Dear EE Graduate Program Applicant:

Per your previous admission deferral request, you are now admitted to the **Fall 2021** Graduate Program in Electrical Engineering at San José State University. Your admission status is **Conditionally Classified Standing**, meaning you must satisfy the following conditions in order to become a fully classified student: Successfully complete two of the three graduate core courses, EE210, EE22 L, or EE250, with a grade of "B" or better in each course. Note that all students (conditionally classified and fully classified) are required to complete two core courses. The only difference between conditionally and fully classified is the requirement of the "B" or better grade in each core course. **Please keep the previous acceptance letter and this letter for your records.**

Because SJSU is in the heart of the Silicon Valley, you will have the privilege of easy access to a network of internships with local companies. This provides you the opportunity to gain working experience while attending school and at the same time earning income. The internship experience is very valuable because it often leads to employment after graduation. Moreover, you can apply for on-campus part-time work as a Teaching Associate (TA), Instructional Student Assistant (ISA), or Student Assistant (SA). About 80% of our graduate students receive an internship stipend or financial assistance through campus employment.

For the Fall 2021 semester, **San José State University** is planning for an anticipated return to delivering courses primarily in person, and the **Electrical Engineering Department** will be offering in-person and hybrid courses for students. We will keep you updated with the program status via email, please check your email frequently. There will be a department **Graduate Student Orientation/Advising Session** from 18:00 - 19:00 on **Tuesday August 17, 2021 (California time)**. The orientation will be online via Zoom and information will be emailed to you one week before the orientation date. In this orientation session, the Graduate Advisor and Graduate Coordinator will be available to discuss MSEE degree requirements, help you in selecting a specialization advisor, and provide answers to your questions. **It is important that you attend the orientation.** Note that department meetings and/or orientations are different from the university ones.

The EE Department's website is at <http://ee.sjsu.edu/>. Most important, please find all the information you need to know under the Graduate Program link at <http://ee.sjsu.edu/content/graduate-program>, where the "What Newly Admitted Students Need to Know" and the "FAQs" links will be very helpful to you.

Please do not contact the EE Department for financial and/or payment information. You can find that information at <http://www.sjsu.edu/bursar>.
