D. Corrective measures taken:

Action is taken when any faculty receives **NOT SATISFACTORY** performance.

- Faculty Feedback Counselling Committee is framed.
- Counselling is done by the **Faculty Feedback Counselling Committee** Headed by HOD and few senior Faculty to those faculty members who have secured low scores and negative comments, if any, in the feedback. This motivates them to improve their skills and abilities.

During Counselling these factors are discussed with respective faculty

- a) Problems they are facing while teaching the particular subject.
 - b) Availability of materials to match the syllabus framed.
 - c) Reason for selecting the subject.
 - d) Need for training.
 - e) Suggest them to put their full effort to teach the particular subject.
- If required training / orientation programmes are conducted by professional experts to master the skills of faculty members in the nuances of teaching, thus improving efficiency of teaching-learning process.

Dr. Ramesh S
Prof. and Head
