE, SSI and CSI. IEEE student chapter has been setup. Students have participated and won prizes in intercollegiate technical activities.

Session will be delivered by

NPTEL course instructor for signals and systems

Dr. Kushal Kumar Shah
 Associate Professor,
 Dept., of Electrical Engineering and Computer Science (EECS)
 Indian Institute of Science Education and Research, Bhopal

Dr. AMBEDKAR INSTITUTE OF TECHNOLOGY
 An Autonomous Institution, Aided by Government of Karnataka, Accredited by NAAC and Affiliated to VTU, Bolagavi
 BDA Outer Ring Road, Mallathalli, Bengaluru 56

INSTITUTE OF ENGINEERING TECHNOLOGY
 Dr. RML Avadh University, Ayadya

Webinar on
“Anomaly Detection for Real-Time Monitoring Systems using signal processing technique”

In association with
 ISTE Student Chapter, Dr. AIT

on 26-05-2021, Wednesday, 11:00 AM

Organized by
 Department of Electronics and Communication Engineering

Vision Statement of ECE Program

"To excel in education and research in Electronics and Communication Engineering and its related areas through its integrated activities"

Mission Statement Of ECE Program

- >To provide students a strong foundation in Electronics and Communication Engineering
- >To provide high quality technical education in Electronics and Communication Engineering discipline and its related areas to meet the growing needs and challenges of industry and society.
- >To be a contributor to the technology through the process of skill development, value based education, research and innovation.

Chief Conveners:

Dr. G. Rajendra,
Principal, Dr A.I.T, Bengaluru.

Dr. Siddaraju
Dean (Academics) Dr A.I.T, Bengaluru.

Chief Coordinator:

Dr. Ramesh S.,
Professor & Head, Dept. of ECE,
Dr A.I.T, Bengaluru

Coordinators:

Mrs. Sangeetha N.,
Asst. Professor, Dept. of ECE
sangeetha.romof.ec@drait.edu.in, Mob:9945444117

Ms. Shwetha N.,
Asst. Professor, Dept. of ECE
shwetha.ec@drait.edu.in, Mob:9663207843

Dr. Shilpa K. C.,
Asst. Professor, Dept. of ECE
shilpako.ec@drait.edu.in, Mob:9591915533

Objective of webinar:

- ❖ Understand definition of Anomaly Detection?
- ❖ Understand the practical applications of Anomaly Detection?
- ❖ Understand the challenges in Anomaly Detection.
- ❖ Understand different algorithms used for Anomaly Detection.

Who can register:

Registration is free and is open to students, faculty, research scholar and interested candidates from any stream

Click below link.

Scan this QR code for registration

Register now

- ❖ Session will be handled through online Platform Google meet
- ❖ The session will be conducted for 2 hours on 26-05-2021, Wednesday, 11:00 AM onwards
- ❖ E-certificate will be provided after successful completion of course
- ❖ Register as soon as possible, as the number of participants is limited.

Resource Person Details

Kushal Kumar Shah

Associate Professor

electrical engineering and computer science

[Indian Institute of Science Education and Research, Bhopal](#)

India

Biography

2005: B.Tech. in Electrical Engineering, IIT Madras 2009: PhD in Electrical Engineering, IIT Madras Professional Experience 2017 :Associate Professor, IISER Bhopal 2012-17: Assistant Professor, IIT Delhi 2012-12: GN Ramachandran Fellow, Jawaharlal Nehru University, New Delhi 2010-11: Assistant Professor, Jawaharlal Nehru University, New Delhi 2009-10: Post-doctoral fellow, Weizmann Institute of Science, Israel

Research Interest

Electromagnetics Fields, Plasma Physics, Nonlinear Dynamics, Bioinformatics and other applications of Random Processes

Panchajanya Vidya Peetha Welfare Trust (R)
Dr. AMBEDKAR INSTITUTE OF TECHNOLOGY

(An Autonomous Institution affiliated to VTU, Belagavi)

BDA Outer Ring Road, Mallathalli, Bengaluru-56&

&

INSTITUTE OF ENGINEERING TECHNOLOGY

Dr. RML Avadh University, Ayodya

NPIU
National Project Implementation Unit

One Day Online Webinar on
**“Job Title Normalization using Bert Embedding and its
Impact over Job Recommendation”**

on 30/04/2021

In Association with ISTE Student Chapter, Dr. AIT Organized by

Department of Electronics and Communication, Dr. AIT

A One Day Online Webinar on “**Job Title Normalization using Bert Embedding and its Impact over Job Recommendation**” was organized for Students (UG, PG) Faculty, Research Scholars and interested participants of any Department from all over India on 30th April 2021, with Chief Coordination by **Dr. Ramesh S**, Prof. and Head, Dept. of ECE and coordinated by, **Dr. Shilpa. K C**, Assistant Professor, Dept. of ECE, **Mr. Anand H. D**, Assistant Professor, Dept. of ECE, **Ms. Shwetha N**, Assistant Professor, Dept. of ECE and **Mrs. Sangeetha N**, Assistant Professor, Dept. of ECE.

Around 163 participants had registered including 87 female and 76 male participants from different states like Karnataka, Kerala, Chennai, Andhra Pradesh, Telangana, Uttar Pradesh etc. Resource person **Dr Abhay Kumar Alok, Machine Learning Scientist, IIT Patna** for this webinar was who has enormous academic experience and has shared knowledge through webinars and technical talks with faculty and students of various colleges.

Inaugural Session of the webinar started at 10.30 AM with Welcome address by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE, followed by HOD’s Address to participants, Ms. Shwetha N., Coordinator, Asst. Professor Dept. of ECE introduced the Resource Person, **Dr Abhay Kumar Alok** and session was handed over to the speaker.

The Details of one day webinar is as follows:

Date and Time	Topics	Trainer
30/04/2021 10:30 am	Inauguration	
30/04/2021 10:40 am	<ul style="list-style-type: none"> ➤ Introduction to Natural Language Processing ➤ Highlights of Bert Embedding Systems ➤ Motivation for design ➤ Stock of the implementation Challenges and Progress achieved 	Dr Abhay Kumar Alok, Machine Learning Scientist, IIT Patna

Session was followed by a Valedictory Function which was attended by coordinators and participants wherein Vote of Thanks was presented by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE and certificates were automatically mailed to participants on providing or filling the Feedback Form, thus one day webinar for Students was successfully completed.

About the Organization

Dr. Ambedkar Institute of Technology (Dr AIT) was established in the year 1960 by Panchajanya Vidya-rashta Welfare Trust (PVPWT) Bangalore. PVPWT is founded by Late Sri. M. H. Jayaprakash Narayan. The institution was started with three AICTE approved undergraduate (UG) programmes in Departments of Civil Engineering, Mechanical Engineering and Electrical and Electronics Engineering (EEE). Later UG programmes in Electronics and Communication Engineering, Industrial Engineering and Management, Instrumentation Technology, Computer Science and Engineering, Telecommunication Engineering, Information Science and Engineering and Medical Electronics, were also inducted. In addition, the institution currently also holds 14 research centres recognized by Visvesvaraya Technological University (VTU), Belagavi. The college has grown manifold with a total student intake of 1285 pursuing courses in ten undergraduate, ten postgraduate programmes (PG) of engineering including MBA, MCA and MSc (Engg.) by research/Doctoral Programmes. The institution is aided by Government of Karnataka, approved by All India Council for Technical Education (AICTE), New Delhi and is affiliated to VTU, Belagavi. Most of the courses are accredited by National Board of Accreditation (NBA) and institution is accredited by National Assessment and Accreditation Council (NAAC) with 'A' Grade. The college was granted with Autonomous Status by UGC during 2007 and the college implemented the same during 2010-11 academic year.

About the Department

The Department of Electronics and Comm. Engineering came into grant-in-aid of Government of Karnataka in 1992. The UG course has been started in the year 1982 with an intake of 60 and presently UG Program intake is 180. The PG course M.Tech in VLSI Design and Embedded Systems was started in 2005-2004 with an intake of 18. Staffs are highly qualified and also the members of prestigious professional bodies like IEEE, ISTE, SSI and CSI. IEEE student chapter has been setup. Students have participated and won prizes in intercollegiate technical activities.

Session will be delivered by

Dr. Abhay Kumar Alok
Machine Learning Scientist
IIT Patna

Dr. AMBEDKAR INSTITUTE OF TECHNOLOGY
An Autonomous Institution, Aided by Government of Karnataka, Accredited by NAAC and Affiliated to VTU, Belagavi
BDA Outer Ring Road, Mallahalli, Bengaluru 56

INSTITUTE OF ENGINEERING TECHNOLOGY
Dr. RML Avadh University, Ayodhya

NPIU
National Project Implementation Unit

Webinar on
“Job Title Normalization using Bert Embedding and its impact over job Recommendation”

In association with
ISTE Student Chapter, Dr. AIT

on 30-04-2021, Friday, 11:00 AM

Organized by
Department of Electronics and Communication Engineering

Vision Statement of ECE Program

"To excel in education and research in Electronics and Communication Engineering and its related areas through its integrated activities"

Mission Statement Of ECE Program

- To provide students a strong foundation in Electronics and Communication Engineering
- To provide high quality technical education in Electronics and Communication Engineering discipline and its related areas to meet the growing needs and challenges of industry and society.
- To be a contributor to the technology through the process of skill development, value based education, research and innovation.

Chief Conveners:

Dr. G. Rajendra,
Principal, Dr A.I.T, Bengaluru.

Dr. Siddaraju
Dean (Academics) Dr A.I.T, Bengaluru.

Chief Coordinator:

Dr. Ramesh S.
Professor & Head, Dept. of ECE,
Dr A.I.T, Bengaluru

Coordinators:

Mrs. Sangeetha N.
Asst. Professor, Dept. of ECE
sangeetha.n.mof.ec@drait.edu.in, Mob: 9945444117

Mr. Anand H. D.
Asst. Professor, Dept. of ECE
ansndhd.ec@drait.edu.in, Mob: 9844518632

Ms. Shwetha N.
Asst. Professor, Dept. of ECE
shwetha.ec@drait.edu.in, Mob: 9663207643

Dr. Shilpa K. C.,
Asst. Professor, Dept. of ECE
shilpaka.ec@drait.edu.in, Mob: 9591915533

Who can register:

Registration is free and is open to students, faculty, research scholar and interested candidates from any stream

Resource Person Details

Dr. Abhay Alok

Principal Data Science Manager at Phenom People Hyderabad, Telangana, India

Working on core critical problems as Enhance user adoption metrics, Customer life time value, Engagement score and optimization by using different dimension of AI/ML, Deep learning and NLP and NLG techniques.

Experience

- **Principal Data Science manager**
Feb 2022 - Present 4 months
Hyderabad, Telangana, India
Using data and AI to truly understand the customer behaviour and enhancing the candidate experience across all the platform. Moving progressively in a direction to serve billions of people to get a right job.
- **Data Science Manager**
May 2021 - Mar 2022 11 months
Hyderabad, Telangana, India
Identify customer behaviour pattern, their life time value, engagement score, forecasting different pattern traits using statistical and machine learning models.
- **Machine Learning Scientist**
Sep 2018 - Apr 2021 2 years 8 months
Hyderabad Area, India
Machine Learning, knowledge graph, prediction modelling, deep learning, data science, NLP
- Research Scholar**
Jul 2011 - Jul 2016 5 years 1 month
IIT Patna Bihar
To pursue technological innovations in multiobjective optimization, machine learning ,evolutionary algorithm and pattern recognition with particular focus on issues like supervised classification, unsupervised clustering, cluster validity index and semi-supervised clustering and classification , Feature selection
- Ph.D Scholar**
Jul 2010 - Jul 2016 6 years 1 month
Patna Area, India
Evolutionary Algorithm, Multi-objective optimization Techniques, Gene Expression Data, Remote Sensing Satellite Image Segmentation, MR Brain Image Segmentation, Semi-Supervised Clustering, Feature Selection, Higher Dimension Reduction Technique.

One Day Online Webinar on
“Biped Robot and its control”

on 03/05/2021

In Association with ISTE Student Chapter, Dr. AIT Organized by

Department of Electronics and Communication, Dr. AIT

A One Day Online Webinar on “**Biped robot and its control**” was organized for Students (UG, PG) Faculty, Research Scholars and interested participants of any Department from all over India on 3rd May 2021, with Chief Coordination by **Dr. Ramesh S**, Prof. and Head, Dept. of ECE and coordinated by, **Dr. Shilpa. K C**, Assistant Professor, Dept. of ECE, **Mr. Anand H. D**, Assistant Professor, Dept. of ECE, **Ms. Shwetha N**, Assistant Professor, Dept. of ECE and **Mrs. Sangeetha N**, Assistant Professor, Dept. of ECE.

Around 665 participants had registered including 278 female and 387 male participants from different states like Karnataka, Kerala, Chennai, Andhra Pradesh, Telangana, Uttar Pradesh etc. Resource person for this webinar was **Dr Ravi kumar Mandava, Assitant Professor, Dept. of Mechanical Engineering, NIT, Bhopal** who has enormous academic experience and has shared knowledge through webinars and technical talks with faculty and students of various colleges.

Inaugural Session of the webinar started at 10.30 AM with Welcome address by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE, followed by HOD’s Address to participants, Ms. Shwetha N., Coordinator, Asst. Professor Dept. of ECE introduced the Resource Person **Dr Ravi kumar Mandava** and session was handed over to the speaker.

The Details of one day webinar is as follows:

Date and Time	Topics	Trainer
03/05/2021 10:30 am	Inauguration	
03/05/2021 10:40 am	<ul style="list-style-type: none"> ➤ Introduction to Robotics ➤ Highlights of Biped robots ➤ Motivation for design ➤ Stock of the implementation Challenges and Progress achieved 	Dr Ravi kumar Mandava, Assitant Professor, Dept. of Mechanical Engineering, NIT, Bhopal

Session was followed by a Valedictory Function which was attended by coordinators and participants wherein Vote of Thanks was presented by **Mr. Anand H. D**, Coordinator, Asst. Professor Dept. of ECE and certificates were automatically mailed to participants on providing or filling the Feedback Form, thus one day webinar for Students was successfully completed.

About the Organization

Dr. Ambedkar Institute of Technology (Dr. AIT) was established in the year 1980 by Panchajanya Vidyapeeta Welfare Trust (PVPWT) Bangalore. PVPWT is founded by Late Sri. M. H. Jayaprakash Narayan. The Institution was started with three AICTE approved undergraduates (UG) programmes in Departments of Civil Engineering, Mechanical Engineering and Electrical and Electronics Engineering (EEE). Later UG programmes in Electronics and Communication Engineering, Industrial Engineering and Management, Instrumentation Technology, Computer Science and Engineering, Telecommunication Engineering, Information Science and Engineering and Medical Electronics, were also inducted. In addition, the institution currently also holds 14 research centres recognized by Visvesvaraya Technological University (VTU), Belagavi. The college has grown manifold with a total student intake of 1285 pursuing courses in ten undergraduates, ten postgraduate programmes (PG) of engineering including MBA, MCA and MSc (Engg.) by research/Doctoral Programmes. The Institution is aided by Government of Karnataka, approved by All India Council for Technical Education (AICTE), New Delhi and is affiliated to VTU, Belagavi. Most of the courses are accredited by National Board of Accreditation (NBA) and institution is accredited by National Assessment and Accreditation Council (NAAC) with 'A' Grade. The college was granted with Autonomous Status by UGC during 2010-11 academic year.

About the Department

The Department of Electronics and Comm. Engineering came into grant-in-aid of Government of Karnataka in 1999. The UG course has been started in the year 1982 with an intake of 60 and presently UG Program intake is 180. The PG course M.Tech in VLSI Design and Embedded Systems was started in 2003-2004 with an intake of 18. Staffs are highly qualified and also the members of prestigious professional bodies like IEEE, ISTE, SSI and CSI. IEEE student chapter has been setup. Students have participated and won prizes in intercollegiate technical activities.

Session will be delivered by
Dr. Ravi Kumar Mandava
 Assistant Professor,
 Department of Mechanical Engineering,
 NIT, Bhopal

Webinar on
"Biped Robot and its control"

In association with
 ISTE Student Chapter, Dr. AIT

On 03-05-2021, Monday, 11:00 AM

Organized by
 Department of Electronics and Communication Engineering

Vision Statement of ECE Program

"To excel in education and research in Electronics and Communication Engineering and its related areas through its integrated activities"

Mission Statement Of ECE Program

- To provide students a strong foundation in Electronics and Communication Engineering
- To provide high quality technical education in Electronics and Communication Engineering discipline and its related areas to meet the growing needs and challenges of industry and society.
- To be a contributor to the technology through the process of skill development, value based education, research and innovation.

Chief Conveners:

Dr. G. Rajendra,
Principal, Dr A.I.T, Bengaluru.

Dr. Siddaraju
Dean (Academics) Dr A.I.T, Bengaluru.

Chief Coordinator:

Dr. Ramesh S.
Professor & Head, Dept. of ECE,
Dr A.I.T, Bengaluru

Coordinators:

Dr. Shilpa K. C.,
Asst. Professor, Dept. of ECB
shilpskc.ec@drait.edu.in, Mob:9591915533

Mrs. Sangeetha N,
Asst. Professor, Dept. of ECB
sangeethapramod.ec@drait.edu.in, Mob:9945444117

Mr. Anand H. D,
Asst. Professor, Dept. of ECB
anandhd.ec@drait.edu.in, Mob: 9844518832

Ms. Shwetha N.,
Asst. Professor, Dept. of ECB
shwetha.ec@drait.edu.in, Mob:9663207843

Who can register:

Registration is free and is open to students, faculty, research scholar and interested candidates from any stream

One Day Online Webinar on
“Microelectronics Technologies for sensors and Systems”

on 24/04/2021

In Association with ISTE Student Chapter, Dr. AIT Organized by

Department of Electronics and Communication, Dr. AIT

A One Day Online Webinar on “Microelectronics Technologies for sensors and Systems” was organized for Students (UG, PG) Faculty, Research Scholars and interested participants of any Department from all over India on 24th April 2021, with Chief Coordination by **Dr. Ramesh S**, Prof. and Head, Dept. of ECE and coordinated by, **Dr. Shilpa. K C**, Assistant Professor, Dept. of ECE, **Mr. Anand H. D**, Assistant Professor, Dept. of ECE, Ms. **Shwetha N**, Assistant Professor, Dept. of ECE and **Mrs. Sangeetha N**, Assistant Professor, Dept. of ECE.

Around 240 participants had registered including 102 female and 138 male participants from different states like Karnataka, Kerala, Chennai, Andhra Pradesh, Telangana, Uttar Pradesh etc. Resource person for this webinar was **Dr Hardik Jeetendra Pandya, Professor, Dept. of Electronics Systems Engineering, Division of EECS, IISC Bengaluru, Renowned NPTEL instructor** who has enormous academic experience and has shared knowledge through webinars and technical talks with faculty and students of various colleges.

Inaugural Session of the webinar started at 10.30 AM with Welcome address by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE, followed by HOD’s Address to participants, Ms. Shwetha N., Coordinator, Asst. Professor Dept. of ECE introduced the Resource Person, Dr **Hardik Jeetendra Pandya** and session was handed over to the speaker.

The Details of one day webinar is as follows:

Date and Time	Topics	Trainer
24/04/2021 10:30 am	Inauguration	
24/04/2021 10:40 am	<ul style="list-style-type: none"> ➤ Introduction to Microelectronics systems ➤ Highlights of Microelectronics sensors ➤ Motivation for design ➤ Stock of the implementation Challenges and Progress achieved 	Dr Hardik Jeetendra Pandya, Professor, Dept. of Electronics Systems Engineering, Division of EECS, IISC Bengaluru, Renowned NPTEL instructor

Session was followed by a Valedictory Function which was attended by coordinators and participants wherein Vote of Thanks was presented by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE and certificates were automatically mailed to participants on providing or filling the Feedback Form, thus one day webinar for Students was successfully completed.

About the Organization

Dr. Ambedkar Institute of Technology [Dr. AIT] was established in the year 1980 by Panchajanya Vidyapeeta Welfare Trust [PVPWT] Bangalore. PVPWT is founded by Late Sri. M. H. Jayaprakash Narayan. The Institution was started with three AICTE approved undergraduate [UG] programmes in Departments of Civil Engineering, Mechanical Engineering and Electrical and Electronics Engineering [EEE]. Later UG programmes in Electronics and Communication Engineering, Industrial Engineering and Management, Instrumentation Technology, Computer Science and Engineering, Telecommunication Engineering, Information Science and Engineering and Medical Electronics, were also inducted. In addition, the institution currently also holds 14 research centres recognized by Vivekananda Technological University [VTU], Belagavi. The college has grown manifold with a total student intake of 1285 pursuing courses in ten undergraduate, ten postgraduate programmes [PG] of engineering including MBA, MCA and MSc [Engg.] by research/Doctoral Programmes. The institution is aided by Government of Karnataka, approved by All India Council for Technical Education (AICTE), New Delhi and is affiliated to VTU, Belagavi. Most of the courses are accredited by National Board of Accreditation [NEA] and institution is accredited by National Assessment and Accreditation Council [NAAC] with 'A' Grade. The college was granted with Autonomous Status by UGC during 2007 and the college implemented the same during 2010-11 academic year.

About the Department

The Department of Electronics and Comm. Engineering came into exist-in-aid of Government of Karnataka in 1992. The UG course has been started in the year 1982 with an intake of 60 and presently UG Program intake is 180. The PG course M.Tech in VLSI Design and Embedded Systems was started in 2005-2004 with an intake of 18. Staffs are highly qualified and also the members of prestigious professional bodies like IEEE, ISTE, SSI and CSI. IEEE student chapter has been setup. Students have participated and won prizes in intercollegiate technical activities.

Session will be delivered by
Dr. Hardik Jeetendra Pandya
 Professor, Department of Electronic Systems Engineering, Division of EECS, IISc, Bengaluru
 Renowned NPTEL Course Instructor

Dr. AMBEDKAR INSTITUTE OF TECHNOLOGY

"Microelectronic Technologies for Sensors and Systems"

In association with
 ISTE Student Chapter, Dr. AIT
on 24-04-2021, Saturday, 11:00 AM

Organized by
 Department of Electronics and Communication Engineering

Vision Statement of ECE Program

"To excel in education and research in Electronics and Communication Engineering and its related areas through its integrated activities"

Mission Statement Of ECE Program

- To provide students a strong foundation in Electronics and Communication Engineering
- To provide high quality technical education in Electronics and Communication Engineering discipline and its related areas to meet the growing needs and challenges of industry and society.
- To be a contributor to the technology through the process of skill development, value based education, research and innovation.

Chief Conveners:

Dr. G. Rajendra,
Principal, Dr A.I.T, Bengaluru.

Dr. Siddaraju
Dean (Academics) Dr A.I.T, Bengaluru.

Chief Coordinator:

Dr. Ramesh S,
Professor & Head, Dept. of ECE,
Dr A.I.T, Bengaluru

Coordinators:

Mr. Anand H. D.,
Asst. Professor, Dept. of ECE
ansandhol.ec@drait.edu.in, Mob: 9844518832

Ms. Shwetha N.,
Asst. Professor, Dept. of ECE

Hardik J Pandya

Assistant Professor

Bio

Dr. Hardik J. Pandya is an Assistant Professor in the Department of Electronic Systems Engineering, Division of EECS, IISc Bangalore where he has developed the Advanced Microsystems and Biomedical Devices Facility for Clinical Research and Biomedical and Electronic (10-6-10-9) Engineering Systems Laboratory (BEES Lab) as well as BEES computational laboratory. The

Panchajanya Vidya Peetha Welfare Trust (R)

One Day Online Webinar on
“Insights of National Education Policy-(NEP)”

on 21/05/2021

In Association with ISTE Student Chapter, Dr. AIT Organized by

Department of Electronics and Communication, Dr. AIT

A One Day Online Webinar on “**Insights of National Education Policy-(NEP)**” was organized for Students (UG, PG) Faculty, Research Scholars and interested participants of any Department from all over India on 21st May 2021, with Chief Coordination by **Dr. Ramesh S**, Prof. and Head, Dept. of ECE and coordinated by, **Dr. Shilpa. K C**, Assistant Professor, Dept. of ECE, Dept. of ECE, **Ms. Shwetha N**, Assistant Professor, Dept. of ECE and **Mrs. Sangeetha N**, Assistant Professor, Dept. of ECE.

Around 268 participants had registered including 129 female and 140 male participants from different states like Karnataka, Kerala, Chennai, Andhra Pradesh, Telangana, Uttar Pradesh etc. Resource person for this webinar was **Prof. Ramamurthy Natarajan, Former Chairman AICTE, Former Director IIT Madras**, who has enormous academic experience and has shared knowledge through webinars and technical talks with faculty and students of various colleges.

Inaugural Session of the webinar started at 10.30 AM with Welcome address by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE, followed by HOD’s Address to participants, Ms. Shwetha N., Coordinator, Asst. Professor Dept. of ECE introduced the Resource Person, **Prof. Ramamurthy Natarajan** and session was handed over to the speaker.

The Details of one day webinar is as follows:

Date and Time	Topics	Trainer
21/05/2021 10:30 am	Inauguration	
21/05/2021 10:40 am	<ul style="list-style-type: none"> ➤ Introduction to National education policy ➤ Highlights of NEP ➤ Motivation for policy initiatives ➤ Stock of the implementation Challenges and Progress achieved 	Prof. Ramamurthy Natarajan, Former Chairman AICTE, Former Director IIT Madras,

Session was followed by a Valedictory Function which was attended by coordinators and participants wherein Vote of Thanks was presented by Mrs. Sangeetha N, Coordinator, Asst. Professor Dept. of ECE and certificates were automatically mailed to participants on providing or filling the Feedback Form, thus one day webinar for Students was successfully completed.

About the Organization

Dr. Ambedkar Institute of Technology (Dr. AIT) was established in the year 1980 by Panchajanya Vidyaapeeth Welfare Trust (PVPWT) Bangalore. PVPWT is founded by Late Sri. M. H. Jayaprakash Narayan. The Institution was started with three AICTE approved undergraduate (UG) programmes in Departments of Civil Engineering, Mechanical Engineering and Electrical and Electronics Engineering (EEE). Later UG programmes in Electronics and Communication Engineering, Industrial Engineering and Management, Instrumentation Technology, Computer Science and Engineering, Telecommunication Engineering, Information Science and Engineering and Medical Electronics, were also inducted. In addition, the institution currently also holds 14 research centres recognized by Visvesvaraya Technological University (VTU), Belagavi. The college has grown manifold with a total student intake of 1285 pursuing courses in ten undergraduate, ten postgraduate programmes (PG) of engineering including MBA, MCA and MSc (Engg.) by research/Doctoral Programmes. The Institution is aided by Government of Karnataka, approved by All India Council for Technical Education (AICTE), New Delhi and is affiliated to VTU, Belagavi. Most of the courses are accredited by National Board of Accreditation (NBA) and institution is accredited by National Assessment and Accreditation Council (NAAC) with 'A' Grade. The college was granted with Autonomous Status by UGC during 2007 and the college implemented the same during 2010-11 academic year.

About the Department

The Department of Electronics & Comm. Engineering came into grant-in-aid of Government of Karnataka in 1992. The UG course has been started in the year 1982 with an intake of 60 and presently UG Program intake is 180. The PG course M.Tech in VLSI Design and Embedded Systems was started in 2003-2004 with an intake of 18. Staffs are highly qualified and also the members of prestigious professional bodies like IEEE, ISTE, SSI and CSI. IEEE student chapter has been setup. Students have participated and won prizes in intercollegiate technical activities.

Session will be delivered by

Prof. Ramamurthy Natarajan,
Former Chairman AICTE
Former Director IIT Madras

Dr. AMBEDKAR INSTITUTE OF TECHNOLOGY
An Autonomous Institution, Aided by Government of Karnataka, Accredited by NAAC and Affiliated to VTU, Belagavi

Webinar on
"Insights of National Educational Policy (NEP)"

In association with
ISTE Student Chapter,
Dr. AIT

On 21-05-2021, 11:00 am onwards

Organized by
Department of Electronics and
Communication Engineering

Vision Statement of ECE Program

"To excel in education and research in Electronics and Communication Engineering and its related areas through its integrated activities"

Mission Statement Of ECE Program

- To provide students a strong foundation in Electronics and Communication Engineering
- To provide high quality technical education in Electronics and Communication Engineering discipline and its related areas to meet the growing needs and challenges of industry and society.
- To be a contributor to the technology through the process of skill development, value based education, research and innovation.

Chief Conveners

Dr. G. Rajendra,
Principal, Dr A.I.T, Bengaluru.

Dr. Siddaraju
Dean (Academics) Dr A.I.T, Bengaluru.

Chief Coordinator

Dr. Ramesh S,
Professor & Head, Dept. of ECE,
Dr A.I.T, Bengaluru

Coordinators:

Ms. Shwetha N.,
Asst. Professor, Dept. of ECE
shwetha.ec@drmit.edu.in, Mob:9663207843

Dr. Shilpa K. C.,
Asst. Professor, Dept. of ECE
shilpakc.ec@drmit.edu.in, Mob:9591913533

Mrs. Sangeetha N.
Asst. Professor, Dept. of ECE
sangeethapramod.ec@drmit.edu.in, Mob:9945444117

Who can register:

Registration is free and is open to all Students, Faculty, Research Scholars and interested candidates of any stream

Scan this QR code for registration

❖ Session will be handled through online Platform Google meet

❖ The session will be conducted for 2 hours on 21-05-2021, Friday, 11:00 AM onwards

❖ E-certificate will be provided after successful completion of course

❖ Register as soon as possible, as the number of participants is limited

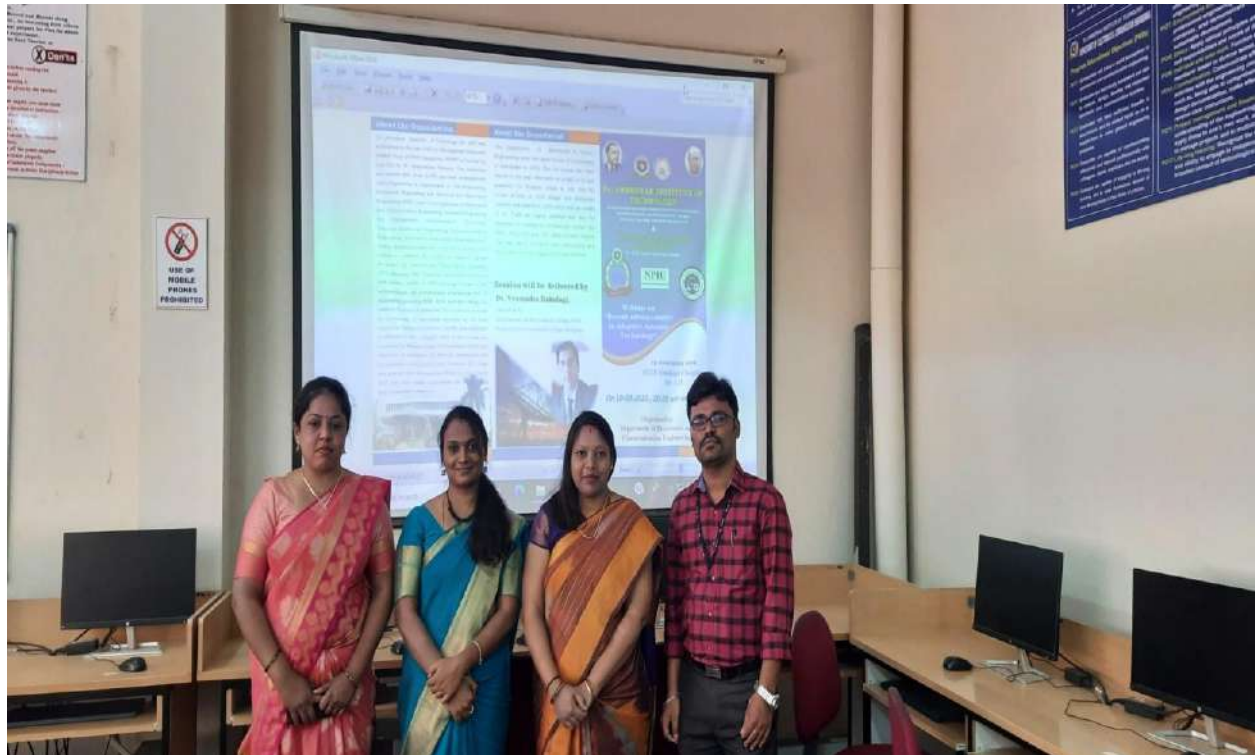

Objectives of Webinar

- ❖ To understand the highlights of NEP 2020
- ❖ To appreciate the motivation for the Policy Initiatives
- ❖ To take stock of the Implementation challenges and the progress achieved

Outcomes of Webinar

- ❖ Shift from Rote Learning to Practical Learning
- ❖ Organized Learning in School
- ❖ Organized Pre-School Education
- ❖ Flexibility in Selection of Subjects
- ❖ More Focus on Tech-Based Learning
- ❖ Focus on Teacher's Training
- ❖ Internships and Work Experience

National Education Policy

One Day Online Webinar on
“Recent Advancements in Adaptive Antenna Technology”

on 10/02/2021

In Association with ISTE Student Chapter, Dr. AIT

Organized by Department of Electronics and Communication, Dr. AIT

A One Day Online Webinar on “Recent Advancements in Adaptive Antenna Technology” was organized for Students (UG, PG) Faculty, Research Scholars and interested participants of any Department from all over India on 10th February 2021, with Chief Coordination by **Dr. Ramesh S**, Prof. and Head, Dept. of ECE and coordinated by, **Dr. Shilpa. K C**, Assistant Professor, Dept. of ECE, **Mr. Anand H. D**, Assistant Professor, Dept. of ECE, **Ms. Shwetha N**, Assistant Professor, Dept. of ECE and **Mrs. Sangeetha N**, Assistant Professor, Dept. of ECE.

Around 135 participants had registered including 62 female and 71 male participants from different states like Karnataka, Kerala, Chennai, Andra Pradesh, Telangana, Uttar Pradesh etc. Resource person for this webinar was **Dr. Veerendra Dakulagi, Dean(R & D), Associate Professor, Dept. of ECE, Gurunanak Dev Engineer College, Bidar and Postdoc from Lincoln University Malaysia** who has enormous academic experience and has shared knowledge through webinars and technical talks with faculty and students of various colleges.

Inaugural Session of the webinar started at 10.30 AM with Welcome address by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE, followed by HOD’s Address to participants, Ms. Shwetha N., Coordinator, Asst. Professor Dept. of ECE introduced the Resource Person, Dr. Veerendra Dakulagi and session was handed over to the speaker.

The Details of one day webinar is as follows:

DATE AND TIME	Topics	Trainer
10/02/2021 10:30 am	INAGURATION	
10/02/2021 10:40 am	<ul style="list-style-type: none"> • Introduction to Smart Antenna System • Signal Models of Smart Antenna System • Adaptive Beam formers • Robust Adaptive Blind Beam formers • Advances in DOA estimation methods • Practical Realization using DSP 	Dr. Veerendra Dakulagi, Dean(R & D), Associate Professor, Dept. of ECE, Gurunanak Dev Engineer College, Bidar

Session was followed by a Valedictory Function which was attended by coordinators and participants wherein Vote of Thanks was presented by Mrs. Sangeetha N, Coordinator, Asst. Professor Dept. of ECE and certificates were automatically mailed to participants on providing or filling the Feedback Form, thus one day webinar for Students was successfully completed.

About the Organization	About the Department	   <p>Dr. AMBEDKAR INSTITUTE OF TECHNOLOGY An Autonomous Institution, Aided by Government of Karnataka, Accredited by NAAC and Affiliated to VTU, Belagavi, BDA Outer Ring Road, Mallathalli, Bengaluru-56</p> <p>INSTITUTE OF ENGINEERING TECHNOLOGY Dr. RML Avadh University, Ayodhya</p> <p>NPIU National Project Implementation Unit</p> <p>40 Years</p> <p>Webinar on "Recent Advancements in Adaptive Antenna Technology"</p> <p>In association with ISTE Student Chapter, Dr. AIT -</p> <p>On 10-02-2021, 10:30 am onwards</p> <p>Organized by Department of Electronics and Communication Engineering</p>
<p>Dr. Ambedkar Institute of Technology (Dr. AIT) was established in the year 1980 by Panchajanya Vidyapeeta Welfare Trust (PVPWT), Bangalore. PVPWT is founded by Late Sri. M. H. Jayaprakash Narayan. The Institution was started with three AICTE approved undergraduate (UG) programmes in Departments of Civil Engineering, Mechanical Engineering and Electrical and Electronics Engineering (EEE). Later UG programmes in Electronics and Communication Engineering, Industrial Engineering and Management, Instrumentation Technology, Computer Science and Engineering, Telecommunication Engineering, Information Science and Engineering and Medical Electronics, were also inducted. In addition, the institution currently also holds 14 research centres recognized by Vignansaraya Technological University (VTU), Belagavi. The college has grown manifold with a total student intake of 1285 pursuing courses in ten undergraduate, ten postgraduate programmes (PG) of engineering including MBA, MCA and MSc (Engg.) by research/Doctoral Programmes. The Institution is aided by Government of Karnataka, approved by All India Council for Technical Education (AICTE), New Delhi and is affiliated to VTU, Belagavi. Most of the courses are accredited by National Board of Accreditation (NBA) and institution is accredited by National Assessment and Accreditation Council (NAAC) with 'A' Grade. The college was granted with Autonomous Status by UGC during 2007 and the college implemented the 2010-11 academic year.</p> 	<p>The Department of Electronics & Comm. Engineering came into grant-in-aid of Government of Karnataka in 1992. The UG course has been started in the year 1982 with an intake of 60 and presently UG Program intake is 180. The PG course M.Tech in VLSI Design and Embedded Systems was started in 2003-2004 with an intake of 18. Staffs are highly qualified and also the members of prestigious professional bodies like IEEE, ISTE, SSI and CSI. IEEE student chapter has been setup. Students have participated and won prizes in intercollegiate technical activities.</p> <p>Session will be delivered by Dr. Veerendra Dakulagi, Dean (R & D) Guru Nanak Dev Engineering College, Bidar Postdoc Lincoln University College, Malaysia</p> 	

Vision Statement of ECE Program

"To excel in education and research in Electronics and Communication Engineering and its related areas through its integrated activities"

Mission Statement Of ECE Program

- To provide students a strong foundation in Electronics and Communication Engineering
- To provide high quality technical education in Electronics and Communication Engineering discipline and its related areas to meet the growing needs and challenges of industry and society.
- To be a contributor to the technology through the process of skill development, value based education, research and innovation.

Chief Conveners

Dr. G. Rajendra,
Principal, Dr.A.I.T, Bengaluru.

Dr. Siddaraju
Dean (Academics) Dr.A.I.T, Bengaluru.

Chief Coordinator

Dr. Ramesh S,
Professor & Head, Dept. of ECE,
Dr A.I.T, Bengaluru

Coordinators:

Dr. Shilpa K. C.,
Asst. Professor, Dept. of ECE
shilpako.ec@drait.edu.in, Mob:9591915533

Mr. Anand H. D,
Asst. Professor, Dept. of ECE
anandhd.es@drait.edu.in, Mob: 9844518822

Ms. Shwetha N.,
Asst. Professor, Dept. of ECE
shwetha.ec@drait.edu.in, Mob:9663207843

Mrs. Sangeetha N,
Asst. Professor, Dept. of ECE
sangeethapremod.ec@drait.edu.in, Mob:9945444117

Who can register:

Registration is free and is open to all Students, Faculty, Research Scholars and interested candidates of any engineering stream

Scan this QR code for registration

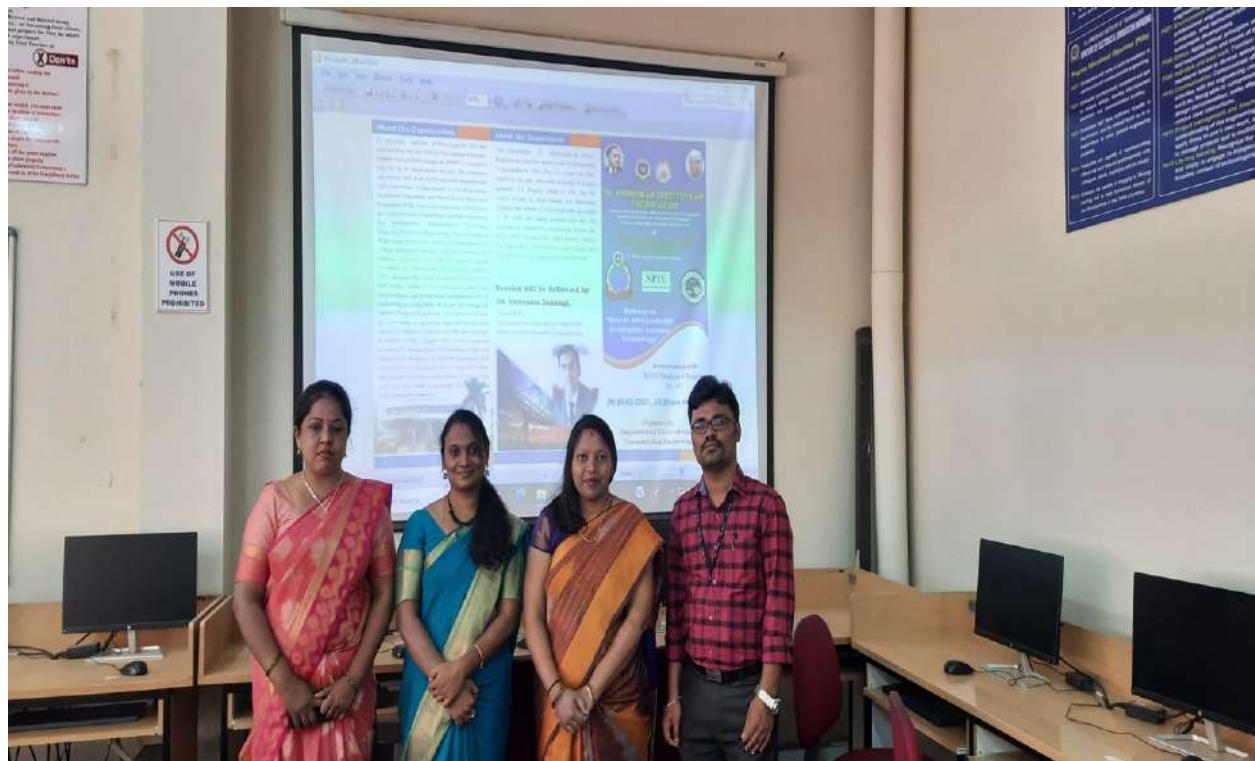

Objectives of the Course

- Introduction to Smart Antenna System
- Understand Signal Models of Smart Antenna System
- Understand Adaptive Beam formers, Robust Adaptive Blind Beam formers
- Identify Advances in direction of arrival estimation methods
- Practical realization using Digital Signal Processor

- ❖ Session will be handled through online Platform Google meet
- ❖ The session will be conducted for 2 hours on 10-02-2021, Wednesday, 10:30 AM onwards
- ❖ E-certificate will be provided after successful completion of course
- ❖ Register as soon as possible, as the number of participants is limited

Date: 24/11/2020

Time: 02:30 PM

Dr.Ambedkar Institute of Technology, Bengaluru-560056

Department of Electrical and Electronics Engineering

Webinar (under ISTE students chapter) on "Unlocking your talent and developmental skills after Graduation", 24/11/20 at 2.30pm, by

Dr. I G Srikanth, Asst. Professor, and Placement officer, Department of MBA, RNSIT, Bengaluru-68

Brief Report:

Objectives of the webinar:

1. Raise awareness of the skills required by learners to seek employment in line with current recruitment trends.
2. Raise awareness of digital skills and knowledge in various Soft skills and Technologies
3. Guiding students to pursue Master degree courses
4. Entrepreneurial opportunities in Private sector

This talk was meant for VII sem EEE students and was delivered by Dr. I G Srikanth who has an expertise on Training and Placing UG students of RNSIT, for various Careers. 50 students registered for this programme (27 Male and 23 Female). A total of 40 students, 23 Female and 17 Male students attended this programme

His Lecture provided an insight to Best career options available in the core Electrical sector and also the present IT industry. He exposed the students to venture into Public and Govt. sectors for better career prospects. He also inspired our students to takeup Entrepreneurship programmes irrespective of the course selected at graduation levels.

He also made the students aware of various opportunities available in India and abroad in the area of Research and development. Further he stressed upon the career opportunities that could enhance their prospects by undergoing Masters degree in MBA.

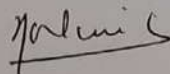

He also guided the students to takeup competitive exams to enter into Public service undertakings.

Greater pay and security also were his main areas of concern and the right ways in achieving this were also dealt with the speaker very efficiently.

Outcomes of the webinar:

1. Exposure to various opportunities available for career prospects
2. Available options in various private and public sectors were made aware
3. Students were inspired to venture into Entrepreneurship opportunities
4. Significance and areas for Master degree programmes and Research

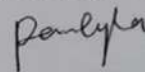

Coordinators: Nalini S,

Deepti S Shastrimath,

Pankaja H G

Present & Permanent Address
#58/2, VVR Supreme Residency,
FF-4, A Block, Bank Colony,
Uttarahalli Road, Bangalore – 560061.

OBJECTIVE

To carve a 'Niche' for myself and reach the pinnacle of glory in the ever-expanding field of Teaching, Training, Empowering, Motivating, Leading and Administration.

SUMMARY OF STRENGTHS

Innovative and self-directed individual with good communication and interpersonal skills. Able to develop rapport with students from various backgrounds, cultures, etc. Adaptable to change, quickly to learn, able to cope, take decisions by systematically analyzing situations and to take initiatives for problem resolutions.

WORK EXPERIENCE

Apollo Hospitals Group – 1.1 Years - worked as a Marketing Coordinator.

RNS Institute of Technology – 11.2 Years – working as an Assistant Professor and Training & Placement Officer in Department of MBA & Research Center.

EDUCATION CREDENTIALS

- Ph.D - Awarded from Bharathiar University, Coimbatore.
- PGDHRM obtained 'A' Grade in Indira Gandhi National Open University, Delhi.
- FDP-Indian Institute of Management Indore from April 23 - June 30, 2012.
- M.Phil obtained 61%, Vinayaka Missions University, 2010.
- M.B.A. in Marketing obtained 66%, RNS Institute of Technology, Bangalore, Visvesvaraya Technological University, Belgaum, Karnataka, 2006-2008.
- B.Com obtained 60%, Adoni Arts & Science College, Sri Krishnadevaraya University, Anantapur, Andhra Pradesh, 2003- 2006
- 10+2, Adoni Sai Junior College, Board of Intermediate Education, Andhra Pradesh, 2001-2003.
- 10th, Y.M.K [Yale Malleshappana Kannada] High School, Board of Secondary Education, Adoni, Andhra Pradesh.

CERTIFICATION COURSE

Successfully completed and passed the final requirements of IBM for the Business Intelligence Analyst 2018 v2 Career Path on 10/09/2020.

SHORT TERM COURSE (STC)

1) 10 Days Short Term Course on 'Strategic Human Resource Development' @ IIT-Kharagpur between August 23 - 31, 2018

FACULTY DEVELOPMENT PROGRAMMES (FDPs)

- 1) FDP at IIM – INDORE for 2 ½ Months i.e. April – June 2012.
- 2) Participated the work shop on "Faculty Development Program on Active Learning" on January 22, 2011. organized jointly by Amrita School of Business and IIM – RANCHI.
- 3) Participated one week in the Faculty Development Program on "Multivariate Data Analysis for Management Research" held during July 18 - 22, 2011 organized by National Institute of Technology Calicut (NIT-C), under the sponsorship of Ministry of Human Resource Development (MHRD) and All India Council for Technical Education (AICTE).
- 4) Participated one day Faculty Development Program on "Human Resource Excellence for Organizational Effectiveness" held on November 28, 2013 organized by R.V. Institute of Management.

MANAGEMENT DEVELOPMENT PROGRAMMES (MDPs)

- 1) Attended Management Development Program on "Strategic Brand Management" at IIM INDORE".
- 2) Attended Management Development Program on "Basics of Six Sigma" at NITTE School of Management, Bangalore held on 27th September 2012.

WORKSHOPS

- 1) Attended the workshop on "Case Method – Teaching, Writing, and Research" at IIM INDORE".
- 2) Attended the workshop on "Research and Data Analysis by using SPSS" organized by School of Management Studies & SPSS South Asia Pvt. Ltd. held at National Institute of Technology Calicut (NIT-C).

A Brief Report on
Webinar on "Approach to Entrepreneurship in Current Times" delivered by
Mr. Moses Kakde, Senior Engineering Manager, Infosys, Mysore

On 01/08/2020

Total Number of Participants:151

Number of Males:84

Number of Females:67

The Webinar commenced at 04:00 PM on 01/08/2020 with the introduction of Mr. Moses Kakde by the co-ordinator. Mr. Moses Kakde is a Senior Engineering Manager in Infosys, Mysore who is actively involved in engineering product development in Aerospace and Automotive industry, spanning across multiple geographies and multiple customers in **Infosys** Limited.

The speaker introduced approach to entrepreneurship in current times, who can become an entrepreneur and also draws attention to time to advance entrepreneurship by focusing on two aspects of time-time perspective and time management. He initiates a deeper conversation on time in entrepreneurship and illustrate the value of a time-based lens for entrepreneurship through discussing examples at the individual, firm and context levels. These examples consider portfolio entrepreneurs; well-being; social and unethical entrepreneurial behavior; entrepreneurial teams and entrepreneur-firm strategy; industry and cultural contexts.

The speaker also discussed the entrepreneurship has become more and more associated with stereotypical high-tech start-ups and entrepreneurs, often based in certain geographical areas and fertile environments across the world in this Covid-19 situation. Although the successes of these young companies are undoubtedly essential for the advancement of our societies, some might argue that entrepreneurship has become a game for the happy few, for those with access to the right type of education, funding and networks.

What we see today is the potential for democratizing entrepreneurship and creating new entrepreneurial role models that people can more easily identify with. This could ultimately lower the threshold of entrepreneurship for many and stimulate people to start their own businesses.

The talk was for about 90 minutes and at the end participants were given opportunity to put their queries. A good interaction was seen from the participants through questions related to the entrepreneurship.

The webinar was concluded with vote of thanks by co-ordinator.

E-certificates will be provided for all the participants upon filling the feedback form.

A Brief Report on
Webinar on "Li-Battery Technologies" delivered by
Mr. Prabhu R K, Engineering Manager, Delphi an Automotive company.

On 07/08/2020

Total Number of Participants:289 Number of Males:184 Number of Females:105

The Webinar commenced at 10:00 AM on 07/08/2020 with the introduction of Mr. Prabhu R K by the co-ordinator. Mr. Prabhu R K is Engineering Manager in Delphi. He is presently working as a Engineering Manager responsible for design and development for Inverter Module for next Gen Hybrid Electrical Vehicles. He is based out of Singapore. His area of interest is Electrical Simulation (Saber, Mathcad and Matlab) and analysis.

The speaker created awareness about the number of electric vehicles (EVs) has continued to increase in recent years. Projections estimate that worldwide, more than 125 million EVs will be on the road by 2030. At the heart of these advanced vehicles is the lithium-ion (Li-ion) battery which provides the required energy storage. He gives the comparative information of key components of Li-ion batteries and describes associated battery management systems, as well as approaches to improve the overall battery efficiency, capacity, and lifespan. Material and thermal characteristics are identified as critical to battery performance. The positive and negative electrode materials, electrolytes and the physical implementation of Li-ion batteries are discussed. In addition, current research on novel high energy density batteries is presented, as well as opportunities to repurpose and recycle the batteries.

The speaker also explained about the performance of existing lithium batteries is heavily dependent on material and thermal characteristics. As discussed, most of the heat from the battery is generated at the electrodes and additional research in various cooling methods and electrode design criteria is needed to reduce or compensate for the heat, therefore, improving the battery life and capacity. As EV batteries reach the end of their useful life, research is showing the different approaches to repurpose them as a supplement to the existing power grid or recycle the battery materials when they are no longer viable.

The talk was for about 90 minutes and at the end participants were given opportunity to put their queries. A good interaction was seen from the participants through questions related to the Li-Battery Technologies.

The webinar was concluded with vote of thanks by co-ordinator.

dbson

UNIVERSAL POWER CONTROLS

of Electrical Control Panels Since 1983

TRAINING DIVISION

22, Sathyamangala Industrial Area,
572104, KARNATAKA, INDIA.
81-816-2211448, 2211308,
844051072, 09743534933
@dbson.net, Website : www.dbson.in

dbson UNIVERSAL POWER CONTROLS is professionally run Company with 30 years of experience in Manufacturing of Electrical Control Panel. We Manufacture Panels like Power Control Center PCC, Motor Control Center MCC, Automatic Power Factor Correction Panels APFC, Slippering, Mimic, Automation, And Custom Built Panels in areas viz., Automobile, Textiles, foundry, Cement, Food Processing Unit, Mining Sector, Oil Refineries , Gas & Etc. We are also one of the leading advanced Training Providers in the area of Electrical Switchgears & their Applications for Technical Aspirants.

WHY THIS TRAINING

India is not suffering from Unemployment but suffering from Under-employment. Most of the employees are working in Private sector are not having the right qualification for the job they are doing. There is a Huge Gap between Industry and Educational Institutions. Academicians unable to give what industry requires, we want to fill that Gap through our Training Program so that, the trainee can be fit into Industry in the field of Electrical.

FOR WHOM ?

For all those who want to go in for Hard Core Electrical Engineering line this is the course. It is an excellent training for those who have recently started working and for those who want knowledge on Electrical Switchgears and their applications from the basics and on a slower track.

We have regular Electrical switchgear training, and customized courses at our Training division in Tumkur For Fresh graduates working in the Industry / FINAL YEAR ITI, DIPLOMA / ELECTRONICS – Persons from Electrical, Electronics, Instrumentation , Department Engineers , Technicians, and other persons and persons working in any Industry.

WHAT WE TRAIN :

We Train from the basics to the Wiring level i.e., Control Wiring, Power Wiring, Selection of Switchgear and Troubleshooting of DOL, Star-Delta, Forward-Reverse, Slippering, and APFC Panels.

WHAT WE GIVE :

Drawings of all the Starters along with the Selection Certificate will be issued to each participant on successful completion of Training.

NEXT BATCH OF TRAINING

The First Monday of Every Month

COURSES		
TRG06	06 Days	Switchgears & their Applications.
TRG10	10 Days	Electrical Basics, Switchgears, Cables Accessories & Applications
TRG30	30 Days	Electrical Basics, Switchgears, Cables Accessories, Applications Automation & Installations.

HIGHLIGHTS

- ◆ Hands-on lab work using real equipment provides the student with sensible training and skills that are immediately useful on the job. Which make The Trainee perfect and comfortable in handling electrical switchgears.
- ◆ Course material is presented in a way that is easy to understand.
- ◆ Our Engineers are trained professionals and are experienced in field service and troubleshooting. We relate well with the students and we understand their day-to-day problems they encounter.
- ◆ Students work in pairs to construct and test lab projects. This facilitates an exchange of information and establishes communication pathways for Sharing of Ideas.

Get Real Quality

Five Days Finishing School
workshop
on

“Switchgears and applications”

between

23rd – 29th Jan, 2019

In Association

with

Universal Power Controls
Manufacturers of Electrical, Control Panels

Organised by

Department of Electrical & Electronics
Engineering

DR AMBEDKAR INSTITUTE OF
TECHNOLOGY

An Institution of PVP Welfare Trust
Outer Ring Road, Mallathally,
BANGALORE-560056, Karnataka, India
An Autonomous Institution,
Affiliated to VTU Belgaum, Govt. of Karnataka

The main purpose of this workshop programme ‘SWITCHGEARS AND APPLICATIONS’ is to widen the base of knowledge of the students on control schemes in electrical engineering and to motivate for entrepreneurial skills among the students community towards “start-up India/ Make-in India” capabilities necessary for starting and running the enterprise. Thus, this “SWITCHGEAR AND APPLICATIONS” is a planned effort to inculcate, develop, and polish the entrepreneurial role effectively by imparting knowledge and skills. These skills are equally or even more powerful than only academic and vocational skills. It is necessary to promote this understanding of motives and their impact on entrepreneurial values and behaviour, skills as a prerequisite for a student to become and behave as an entrepreneur.

The training program consists of empowering sessions from **Universal Power Controls Manufacturers of Electrical, Control Panels since 1983** official trainers to deliver the lectures. The course is meant for final year UG and PG students. They will be provided with boarding (for 5 days only) as per TEQIP rules and are required to participate in the course for the entire duration.

About the College

Dr Ambedkar Institute of Technology was established in 1980 by late Sri. MH Jayaprakash Narayan. Dr.AIT is managed Panchajanya Vidya Peeta Welfare Trust. The

Bangalore on a vast 29.36 acres of land with ventilated class rooms, Hi tech laboratories with latest equipment's, drawing rooms, data centre, sport complex, play grounds, gymnasium, library and digital library. Our Institute is one among the 14 colleges selected for receiving the World Bank Assistance under TEQIP through Government of India. The institute is the recipient of several grants sanctioned by AICTE, DST and VTU. The Institute is in granted autonomous status by UGC wef 2010—11.

About the Department

The department of Electrical and Electronics Engineering was established in the year 1980 with the view to develop core competency in knowledge frontiers of electrical and electronics engineering and to augment availability of highly skilled electrical engineers to the nation, capable of handling diversified tasks. The department came under grant in aid of the Government of Karnataka in 1992. The department is accredited under NBA and has UG and PG courses. The department has well qualified faculty, who has Master Degree in various areas Power Systems, Power Electronics, Electrical Machines, VLSI Design and Embedded Systems, Power Apparatus and Electrical Drives, etc. Some of them are working towards PhD. The department has started a PG course “Power Electronics” from the academic year 2010.

Department of Electrical & Electronics Engineering

Five Days

Finishing School Workshop
on
SWITCHGEARS AND APPLICATIONS

23rd – 29th Jan, 2019

REPORT

The programme was started with a formal inauguration at 9.00 AM, with an invocation and lighting the lamp. Dr. Jyothi P Kojalagi, HOD, Dept of EEE, welcomed the dignitaries and introduced the resource persons. The function was presided by Dr. Meenakshi M Bhat, Dean (academic), Dr. AIT narrated the importance of continuous education program through workshops which helps the students to improve their technical knowledge and industrial exposure to build their career. The program was attended by the department faculty, staff and students of final year UG & PG. The resource person Mr. Srinivas DV, CEO, Universal Power Controls, Tumkur, delivered the keynote address and narrated the salient features of the programme "Switchgears & Applications". The coordinators expressed their gratitude to the management for providing facility and TEQIP for its financial assistance to the program. The function was ended with vote of thanks along with light refreshment.

In the subsequent sessions the company personnel, Mr. Shivanand DV, CEO; Mrs. Rajeshwary S, MD; Mr. Basavesha Shetty, EO; Mr. Shivakumar L & Mr. Siddesh, Design Engineers; handled the theory and practical sessions which includes demonstrations & hands on trainings. On each day of the workshop Tea Coffee Biscuits and a Lunch has been served for the participants. At the last day in the valedictory, chaired by Dr. Mahalinga V Mandi, TEQIP Coordinator, Shivanand DV, CEO, UPC; Dr. Jyothi P Kojalagi, HOD, Dept of EEE, the program was concluded with feedback, certificate distribution and vote of thanks.

Coordinators

HOD EEE
ELECTRICAL & ELECTRONICS ENGINEERING
DR. AMBEDKAR INSTITUTE OF TECHNOLOGY
BANGALORE-560056

1.2 Trainers Profile

D. V. Shivanand BE Elect

An Entrepreneur having experience of 35 Years in the field of Manufacturing, Marketing, Design, Production, Project Execution of various Electrical Control Panels like

- Auto Mains Failure Panel (AMF Panels)
- Automatic Power Factor Correction Panels (APFC Panels)
- Sub Distribution Panels
- Metering Distribution Boards
- Energy Meter Panels
- Synchronizing Panels
- MIMIC Control Panels
- Power Control Centers (PCC Panels)
- Motor Control Centers (MCC Panels)&
- Custom Built Panels

1983 - SACHI AGENCIES Authorised Dealers for FENNER V Belts & Bearings

1985 - DEBESON & COMPANY Authorised Dealers for SIEMENS Switchgears

1988 - UNIVERSAL POWER CONTROLS Manufacturing of Electrical Control Panels like

2008 – dbson Electrical Training Division

2010 – DEBESON ENTERPRISES.,

2013 – Participated in EL Asia International Exhibition 4th - 6th Jan at BIEC Bangalore, India

2013 – Participated in India Invest Trade 20th - 22nd Dec at Bhrikuti Mandap Kathmandu, Nepal

2014 – Participated in ELECRAMA Exhibition 8th - 12th Jan at BIEC Bangalore, India

2015 - Participated in EL Asia International Exhibition at Bombay Exhibition Center Mumbai, India

2016 – Participated in ELECRAMA Exhibition 13th - 17th Feb at BIEC Bangalore, India

Smt. Rajeshwari B. S.

An Entrepreneur having experience of 25 Years in the field of, Marketing, Design, Product Selection, of various Electrical Control Panels has also have working experience viz., SIEMENS AND Mall Software Switchgear Selection Software, UG Cable 11 KV HT XLPE Cables their Utilization, & Motors.

Mr. Srinivas B V Diploma ELe.

Employee of Universal Power Controls having experience of 12+ Years Production, Servicing of Electrical Control Panels Distribution Panels, Energy Metering, Motor Control Centers MCC, Power Distribution Boards PDB.

Smt. Bharathi

Employee of Universal Power Controls having experience of 10+ Years Design of Electrical Control Panels viz Distribution Panels, Energy Metering, Motor Control Centers MCC, Power Distribution Boards

Mr. Basavesh Shetty S Doddabele MBA UK

Earlier 2 Years Experience in Scottish and Southern Electric, London United Kingdom, Now Employee of Universal Power Controls having experience of 8+ Years Manufacturing of Electrical Control Panels Design, Errection & Commissioning of 1.25 MVA Transformer, Bus Bucting, Synchronising Panels, Load Sharing Cum Load Management Control Panels, Variable Frequency Drive Panels, HT Metering Cubicle with LBS Load Break Switches, HT Metering Cubicle with VCB – Vaccum Circuit Breakers

Mr. Sharath Basavalingappa BE Elect

Employee of Universal Power Controls having experience Manufacturing of Electrical Control Panels Design, Errection & Commissioning

Note :- Either of the two persons will accompany the main trainer Mr. D. V. Shivanand

Dr. Ambedkar Institute of Technology

(Autonomous Institution, Aided by Government of Karnataka Affiliated to Visvesvaraya Technological University, Belgaum & Approved by AICTE, New Delhi)

A Brief Report on

Webinar on "**Fiber and Intergrated Optics Applications**" delivered by

Dr. Rajini V Honnungar, Associate Professor, Department of Electronics and Communication Engineering, RNSIT, Bengaluru.

On 20/7/2020

Total Number of Participants: 236

The Webinar commenced at 11:00AM on 20/7/2020 with the introduction of Dr. Rajini V Honnungar by the co-ordinator. Dr. Rajini V Honnungar is a Associate Professor in Department of Electronics and Communication Engineering who is actively involved in research activites in the area of Applied Photonics Lab, Department of ECE, IISC during 2014. Presently she is handling the research on Optical Communication, Integrated Optics, Microwave Photonics, Satellite Communication, Antenna Design etc.

The speaker introduced the basics of Fiber and Intergrated Optics and Fiber Optics is one of the preferred mode of communications and several other applications such as sensing in today's world, because of its advantages which includes No EMI, low loss and high bandwidth.

Integrared Optics is the key emerging area in Optical communications and Photonics which aims for on chip optical based devices in the dimensions ranging from micro metres to nano metres.

The speaker discussed the fundamental concepts of Fiber and Integrared Optics(Photonic Integrared Circuits).The Components, materials used, and also fabrication processes involved are highlighted.The application areas are also covered, with discussion on few fiber and integrared optic passive and active devices and their applications

The talk was for about 90 minutes and at the end participants were given opportunity to put their queries. A good interaction was seen from the participants through questions related to the Fiber and Integrared Optics Applications.

The webinar was concluded with vote of thanks by co-ordinator.

Dr. Rajini V Honnungar
Associate Professor
Dept. of ECE
RNSIT, Bengaluru

Dr. Rajini V Honnungar is an Alumni of Dr. Ambedkar Institute of Technology Bengaluru. She obtained her Bachelor's degree in Electronics Engineering during 1991. She did her Master's degree in Electronics and communication Engineering from BMSCE Bengaluru.

Dr Rajini V Honnungar has obtained PhD from Applied Photonics Lab, Dept of ECE, IISc, Bangalore during 2014.
She has 21 years of teaching experience. She is currently working as Associate Professor, Dept of ECE, RNSIT, Bangalore.
Her field of interests are Optical communication, Integrated Optics , Microwave Photonics, Satellite Communication, Antenna Design etc.

Engineering**

Chief Convenor:

Dr. C. Nanjundaswamy
Principal, Dr.AIT

Convenor:

Dr. G. V. Jayaramaiah
Professor and Head
Dept. Of EEE, Dr.AIT
Mob: 9513222991

Co-Ordinators:

Dr. Jyoti Koujalagi
Professor, Dept. Of EEE
Mob: 7483005478

Prof. T B Dayananda
Associate Professor, Dept. Of EEE
Mob: 9880288698

Ms. Harini Vaikund
Assistant Professor, Dept. Of EEE
Mob: 9900687011

In this interactive session, a CoreEL Application Engineer will introduce you to

1. Introduction to Model Based Design
2. Model Building with Simulink
3. How to use Simulink to test Component and Subsystems
4. Analysis of RL Circuit Model
5. Electric Power Converter
6. Modeling Spring Mass Damper Systems
7. Modeling DC Motor
8. Motor Control Algorithm
9. Scope of Electrical Systems

Date: 24th June 2020
10:30 am – 12:30 am
Duration : 2hr

A Brief Report on

Webinar on “**Modelling Electrical Systems using Simulink**” delivered by

Mr.Rakshith Kashyap, Associate Manager-Application Engineer at CoreEL Technologies

On 24/06/2020

Total Number of Participants:85

Number of Males:

Number of Females:

The Webinar commenced at 12:30 PM on 24/06/2020 with the introduction of Mr.Rakshith Kashyap by the co-ordinator. Mr.Rakshith Kashyap is an Associate Manager-Application Engineer at CoreEL Technologies who is actively involved in Providing solutions to Institutes, faculties, research scholars and students.

The speaker introduced the basics of MATLAB for Electrical System various tool bags and functional modules, including many corresponding electricity equipment models, which can achieve the analysis and design of motor speed control and electricity system, etc. And it has high-reliability simulation results and can fully mobilize the initiative of students.

The speaker emphasised that MATLAB is an essential tool that needs to be incorporated into Electrical Engineering. MATLAB is a high-level technical language that allows the development of various kinds of algorithms. It also provides an interactive environment for solving all types of problems related to computing.

The talk was for about 120 minutes and at the end participants were given opportunity to put their queries. A good interaction was seen from the participants through questions related to the usage of MATLAB for Electrical Applications.

The webinar was concluded with vote of thanks by co-ordinator.

Rakshith Kashyap

Associate Manager-Application Engineer at CoreEL Technologies

Providing solutions to Institutes, faculties, research scholars and students.

Experience

-

CoreEL Technologies

3 years 4 months

Associate Manager-Application Engineer

May 2022 - Present 9 months

Bengaluru, Karnataka, India

- Senior Application Engineer

Oct 2019 - Apr 2022 2 years 7 months

Bengaluru Area, India

Lecturer

Brindavan College of Engineering

Jul 2014 - Sep 2015 1 year 3 months

Bangalore, India

Responsible for imparting technical knowledge as prescribed by Department of Technical Education (DTE) for Electronics and Communication polytechnic candidates.

- Training Officer

Nadgir Industrial Training Institute

Oct 2013 - Jul 2014 10 months

Bangalore

Accomplished the task of Technical Training for I.T.I students and making them ready to work in an industrial environment

- Tutor

Kashyap Academy

Apr 2012 - May 2013 1 year 2 months

Bangalore, Karnataka, India

Co-owner and Tutor providing education for high school students.

Education

- Visvesvaraya Technological University

Bachelor of Engineering (B.E.) Electronics and Communications

Engineering 3.5(GPA)/65(Percentage)

2010 - 2013

Activities and Societies: Electronics and Communications Engineers Forum(ENCEF)

Currently my aggregate percentage is 67.19%. I completed my B.E course in July 2014.

- Department of Technical Education, Bangalore, Karnataka, India

Diploma Electronics and Communications Engineering 3.5(GPA)/74.34(Percentage)

2007 - 2010

Completed my diploma with overall aggregate percentage of 74.34 %.

A Brief Report on

Webinar on “**Mindset Crafting and Anchoring Emotions**” delivered by

Mr. Anjan Chowdury, Faculty Development Trainer, Founder, Skillfinity

On 13/07/2020

Total Number of Participants:60 Number of Males: Number of Females:

The Webinar commenced at 011:00 PM on 13/07/2020 with the introduction of Mr. Anjan Chowdury, Faculty Development Trainer, Founder, Skillfinity who is actively involved as a Faculty Development Trainer in various university, colleges, school and also for government officials all over the country.

The speaker introduced the need for educators to nurture positive learning mindsets among their students, students are far better able to view new challenges as a natural part of the learning process. These positive mindsets, in turn, encourage them to develop better habits and skills that ultimately boost their classroom performance.

The speaker discussed that the student with a growth mindset believe that intelligence and creativity, as well as things like love and friendship, can be grown and cultivated with practice and time. They are less likely to be discouraged by failure because they reframe challenges as learning opportunities. This allows them to feel happy and content.

The talk was for about 120 minutes and at the end participants were given opportunity to put their queries. A good interaction was seen from the participants through questions related to the Mindset Crafting and Anchoring Emotions.

The webinar was concluded with vote of thanks by co-ordinator.

About the Institute:

Dr. Ambedkar Institute of Technology (Dr.AIT) is managed by Panchajanya Vidya Peetha Welfare Trust (Regd.). Dr. AIT was established in 1980 by Late Sri. M.H. Jayaprakash Narayan. He came from a very humble background and was a member of legislative assembly (MLA) for several terms. He fought relentlessly for the upliftment of the downtrodden. The Institution is founded on the ideals of the great Bharatha Rathna Dr. B.R. Ambedkar, whose life was a saga of learning and uplifting the down trodden of the society.

The Institution is aided by Government of Karnataka, approved by All India Council for Technical Education (AICTE), New Delhi and is affiliated to VTU, Belagavi.

The institution currently has 10 Engineering departments and 14 research centers are recognized by Visvesvaraya Technological University (VTU), Belagavi.

The Institute is selected for receiving the World Bank Assistance under Technical Education Quality Improvement Programme (TEQIP) phase-I, phase-II and also phase-III through Government of India. Majority of the departments are accredited by NBA.

Dr.AIT is accredited by NAAC with A-grade.

Dr.Shilpa Biradar, Assistant Professor, Department of ISE

Mrs. Pushpalatha S, Assistant Professor, Department of ISE

Objectives of FDP:

The main aim of the FDP is to help the participants to gain updated knowledge in emerging trends in industry.

Information to Participants:

All sessions will be held in Google Meet. Faculty members will be selected for FDP on first come basis after submitting the registration form. Meeting id and FDP timings will be shared with selected participants over mail or WhatsApp group.

Criteria for receiving e-certificate: Faculty have to fill in the feedback form on daily basis and have to clear a quiz with 40% marks.

For any queries contact:

AICTE Training and Learning (ATAL) sponsored One Week FDP (Online) on “Data Science and Data Analytics” with Hands-On Experience organised by department of Information Science and Engineering,Dr.AIT from 01/02/2021 to 05/02/2021:

Schedule:

AICTE Training and Learning (ATAL) Sponsored

One Week FDP (Online) on
“Data Science and Data Analytics” with Hands-On
Experience

01/02/2021- 05/02/2021

	9.30-11.00	11.00-12.30	12.30-2.00
Day1: 01/02/2021	Session1: Concept of Data Science,Why / When / What, Application in real scenarios Speaker: Dr. Udit Bhataia, IIT Gandhinagar	Session2: Mathematical Foundations for Data Science: Linear Algebra, Statistics, Probability Speaker: Dr.Shankar B R, NITK	Session3: Introduction to Python: Basics of Python, Toolkits using Python, Visualizing Data, Working with data; Introduction to Colab Speaker: Dr. Nipun Batra, IIT Gandhinagar
Day 2: 02/02/2021	Session1: Types of learning : Supervised, Unsupervised, Semi-supervised Speaker: Mr. Venkat Reddy, Accenture	Session2: Classification and Regression algorithms: Decision Trees Speaker: Dr.Tarun Rao, Accenture	Session3: Bias, Variance, Cross-validation, Confusion Matrix Speaker: Mr. Daevesh Kumar Singh, IIT Bombay
Day 3: 03/02/2021	Session1: Linear Regression Speaker: Dr.Chandresh Kumar, IIT Indore	Session2: k-nearest neighbour Speaker: Dr. Nipun Batra, IIT Gandhinagar	Session3: Health and happiness Speaker: Ms. Sugandh, Art of Living
Day 4: 04/02/2021	Session1: Bayes Theorem and Bayesian Belief networks Speaker: Dr.Shankar B R, NITK	Session2: Logistic Regression Speaker: Dr. Udit Bhataia, IIT Gandhinagar	Session3: Neural Networks; Introduction to TensorFlow Speaker: Mr. Jayavardhana Gubbi and Mr. Raj Chaudhari, TCS
Day 5: 05/02/2021	Session1: Unsupervised learning Speaker: Mr. Venkat Reddy, Accenture	Session2: Introduction to Reinforcement learning Speaker: Dr.Nandini Prasad K S, Dr.AIT	Valedictory

Note: Honorarium for experts (Rs.3000 per session)

Day 1: Feb.1, 2021

Inauguration: By Dr.Nandini Prasad K S

Day1 Session 1 : Concept of Data Science,Why / When / What, Application in real scenarios

Speaker: Dr. Udit Bhataia, IIT Gandhinagar

AICTE ATAL FDP on Data Science and Day 1 Data Analytics with Hands on Experience

Questions for Audience...

- What is Data Science?
- Who should learn Data Science?

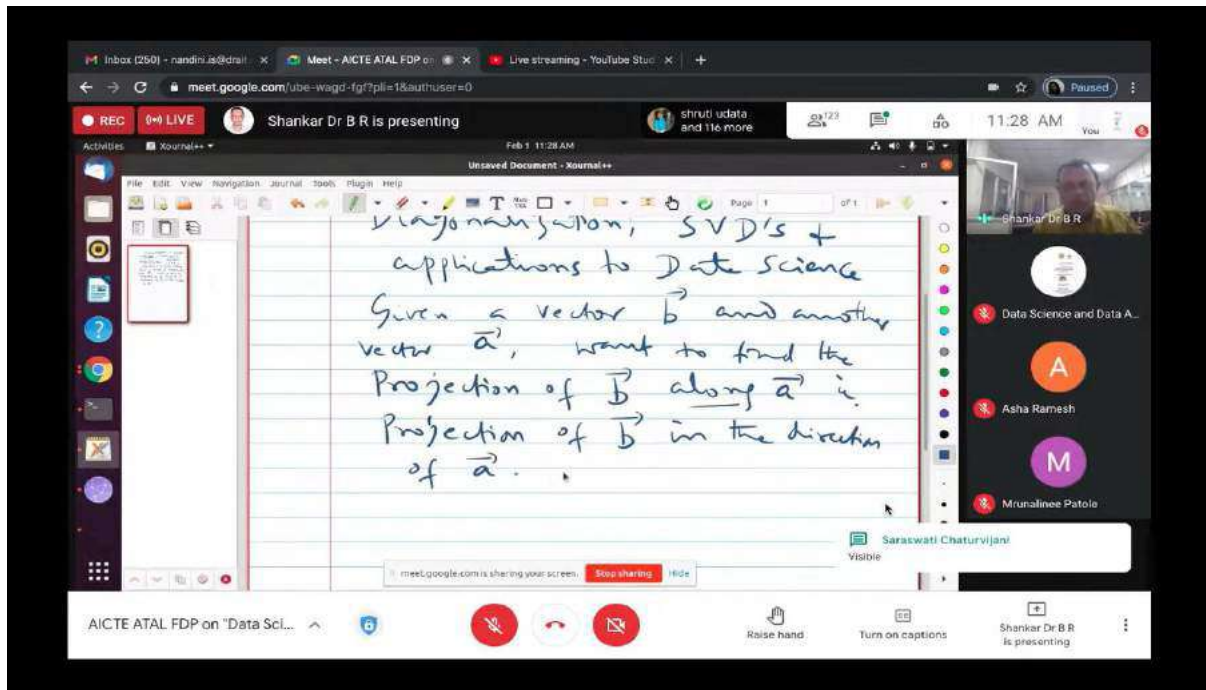

Udit Bhataia

10:42 / 4:33:27

Scroll for details

Day1 Session 2 : Mathematical Foundations for Data Science: Linear Algebra, Statistics, Probability

Speaker: Dr.Shankar B R, NITK

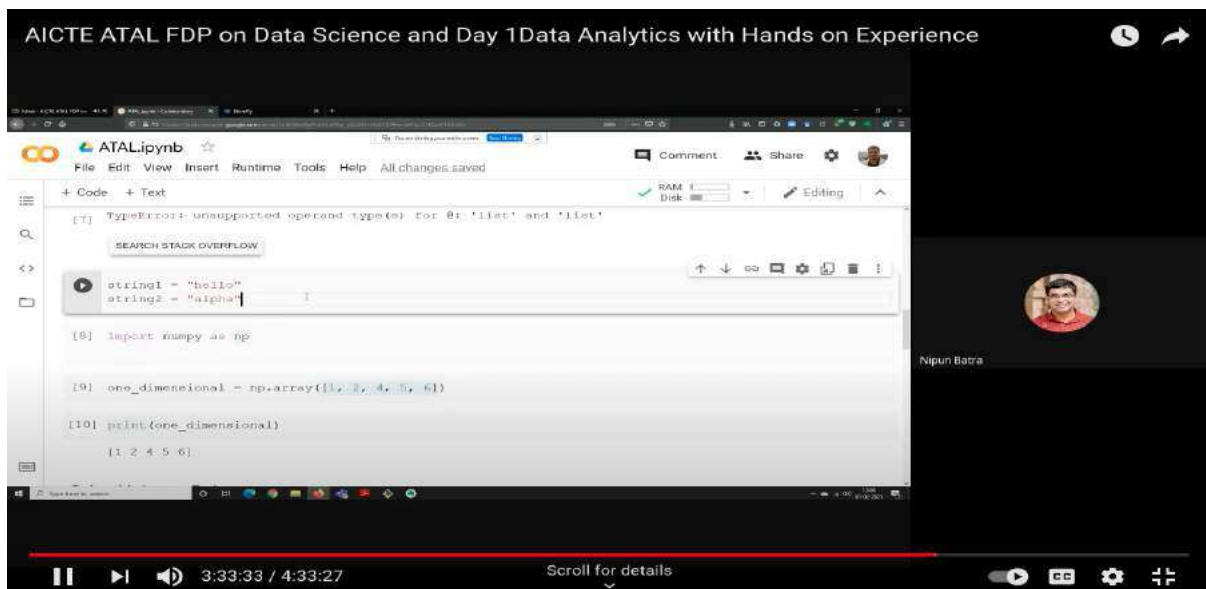

The screenshot shows a Google Meet interface. The main content is a digital whiteboard with handwritten text in blue ink. The text reads: "diagonalization, SVD's + applications to Data Science. Given a vector \vec{b} and another vector \vec{a} , want to find the Projection of \vec{b} along \vec{a} is Projection of \vec{b} in the direction of \vec{a} ."

The whiteboard is titled "Unsaved Document - Xournal++". The Google Meet interface shows the presenter as "Shankar Dr B R" and the time as 11:28 AM. The bottom of the screen shows the video player controls with a timestamp of 3:33:33 / 4:33:27.

Day1 Session 3 : Introduction to Python: Basics of Python, Toolkits using Python, Visualizing Data, Working with data; Introduction to Colab

Speaker: Dr. Nipun Batra, IIT Gandhinagar

The screenshot shows a Jupyter Notebook interface titled "ATALipynb". The code cell contains the following Python code:

```
[7] TypeError: unsupported operand type(s) for @: 'list' and 'list'  
SEARCH STACK OVERFLOW  
[8] string1 = "hello"  
    string2 = "alpha"  
[9] import numpy as np  
[10] one_dimensional = np.array([1, 2, 4, 5, 6])  
[10] print(one_dimensional)  
[1] 1 2 4 5 6
```

The video player interface at the bottom shows a timestamp of 3:33:33 / 4:33:27 and the text "Scroll for details". The presenter's name "Nipun Batra" is visible in the bottom right corner.

Day2 Session 1 : Types of learning : Supervised, Unsupervised, Semi-supervised

Speaker: Mr. Venkat Reddy, Accenture

session 1 Feb 2, 2021 AICTE ATAL FDP on Data Science and Data Analytics with Hands on Ex...

Top Industry trends

- Artificial Intelligence
- Business Intelligence
- Big Data
- Internet Of Things
- Blockchain

Webinar Report

National Level webinar titled on “How to write Research Papers and Publish in International Journals” Conducted on 9.7.2020 through Google meet and webcasted in YouTube live.

The identified resource person for the webinar was Dr. V. Rajasekaran, Assistant Professor Senior of English Division of Social Science and Languages, VIT University, Chennai Campus.

The resource person guided the participants to choose the topic on their domain initially and follow the research methodology effectively. The sources of getting details of reputed journals and verifying their originality also guided.

There were 1414 participants attendee this webinar and benefited. There was effective interaction by some participants. He explained very well on the topic chosen for the webinar.

Dr. Rajasekaran V

Assistant Professor Senior in English

&

Ex Assistant Director- Students Welfare

VIT University Chennai Campus, India

Dr. Rajasekaran V is an Assistant Professor Senior in the Division of Social Sciences and Languages works for VIT University Chennai Campus, Tamilnadu, India.

He is the recipient of IATEFL Scholarship to attend 52nd IATEFL International Conference at Brighton, UK during April 2018 and recipient of Betty Azar Travel grant to attend TESOL International Convention and Expo at Atlanta, Georgia, USA during March 2019.

He has visited many countries including *England, Scotland, France, Netherlands, Belgium, Switzerland, Singapore, Malaysia, Oman and Srilanka. He has delivered keynote addresses in International conferences held in India, Singapore, Malaysia and Thailand.*

He holds an MA (English), an M.Sc (Psychology), an M.Phil (ELT) and PhD in Linguistics. He is the seasoned teacher, researcher and administrator with a decade and a half year of experience.

He is the Cambridge University BEC Speaking Examiner. Currently, he teaches English as a second language, Business English, Legal English, Technical English and English for Special Purposes.

He has already produced one PhD candidate. Currently, four full time and one-part time candidates are pursuing their Ph. D under his guidance at VIT University Chennai campus.

He has served in almost all capacities in academic and administrative cadres particularly as HoD, BoS Member, International Journals -Editorial Board member, Ph.D. examiner and Assistant Director.

His research acumen can be understood with his impressive track record of 1 edited book, 32 papers in reputed international journals including Scopus indexed. He has participated at 25 International Conferences, 8 National Conferences, 10 seminars and 19 workshops. He is the most sought resource person and he has delivered around 100 invited talks.

His association with various national and international professional bodies like International Association of Teachers of English as a Foreign Language (IATEFL) UK, International Association of Teaching English to Speakers of Other Languages (TESOL) USA, English Language Teachers Association of India (ELTAI), Systemic Functional Linguistics Association (SFLA), Hyderabad, Life Member of Indian Society of Technical Education (ISTE) New Delhi, Indian Society of Training and Development (ISTD) India, Indian Association for Commonwealth Literature and Language Studies (IACLALS) India prove his wide connection in his field across globe.

He strongly believes that Continuous Professional Development (CPD) is his USP.

Webinar Report

National Level webinar titled on “Opportunities and Challenges for Sales and Marketing in FMCG Industry ” was conducted on **9th September 2020** through Google meet. The resource person for the webinar was Mr.Srinivasan Krishnamurthy, VP-Sales, Sriveda Sattva Pvt.Ltd.

The resource person clearly explained the various opportunities and Challenges for Sales and Marketing in FMCG Industry available in the and how it is working with advanced software and applications.

The speaker highlighted on Today’s consumer goods market bustles with both well-known corporate players and nimble new brands attempting to carve out the next great industry competitive advantage. Relying on yesterday’s production, supply chain and sales practices simply won’t cut it.

He also tinted that Companies today must marry a wealth of consumer demographic data with larger cultural and social shifts to position their brands for relevance in the future. Investing in the right technology and tools will be critical to capturing, then leading, that CIG charge. Consumer goods companies must understand:

Biggest Challenges in FMCG

- Big Data. Data explosion is underway as the ability to acquire, store, and process data continues to improve exponentially. ...
- Social Media. Information now moves at a rapid speed. ...
- Online Grocery Shopping. ...
- Environment & Sustainability. ...
- Ageing.

220 participants attended this webinar and were benefited. There was an effective interaction by some participants. He explained very well on the topic chosen for the webinar.

Resume/CV

Srinivasan Krishnamurthy, VP-Sales, Sriveda Sattva Pvt.Ltd

Core Strengths

- Strategy planning ◦ Sales & Marketing
- Business development ◦ Key account management
- Distribution Network/Channel management ◦ New Product Launches
- Territory Management ◦ Team Building & Motivation
- Strategic relations with business partners ◦ Creating & Maintaining channel Distribution Network

Professional Experience

Vice President Sales : for Sri Sri Sattva company for their General Trade/Modern Trade/Institution/CASH O FAST Channel /On line /Corporate and Medicine & Nadi Channel.

Leading a team of 600 people and 90 Doctors and 112 Medicine Team Handling pan India and growing double digit in all Channels with focused strategy for each channel. Appointed infrastructure of 890 Distributors with in span of 10 months across pan India.

General Manager Sales: for AVT Gavia Foods Private Limited for their Pan India Operation.

Vice President Sales: for ID Fresh Food for their Pan India & Abroad Markets

- Handling their Ready to Eat fresh products in DSD model with a team of 1238 in Top 11 Cities with 235 Crores Turn Over as profit center head.
- Launched their Vada and Coffee in Market and done world class execution in visibility

National Manager (RTM Capability Building), *Hindustan Coca-Cola Beverages Limited*, Pan India.

- Handling RTM National Role for front and back end capability building for World No.1 juices and beverages apart from niche products like Burn, TG group keeping urban and rural consumers in mind.

Zonal Sales Head, *Hindustan Coca-Cola Beverages Limited*, Tamilnadu, Kerala, Karnataka, Pondicherry and Port Blair.

- Handled world class brands - Coke, Limca, Diet Coke, Thumbs Up, Sprite, Fanta, Minute maid fruit juices, Schweppes and Burn energy drinks. Was responsible for sales and marketing of all these brands.
- Was responsible for 60 direct and 363 indirect reports.
- Created and appointed new distribution set up (about 350 distributors) within a span of six months for Coke's new division.

General Sales Manager, *Narang Access Private Limited*, South India & North India and Port Blair.

- Handled world class brands - Red Bull, Qua, Evian, Perrier, Orangina, Lindt, Illy and Rani. Was responsible for sales and marketing of all these brands.
- Was responsible for 21 direct and 243 indirect reports.
- Handled general trade, modern trade, on premise, Horeca channel, corporate channel in south India, having expert team for each channel to handle and excel in the respective channel.
- Handled a business of 150 crores achieving YoY growth of 70% to 100%, launching several successful brands.

General Manager - Sales and Logistics, *Vasan Publication Private Limited*, Pan India and Sri Lanka.

- Handled distribution, subscription, dispatches, publication and sales. Executed sales projects with a high degree of creativity to deliver strong growth.
- Was responsible for 12 direct and 135 indirect reports.
- Maintained lead market share and achieved all time low inventory, improving company profits drastically.
- Introduced modern trade outlets to this industry for regional languages and relaunched Ananda Vikatan after 85 years in a bigger size.

Regional Sales Manager, *Henkel Spic India Ltd.*, Andhra Pradesh and Karnataka.

- Executed new launches of Mr. White, Fa, Henko and Maha Bar, Henko Matic.,
- Achieved consistent business results in major cities like Hyderabad and Vizag.

Area Sales Manager, *Henkel Spic India Ltd.*, Andhra Pradesh, Tamilnadu and Port Blair.

- Executed sales projects with a high degree of creativity to deliver strong growth.
- State indexed consistent growth of over 15% by expanding coverage and distribution network.

Area Sales Manager, *Johnson & Johnson Ltd.*, Tamilnadu.

- Handled distribution association issues and removed 28 distributors without hampering business. Consistently achieved highest growth during these two years despite the distributor association problems.
- Relaunched Baby soap, Stayfree and Band aid.

Report on

Student Development Programme on “Startup ideas and Entrepreneurship in Social Science”

Conducted on Monday, 27th December 2021

Date: 31st December 2021

The Student Development Programme (SDP) on “**Startup Ideas and Entrepreneurship in Social Science**” was conducted on offline mode on Monday, 27th December 2021 for MBA students in the MBA department. The programme has begun at 1.45pm; the head of the department Dr.S.Baskaran has welcomed the resource person for the programme. Dhanush Gowda, a 3rd Semester Student briefed the profile of the resource person for the gathering. There were 35 students in total wherein 24 were girls and 11 were boys. Out of which there were 10 SC students have participated in the programme.

The speaker delivered on start up expectancy, ideas, mentoring, consultancy projects, and survival so on. He spoke about generation of ideas on relevant field in social science by in depth study and survey. He took a case study by showing a video and encouraged the students to interact in that regard. He assigned an activity among the students to generate funds from the initial investment or a seed capital and also suggested various sources of funds for budding start-ups and to become entrepreneur.

The speaker highlighted on the steps to begin Startups and the registration process. He also gave inputs on start up valuation.

Few glimpse of the SDP programme.

The programme extended till 5pm. Overall the students were enjoyed learning and satisfied in attending the programme. The vote of thanks was proposed by Dr. Leela M.H, Assistant Professor, and coordinator of the programme. Hence, overall programme held successfully.

WEBINAR REPORT

This International Webinar on “Retailing Landscape in FMCG Sector- A Global Perspective” on 16th October 2020 in the afternoon at 2.30 p.m. was organized by Dept. of MBA, , under the series of webinars organized by Dr AIT.

The resource person Mr. Guru Venkatachalam, is presently a Category Manager at Mondelēz International, United Kingdom. He is an Alumni of Dr. AIT 2006 batch. He accepted our invitation & agreed upon to share his knowledge with the participants about the Retailing landscape in FMCG sector. Mr. Guru gave an insight about the COVID impact on retail sector across the world. He shared statistics about difference between developing and developed markets in retailing and challenges retailers face and also category management strategies in FMCG sector. He gave a broad outline about how retailers use pricing, promotion and NPD’s to propel growth.

The Webinar was organized through Google meet platform (<https://meet.google.com/zio-wraf-txf>) at 2.30pm to 4.00pm on 16th October 2020. The total participants were around 143 including the speaker, out of which male were 61 and female were 82.

Introduction of the Speaker

Our distinguished speaker for today's Webinar strongly believes that "Your qualification is just a Paper, what matters is what you do with the Knowledge?"

Mr. Guru Venkatachalam is an alumnus (Batch: 2006) of our Institution who has a rich Corporate experience of 16 years across various markets. Currently Mr. Guru Venkatachalam has worked with companies like First Ring India Pvt. Ltd., Drass Mechatronics India Pvt. Ltd., Symphony Marketing Solutions. He is an expert in handling the key activities like Brand Overview, Category Overview, Price Elasticity Analysis, Market Structures and New Product Launch Analysis to help the top management on their decision making process. Worked across 8 different categories and three different markets (UK, US and India) with strong ability to understand the dynamics and pull out key insights.

He is currently associated with Mondelēz International in United Kingdom across various brands like Cadburys, Oreo, Belvita and Ritz as a Category Manager.

Webinar Report

Dr. Ambedkar Institute of Technology, Bengaluru, Department of Master of Computer Applications, is organising a webinar on “**Scope for Entrepreneurship Development in Atma-Nirbhar Bharath**” in association with **ISTE Student Chapter, Dr. AIT** on **11-06-2021 at 10.00 a.m.**

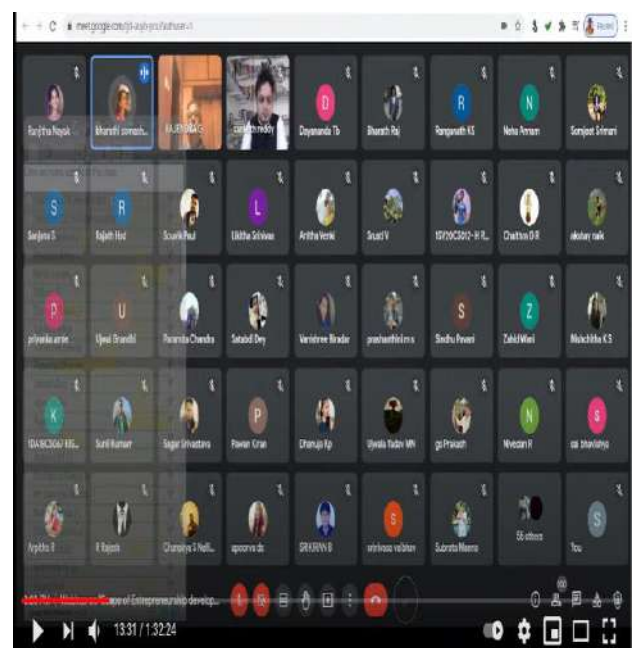

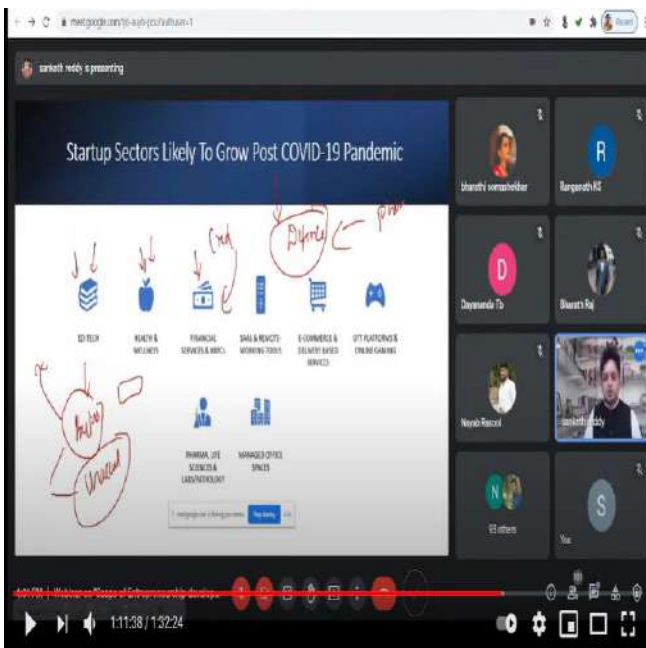

Resource Person: Sri. Sanketh Reddy, Chief Mentor, Anarghya IAS Academy, Bengaluru

Dr. G Rajendra
Principal, Dr. AIT

Mr. Sanketh Reddy
Resource Person

More than 350 participants have registered and participated in the webinar. HOD-MCA Dr. Bharathi.S welcomed Chief Convener Dr. G. Rajendra, Principal, Dr. AIT, Resource person Sri. Sanketh Reddy, Chief Mentor, Anarghya IAS Academy, Bengaluru and all the participants (Students and Faculties) to the Webinar.

The world is currently in the grip of a devastating pandemic, COVID-19, which has been causing widespread negative health, social and economic impacts. Speaker stressed on components such as Economy, Infrastructure, System, Demography, and Demand.

Following are the points covered in the webinar:

1. Atma- Nirbhar - it's not new to India.

History and evolution of Atma Nirbhar

2. GEM Trinity - Government+ Entrepreneur Market.

3. Basics of Atma Nirbhar

4. Components of Atma Nirbhar

5. Hum kahan hai. - where India stands with respect to human capital, infrastructure and innovation.

6. Atma Nirbhar and emerging opportunities post COVID-19.

Webinar is concluded with Question-and-answer Session and later with Vote of Thanks to resource person and all the participants.

Participants we enlightened with current stand as Atmanirbhar and finding opportunities post pandemic.

Coordinated by

Mrs. B. R. Shobha Rani, Associate Professor

Dr. S.K. Indumathi, Associate Professor

Dr. N.V. Dharani, Assistant Professor

Speaker Profile

Sanketh Reddy, as a chief mentor has 6 years of experience in mentoring Aspirants of competitive exams, he believes mentorship is the most rewarding experience of his life. Presently associated with Anarghya IAS Academy. He has helped many aspirants achieve their academic goals year after year. He believes that each and every student is capable of achieving their goals with right guidance and help. Sanketh is a mechanical engineering graduate from Bangalore University and has done masters in Physics and Environmental science

He teaches in a renowned institution known for Producing eminent and responsible civil servants for the society. They have given hope and opportunity to aspirants from various socio-economic backgrounds to realize their dream of becoming civil servants. They have worked hard to create an environment where the students have access to all that is required to prepare for the competitive exams effectively , efficiently and enthusiastically by ensuring them excellent guidance and Material

	How to conduct a webinar (E-Certificate, LIVE web hosting on YouTube)	

MCA DEPARTMENT PROFILE

The Master of Computer Applications program is accredited by National Board of Accreditation (NBA). This program was established in the year 1999 and is the first PG program started in Dr. Ambedkar Institute of Technology, which is affiliated to Visvesvaraya Technological University, Belagavi and Approved by All India Council for Technical Education(AICTE). Currently, this department is offering one PG program and one Ph.D. program in various specializations of Computer Applications. The MCA program received academic autonomy in the year 2016. There has been an increasing trend in the number of students getting placed in National and International IT companies and in top corporate bodies during the recent past. The faculty members are highly qualified and experienced with Doctorate degrees. The department is having five doctorate degree holders guiding 10 research scholars for their PhD degrees. The Department is equipped with state-of-the-art infrastructure and computing facilities with High speed Internet facility.

The Curricula and Syllabi of Master of Computer Applications (MCA) course offered by Dr.AIT is designed considering the need for different Software Houses in India and abroad and has a high job potential in IT Sector in India and abroad as per Outcome Based Education.

The Department is relentlessly striving to perceive and maintain academic excellence at the same time encourages the students to participate in various curricular, co-curricular and extra-curricular activities. A student friendly environment at Dr. AIT nurtures creativity, passion and leadership qualities among students for development of versatile personality & to become employable, creative thinkers in the country and in the world.

ABOUT FDP

A variety of tools can be used in the classroom to support student learning, ranging from traditional to high-tech options. A Learning Management System (LMS) is an online system or software used in eLearning programs and which helps in administration, documentation, tracking, and recording. This workshop covers Google's most popular tools – Google Groups, Google Classroom, Google Forms etc. are now staples for getting organized and getting work done. These collaborative friendly tools have revolutionized the way we communicate, work together, and store information online. Thus a teaching learning tools specifically helps to create, distribute, and manage the delivery of educational content for both students and faculty.

FDP Report

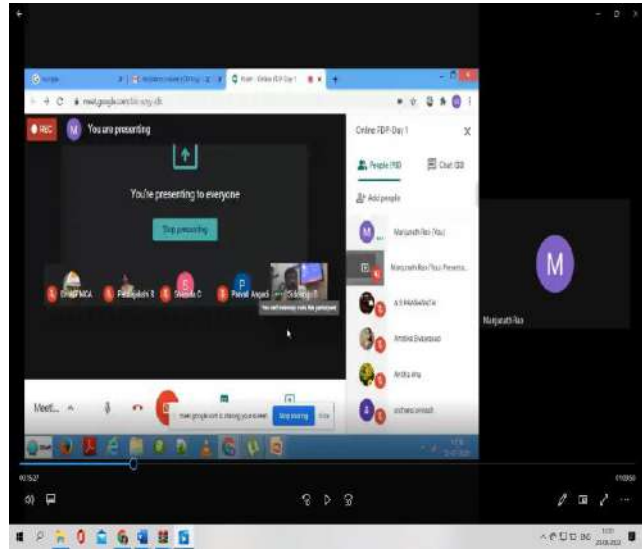

Dr. Ambedkar Institute of Technology, Bengaluru, Department of Master of Computer Applications, is organising Online Faculty Development Program on “**Online Teaching & Learning Tools**” on 22-24, July, 2020 organised by the Department of Master of Computer Applications, Dr. Ambedkar Institute of Technology, Bengaluru.

Resource Persons: Mrs. Shobha Rani, Associate Professor, Dr. Bharathi. S, Professor & Dr. L. Manjunatha Rao, Professor, Department of MCA, Dr. AIT.

More than 360 participants have registered and participated in the workshop using Google Meet as video conferencing tool. HOD-MCA Dr. L. Manjunatha Rao welcomed Chief Convener Dr. C. Nanjundaswamy, Principal, Dr. Siddaraju. S, Professor & Head (CSE), Dean (Academics) Dr. AIT Bengaluru and all the participants to the FDP.

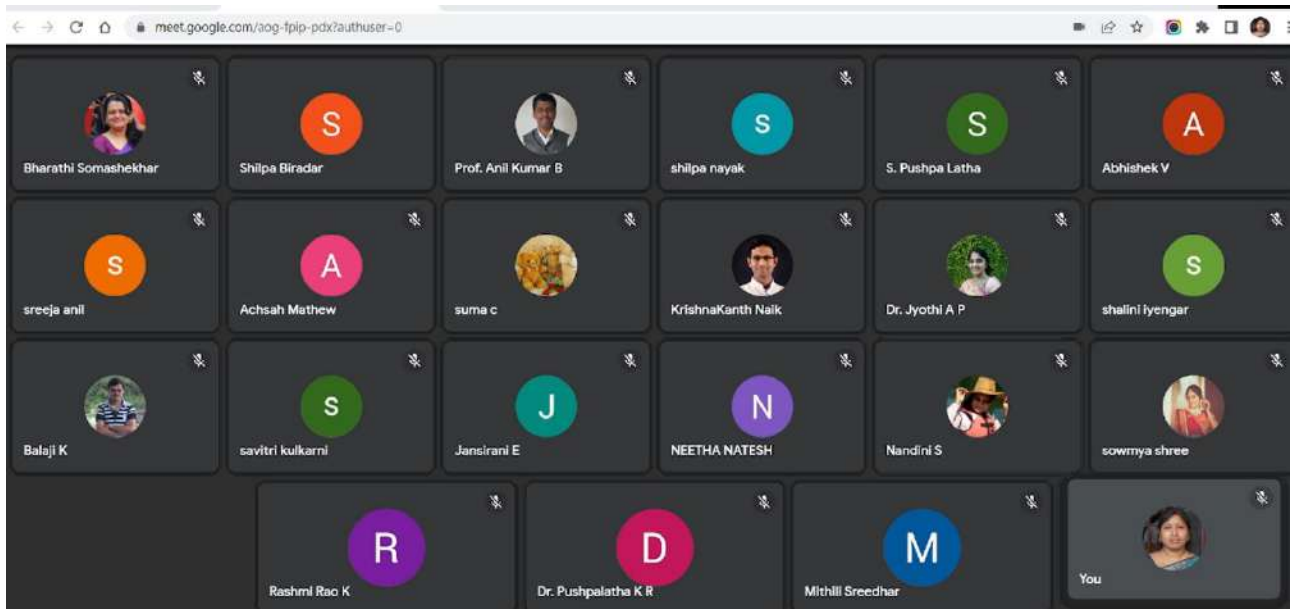

Principal addressing the program

Dean(Academics) addressing the event

Dr. L. Manjunatha Rao, HOD-MCA welcoming the dignitaries & participants

Participants attendeding the webinar

Day-1 : Introduction about the workshop was informed by Dr. L Manjunatha Rao, Professor & Head

About the Workshop:

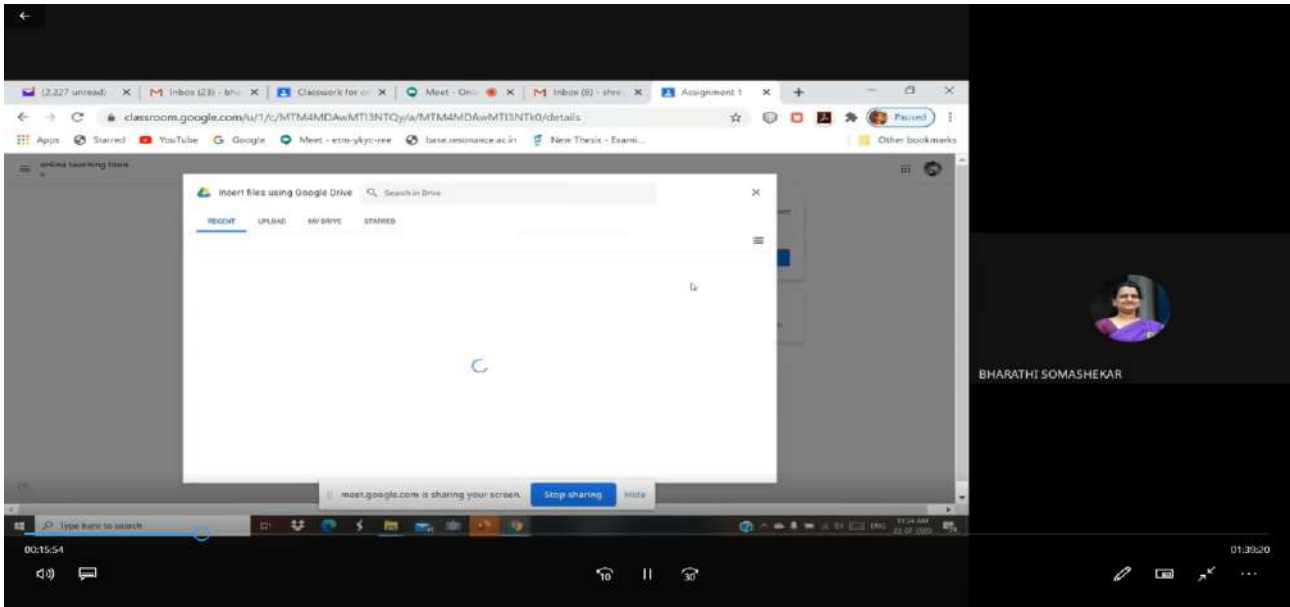

A variety of **tools** can be used in the classroom to support student **learning**, ranging from traditional to high-tech options. A **Learning Management System (LMS)** is an online system or software used in eLearning programs and which helps in administration, documentation, tracking, and recording. This workshop covers Google's most popular tools – Google Groups, Google Classroom, Google Forms etc. are now staples for getting organized and getting work done. These collaborative friendly tools have revolutionized the way we communicate, work together, and store information online. Thus a teaching learning tools specifically helps to create, distribute, and manage the delivery of educational content for both students and faculty.

Topics to be covered:

- **Introduction to Google Apps**
- To create Google Groups
- Use of Google Forms
- Creation of Google Classroom
- Use of Online Video Conference Tools (Meet, Zoom, Webex, etc.)
- To generate Online Certificates
- Web hosting Live using YouTube

Day-2: Dr. Bharathi discussed on topics related to Google forms and Google Classrooms

Demonstration on how to create a Google form and the features of Google Classrooms are explained by the speaker. Topics covered on Assignments, Customizable Grading System, Virtual Discussions, Announcements and Online video conferencing tools (Zoom, Google Meet, Webex..etc)

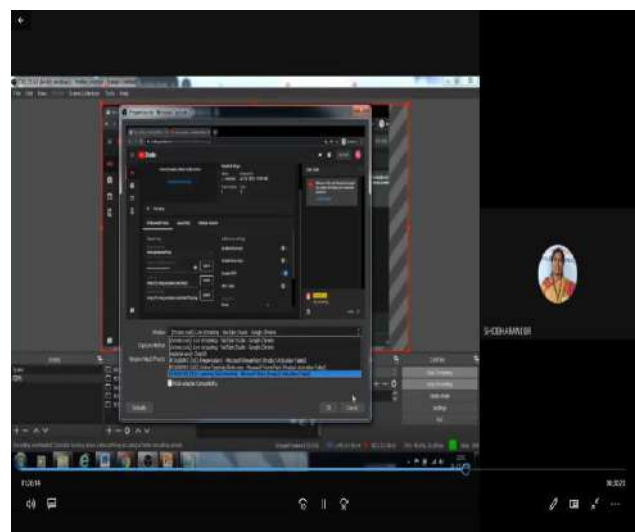

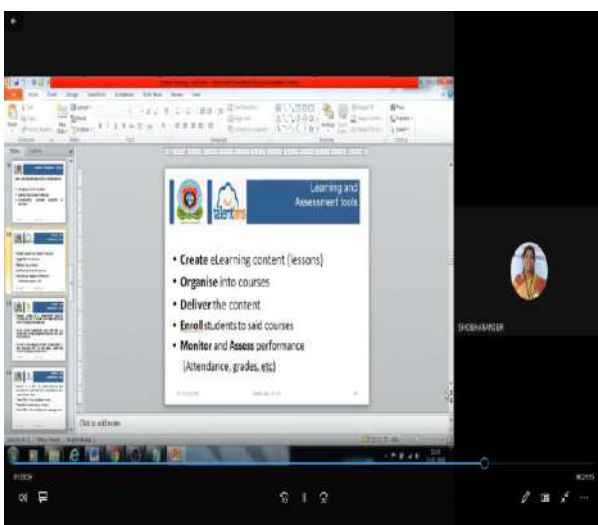

Dr. Bharathi. S delivering session on Google Classroom

Day-3: Mrs. Shobha Rani, Associate Professor discussed on Online Teaching Tools, generation of Online certificates and webhosting LIVE through YOUTUBE.

Topics covered related to Online Teaching & Learning tools are:

- MindMeister ,Mentimeter, Moodle Cloud
- TalentLMS, Exam.net, Zoomit, TalentLMS

Ms. Shobha Rani delivering session on Teaching -Learning tools & Session on LIVE streaming

- Use of OBS streaming software for LIVE hosting of the workshop.
- Creation of YouTube Link and managing the setting in OBS software.

The session was concluded with question and answers followed by vote of thanks to the speaker, HOD-MCA, faculties, staff and students.

Out of 454 participants registered,

(Note: Participants from different states such as Karnataka, Andhra Pradesh, Telangana, Tamil Nadu, Kerala, Maharashtra, Jammu & Kashmir, Uttar Pradesh, Punjab including international participants from Khaitan, Kure, Kuwait)

Faculty/staff- 403

Others participants-51

Coordinated & conducted by

Webinar Report

Dr. Ambedkar Institute of Technology, Bengaluru, Department of Master of Computer Applications, is organising Webinar Series on “**Current Trends in Artificial Intelligence**” and another webinar on “**Stress Management**” on 20th, June, 2020 organised by the Department of Master of Computer Applications, Dr. Ambedkar Institute of Technology, Bengaluru.

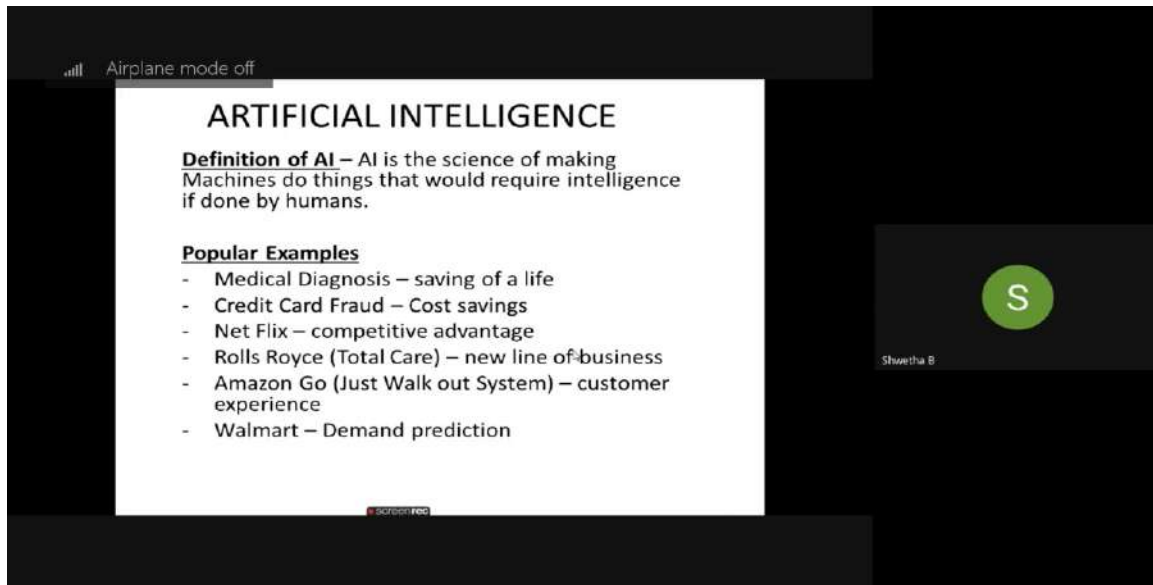

Resource Persons: Ms. Swetha Basavaraj, Project Manager, Infosys Ltd. Bengaluru & Mr. Lohith Y C, Project Manager, Amadeus Software Labs, Bengaluru.,

More than 184 participants have registered and participated in the webinar using Google Meet as video conferencing tool. HOD-MCA Dr. L. Manjunatha Rao welcomed Chief Convener Dr. C. Nanjundaswamy, Principal, Dr. Siddaraju. S, Professor & Head (CSE), Dean (Academics) Dr. AIT Bengaluru and all the participants to the webinar.

Dr. L. Manjunatha Rao, HOD-MCA welcoming the dignitaries & participants

Webinar on “Current Trends in Artificial Intelligence”

Airplane mode off

ARTIFICIAL INTELLIGENCE

Definition of AI – AI is the science of making Machines do things that would require intelligence if done by humans.

Popular Examples

- Medical Diagnosis – saving of a life
- Credit Card Fraud – Cost savings
- Net Flix – competitive advantage
- Rolls Royce (Total Care) – new line of business
- Amazon Go (Just Walk out System) – customer experience
- Walmart – Demand prediction

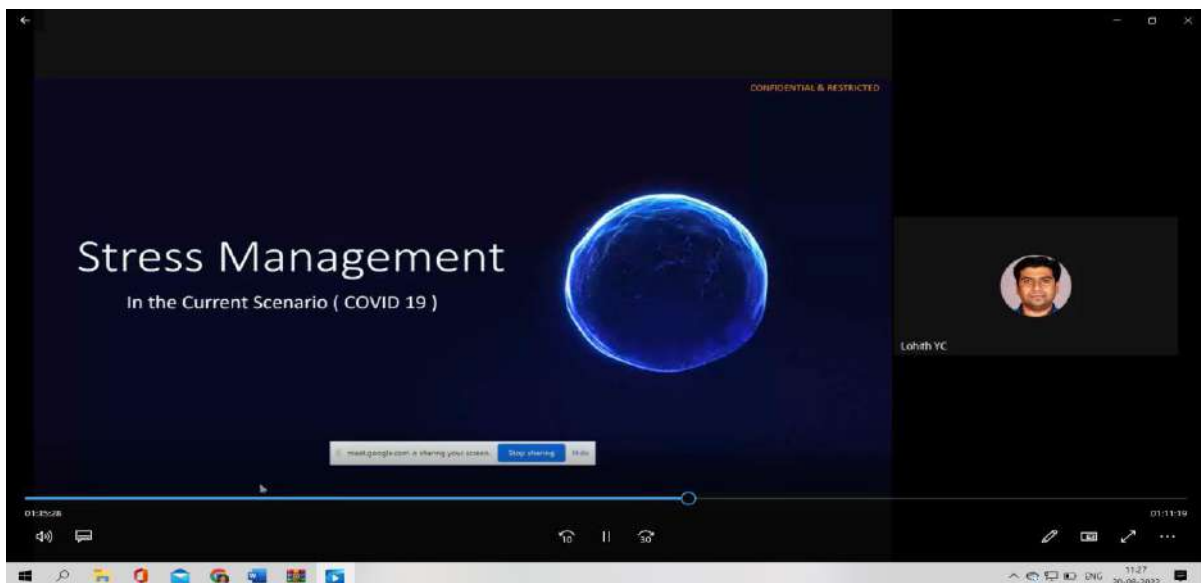

Shwetha B

Ms. Swetha, Infosys delivering session on AI

Topics covered in the session are:

- What is AI
- Applications of AI
- Types of Machine Learning -Supervised & Unsupervised
- Scenarios used in the industry
- Latest advancements in the industry-tools and techniques

Webinar on “Stress Management”

CONFIDENTIAL & RESTRICTED

Stress Management

In the Current Scenario (COVID 19)

Lohith YC

01:11:28 01:11:19

Speaker Mr. Lohith Y.C delivering session on Stress Management

Key points discussed

- **Re-balance Work and Home.**
- **Build in Regular Exercise.**
- **Eat Well and Limit Alcohol and Stimulants.**
- **Connect with Supportive People.**
- **Carve out Hobby Time.**
- **Practice Meditation, Stress Reduction or Yoga.**
- **Sleep Enough.**

Finally Deep Breathing exercise were instructed live in the session

Stopping and taking a few deep breaths can take the pressure off you right away. Speaker suggested to follow these 5 steps:

1. Sit in a comfortable position with your hands in your lap and your [feet](#) on the floor. Or you can lie down.
2. Close your [eyes](#).
3. Imagine yourself in a relaxing place. It can be on the beach, in a beautiful field of grass, or anywhere that gives you a peaceful feeling.
4. Slowly take deep breaths in and out. Instructed to do for 5 to 10 minutes at a time.

The session was concluded with question and answers followed by vote of thanks to the speakers, HOD-MCA, faculties, staff and students.

Coordinated by

Mrs. B. R. Shobha Rani, Associate Professor

Dr. Bharathi. S, Professor

Shwetha Basavaraj

Project Manager at Infosys

Bengaluru, Karnataka, India

Summary

Experienced Project Manager with a demonstrated history of working in the information technology and services industry. Skilled in Pre-sales, budgeting, commercials, Software Development Life Cycle (SDLC), Data Warehousing programs and Requirements Analysis. Strong program and project management professional.

Experience

Infosys

Project Manager

December 2017 - Present (2 years 7 months)

Bengaluru Area, India

Working for one of the largest cards and Payment client. Handling couple of portfolios which involves teams working in agile scrum methodology and includes Dev ops and Pods.

Also have operations oversight of entire account. This involves tracking to unit and organisation goals for account receivables, revenue at risk, gross margins and operating Margins, planned effort against budgets.

Infosys

Project Manager

August 2013 - February 2017 (3 years 7 months)

Bengaluru Area, India

Worked for a major banking client on their Major transformation Program which was creating a new scalable bank from the existing bank.

This was a very complex vendor delivery which involved migration of the entire platform including infrastructure, applications, third party software onto the new environment with the new setup performing the same functionalities.

- Put together complete project plan including schedule, project budget and risk assessment.

- Maintain risks and issues logs, produce weekly report for stakeholders, and report on progress to senior management at regular meeting groups.

- Assignment of project work to team members. Monitor team performance and conduct performance reviews.

- Review all project documentation including business requirements, test plans and technical specifications.
- Stakeholder management with internal and external clients, vendors and produce status updates to all.
- Handled operations for the program with 3000+ head count. Role involved commercial tracking and reporting to client, co ordinating billing, invoicing for the program. Responsible for PMO team which handled on boarding of people including BG check till on boarding and compliance tracking.

Infosys

9 years 9 months

Technology Lead

July 2010 - June 2013 (3 years)

Bengaluru Area, India

Worked for a large re-insurance client in Europe

- Managed team of 5+ members involved in 3-4 applications spread over various technologies like JAVA, PERL, Sybase, Oracle.
- Delivered multiple releases as per agreed business requirements within agreed timelines, budget and quality
- Co-ordinated with onshore team and client to gather requirement specifications and deliver the fixes/enhancements for final deployment.

Technology Lead

September 2006 - June 2010 (3 years 10 months)

Swindon, United Kingdom

Worked for one of the largest building society in UK on their Corporate Analytical Warehouse (CAW) program to meet their BASEL II requirements and corporate marketing analytics. The warehouse was built on SQL Server 2005 and size was more than 15 terabytes.

Was involved in various activities at the client location like

- stakeholder management
- performed data analysis and responded to business queries
- co ordinated with offshore team for deployment of various fixes/ enhancements to the data warehouse as per requirement specifications within agreed timelines, budget and quality
- Managed the offshore team and performed code reviews for the fixes/ enhancements with zero defects
- Got an award from the client for developing a complex query for one of their requirements which was published in their internal newsletters

Programmer Analyst

October 2003 - August 2006 (2 years 11 months)

Bengaluru Area, India

Worked for a global agro Swiss client in Europe. Involved in the entire life cycle of project which included requirement gathering, high level design, low level design, coding and testing, deployment in production and post deployment support. Managed end to end delivery of solutions. Technologies involved were ASP.NET and SQL Database.

Education

Dr. Ambedkar Institute Of Technology

Computer Science · (1999 - 2003)

Dr. AMBEDKAR INSTITUTE OF TECHNOLOGY, BENGALURU-56
(An Autonomous Institution, Approved by AICTE, Affiliated to VTU)

Webinar Series on
Current Trends in Artificial Intelligence & Stress Management
on 20th June 2020

Webinar Report

Dr. Ambedkar Institute of Technology, Bengaluru, Department of Master of Computer Applications, is organizing a webinar on "To Energize, Channelize and Motivate the Youth Power" in association with ISTE Student Chapter, Dr. AIT on 11-06-2021 at 10.00 a.m.

SPEAKER: Sri Sri Sri Swami Veerashanada Saraswathi,
President, Ramakrishna Vivekananda Ashrama, Tumakuru

More than 276 participants have registered and participated in the webinar. HOD-MCA Dr. L Manjunath Rao welcomed Chief Convener Dr. G. Rajendra, Principal, Dr. AIT, Resource person Sri Sri Sri Veerashanada Saraswathi President, Ramakrishna Vivekananda Ashrama, Tumakuru and all the participants (Students and Faculties) to the Webinar. Introduction about the speaker was done by Anitha J, Assistant Professor, Dr. AIT, Bangalore.

The world is presently in the clutch of a distressing pandemic, COVID-19, which has been causing extensive negative on health, social and economic impacts. Speaker stressed on mechanisms such as how to energize, channelize and Motivate the Youth Power among the students.

Webinar is concluded with Question and Session and later with Vote of Thanks to speaker and all the participants by Kavyashree N, Assistant Professor, Dr. AIT, Bangalore.

Coordinated by

Kavyashree N

Assistant Professor

Anitha J

Assistant Professor

Shailaja L K

Assistant Professor

Sri Sri Swami Veereshananda Saraswathi
President, Ramakrishna-Vivekananda Ashrama
Tumakuru-572 105, Karnataka, India

Qualification : B.E in Electronics and communication from Mysore University
Initiation into spiritual life : 1988
Source of Inspiration: Most Revered Swami Purushottamanandaji Maharaj, Ramakrishna Mission

Important programmes in which Swamiji participated and delivered lectures

1. Special Discourse in the 'All India Ramakrishna-Vivekananda Bhava Prachara Parishad Convention' held at Belur Math, Headquarters, Ramakrishna Mission, Kolkata, West Bengal.
2. 4th World Parliament of Religions : July 2004 at Barcelona, Spain.
3. Special Discourse in the National Cultural Festival at Turin Italy in 2006 and 2012.
4. 150th Birth anniversary celebration of Swami Vivekananda and Consecration of Sri Lalitha Parameshwari idol at Geethananda Ashrama in Altare, Italy, in 2012 September.
5. Chief Guest on 2018 International Yoga Day in Rome & Milan.
6. Veda Ghosha program at the residence of His Holiness Pope Francis in Vatican.
7. Special Invitee on 2018 International Yoga Day in Paris, France.
8. Special satsangs in London at Nehru Center, Indian Embassy, Swami Narayan Gurukula and Srilankan Community.
9. 'Akka Sammelan' in U.S.A : 2012, September.
10. 'International Leadership Training Camp' at Seoul, South Korea in 2007.
11. Special discourses for students in more than 70 Engineering colleges and more than 100 degree colleges.

Effective Programmes

Vidyarthi Devobhava

1. Special discourses for more than 10 lakh students in the last 25 years.
2. Scholarship schemes for financially poor students.
3. Competitive written examinations on books based on personality development have been conducted for around 1.5 lakh high school students in Tumakuru district and the neighbouring 5 districts from 1992 to 2015.
4. Vivekananda Yuvaka Sangha (Boys) , Nivedita Niketana (Girls) and Balaka Sanghas guiding youths on Values.

Acharya Devobhava

1. Discourses for more than 1 lakh teachers, TCH students, lecturers and professors.
2. Vivekananda Dhyeyanishta Shikshaka Sangha - Guidance to teachers on Moral and Spiritual topics.

Deena Devobhava

Srimata Sri Sharadadevi's birthday is celebrated as 'Jeevantha Durga Pooja Day' every year. On this occasion poor and destitute women dwelling in the slums are invited to Ashram and worshipped as Holy Mother Sharada Devi herself. They are given food grains, clothes and fed sumptuously. More than 8 thousand poor women have been benefited by this programme in the last 18 years

Literary Activities

1. 'Swami Vivekananda and Manava Abhyudaya' book published by Tumakuru University.
2. Audio CDs of discourses published by Gokhale Institute, Bengaluru.
3. 'Arive Guru' [Knowledge, the Teacher], an audio CD of discourses published by 'Radio Siddhartha', FM radio station of Sri Siddhartha University, Tumakuru.
4. 'Shankara Bhagavadpadara Bhakti Sudhe' an audio CD of Bhajans.
5. 'Jeevana Darshana', 'Maargadarshana' programmes on Doordarshan and 'Chintana' programmes on AIR
6. Editor of 'Viveka Deepti' bimonthly magazine of Tumakuru Ashrama.

Honours and Awards

1. Honorary Doctorate by Tumakuru University on 11-11-2011.
2. "Siddaganga Shree Shivakumara" award by world renowned Siddaganga Math.
3. 'Yerya' award [2014] by the Prestigious 'Canara Education Society', Mangalore.

Dr. AMBEDKAR INSTITUTE OF TECHNOLOGY, BENGALURU-56
 (An Autonomous Institution, Affiliated to VTU, Approved by AICTE, Accredited by NAAC)

Webinar Report

Dr. Ambedkar Institute of Technology, Bengaluru, Department of Master of Computer Applications, is organizing a webinar on “V2X Technology an Overview” at Dr. AIT on 15-08-2020 at 11.30 a.m.

SPEAKER: Sanjeev Kumar, Software Architect, Aricent, Bangalore

Webinar On V2X Technology An Overview

Dr. AMBEDKAR INSTITUTE OF TECHNOLOGY
 (Affiliated to VTU, Approved by AICTE & Recognized by Government of Karnataka)
DEPARTMENT OF MCA | Webinar

40

Dr. C. Nanjundaswamy
Principal, Dr. AIT
Chief Convener

More than 150 participants have registered and participated in the webinar. HOD-MCA Dr. L Manjunath Rao welcomed Chief Convener Dr. C. Nanjundaswamy, Principal, Dr. AIT, Resource person Sanjeev Kumar, Software Architect, Aricent, Bangalore, and all the participants (Students and Faculties) to the Webinar. Introduction about the speaker was done by Anitha J, Assistant Professor, Dr. AIT, Bangalore.

Major key points discussed:

- What is V2X Technology?
- Working of V2X
- Benefits of V2X Communication Technology
- Government Involvement
- Challenge for Designers

Webinar is concluded with Question and Session and later with Vote of Thanks to speaker and all the participants by Shailaja L K , Assistant Professor, Dr.AIT, Bangalore.

Coordinated by

Anitha J. Assistant Professor

Department of Medical Electronics

Brief report on webinar

Department of Medical Electronics conducted webinar on Biomedical Applications on Additive Manufacturing on 19/09/2020 by Prof. Y Ravi Kumar from NIT, Warangal. Speaker discussed about

- Introduction to Bio-Materials and Medical AM
- Cranioplasty:Modelling and Analysis of Cranial implants
- Dental implant placement
- Mandibular distraction Osteogenesis
- Ameloblastic fibroma of mandible / Cancerous bone reconstruction
- Tempero mandibular joint ankyloses
- Basal osseointegrated implant
- 3D Bio printing/ Organ printing

The speaker discussed about various Bio material for practical usage, their properties and applications, provided more knowledge on Bio Metals and Alloys, Bio Ceramic and Glasses, Bio Composite. During the session speaker introduced the students to the Applications of Additive Manufacturing, Medical Image Processing, Data Processing Software, and Fabrication of Physical Model. There were many case studies which were discussed during the webinar session and some of the important case studies include Digital Dentistry, Dental Aligners, and Hearing Aids, which were practically implemented and tested by his own team members. The speaker introduced the procedure of 3D organ printing/bio printing which was done in the lab that was setup by him in NIT, Warangal.

Dr. Yennam Ravi Kumar is Associate Professor in Mechanical Engineering Department at National Institute of Technology (NIT), Warangal. He obtained B.Tech Degree in Mechanical Engineering from JNTU, Kakinada in 2000, M.E in Computer Integrated Manufacturing (CIM) from PSG College of Technology, Coimbatore in 2002, Ph.D in Mechanical Engineering from Osmania University, Hyderabad in 2011 and Post-doctorial research in 3D Printing at Milwaukee School of Engineering, USA in 2012. He has supervised more than 30 M.Tech Projects and produced "04" Ph.D's and guiding "04" more Ph.D theses. He has published more than 70 research papers in National and International conferences and journals. He has filed "01" **International patent** and "02" **Indian patents** in the area of 3D Printing. He is instrumental in setting up **Rapid Prototyping laboratory** at NIT Warangal. He started **M.Tech Program in Additive Manufacturing** in collaboration with Central Manufacturing Technology Institute (CMTI) Bangalore, first time in India of its kind. He has established a world class "**Metal 3D Printing Facility**" at NIT Warangal under TEQIP-III grant. He has conducted more than "15" training programs across India and trained around "900" participants in the area of "3D Printing". He received "**Young Engineer of the Year 2009 Award**" from the Government of Andhra Pradesh and The Institute of Engineers (India). He has executed sponsored R&D Projects worth of **1.24 Crore Rupees** in the area of 3D Printing. He is the Life Member of ISTE, IE and RPSI Societies. He visited countries like **Australia, Sweden, Singapore, Finland, France and USA.**
