Electronics & Telecommunication Engineering Department

Based on Stakeholders feedback, the following recommendations are made during internal and external BOS meetings.

The Feedback Analysis Committee designs and collects feedback from its stakeholders to monitor and evaluate its performance quality on curriculum and curriculum related issues. The feedback forms were collected from students, teachers, employers, alumni .

- It was suggested to have a Latest technologies such as Business Intelligence, Cloud Infrastructure Services to be introduced as per industry needs.
- MOU is required with industry and made mandatory for the students to work there for Internships and Projects to create bridge between industry and Academia.
- Students suggested to add new courses like Machine Learning, Deep Learning etc in the curriculum .
- MOOC certification courses to be made mandatory for practical oriented subjects.
- Employability related courses such as Data Science, Machine Learning, Internet of Things, introduction to Robotics are suggested to be incorporated in the syllabus.
- Placement training is made mandatory at the institute level by accommodating in the time table for the upcoming batches, to help students to enhance the aptitude and soft.
- Alumni Appreciated the process of curriculum framing and are ready to have association with the department to help in curriculum framing , delivering technical talk.
