Subject: Letter of Appointment for Reviewer

Dear Sir/Madam,

I am pleased to inform you that you are selected as a Reviewer for Advances in Science, Technology and Engineering Systems Journal that is a well reputed Journal. The decision has been taken after keen evaluation of your research experience and scientific vision in the field of Telecommunications and Electronic Engineering with reviewer code(s) RVEEE0037 and RVTEL0010.

Your appointment is intended for a period of five years subject to the condition that your services are found satisfactory, useful to the organization and acceptable to the Members of the Governing Body. In addition to fairness in judgment and expertise in the field, you have significant responsibilities toward authors.

- Providing written, unbiased feedback in a timely manner on the scholarly merits and the scientific value of the work, together with the documented basis for the reviewer's opinion
- Indicating whether the writing is clear, concise, and relevant and rating the work's composition, scientific accuracy, originality, and interest to the journal's readers
- Avoiding personal comments or criticism
- Maintaining the confidentiality of the review process: not sharing, discussing with third parties, or disclosing information from the reviewed paper

Please note that no honorarium/ remuneration will be paid for your services which are totally voluntary to journal. Our offer of appointment is purely temporary and your services may be terminated at any time without any prior notice without assigning any reasons in case you violate the rules and regulations of ASTES Journal.

Sincerely,

Prof. Passerini Kazmerski
Editor-in-Chief

Dear Sir,

Greetings from REVA University!!

Wish you a happy and Prosperous New Year!!

This is to bring to your kind notice that we are organizing a first REVA Research Conclave (RRC) in association with Education Promotion for India (EPSI) on 1-2, March, 2018. The theme of RRC is "**Digitization: Challenges and Opportunities for Society and Economy**". The objectives of RRC are to provide a platform for great thinkers from science, industry, academia and society to share their views on a wide range of topics across the streams and also to provide a platform for researchers to showcase their research outcomes before expert panelists and seek future directions.

As part of RRC, we have organized progress review meeting for our PhD research Scholars. In view of this, we are very happy to inform that you have been invited as a key note speaker on 02-03-2018. The subject is shape memory alloys and its characterization techniques. Key note speaker time duration is one hour. Also, I would like to remind you that to submit the article on shape memory alloys on or before 14th of February without fail.

We look forward to a positive confirmation. Kindly confirm your acceptance for the date and oblige.

Thanking you,
