

Dr. Ambedkar Institute of Technology
Department of Medical Electronics Engineering

Response from the Students, Alumni, Employer faculty were collected in person and online via survey and questionnaires in various quarterly semester basis. The quality of the teaching, the student discipline, Lab facilities, Infrastructure amenities, Services, Sports, Cultural activities and examination system. The parameters such as startups, employability like placement. Also on educational cultural Social and economic matter were considered. The feedback designed not only for the betterment but also to take the peak level, to achieve the goals set by the department. As observed from the feedback analysis we admit the component of industry innovation and startup component to be enhanced.

Signature of the Senior faculty.
