Dr. B. R. Ambedkar

About Webinar

COVID-19 Pandemic is driving an essential change in We know the adage "Time changes and we with time!" and in the similar vein we would like to say that the our education system and this is not just another must embrace the change for sustainability through efficient utilization of technology and new methods of change - it is a tectonic change! Our education system educating our millennials. As COVID-19 has challenged our existence, we are standing up to the challenge through new approaches and mindset changes. For instance, we see organizations, employees, parents, students etc., have changed the notion of not being productive or not being able to learn from home or work from home. This is a notion of the bygone era.

It is critical to learn from COVID-19 experiences and be up to bigger changes as COVID-19 or the current lockdown may not be the last one we see - there could work towards it in a constructive manner. This is so challenges, we need to develop ground-breaking innovative solutions in the fields of Healthcare, be new viruses / strains and more lockdowns. Just the way, we talk about AD and BC (CE) in chronology of date or timelines, the world will start talking about Pre-COVID-19 and Post-COVID-19 era very soon. We are talking about change and the change we are talking happens overnight. We must acknowledge the global impact of the COVID-19 and much more applicable to our education domain as we trends. Value creation is playing a key role in our sustainability during COVID-19 pandemic. We have for tracing primarily infected patients and their contacts. To better prepare for world's future shape the future of the World; we live in by imparting quality education with ever-changing approaches and effectively utilized many digital tools and technologies such as Artificial Intelligence (AI) and mobile phones Education, Supply Chain and Agriculture, seldom

Objectives:

- To discuss new Post COVID-19 researches to be carried out by breaking away from traditional approaches.
 - To discuss how we can ensure our continued efforts can bring great results that are pandemic-proof in the area of Education and rechnology.

Purpose of Education is to Morali

About the Webinar

significantly disrupted the Technical Education across the world. It has also posed serious challenges to the existing system of Technical Education in India. The pandemic has challenged our existence and we are standing up to the challenge through new approaches and mindset changes. For instance, we see organizations, employees, parents, being productive or not being able to learn from home or "work from home". This is a notion of students, etc., have changed the notion of not The COVID-19 Pandemic has the bygone era.

The COVID-19 pandemic has no doubt reshaped the way many of us approach pedagogy. Online should be seized as an opportunity to develop new techniques to impart an education that and blended learning approaches have been adopted by several education institutions in developed countries. The current situation would be user-friendly and accessible to all.

Education and Government Institutions willing to possible? Will reforms be effective? Are ever be a global solution? Will institutions revert Can these challenges be mitigated? Are reforms invest adequate resources? Can blended learning to the models of Education that were implemented during pre-COVID era?

Objectives:

- 1. Paradigm shift in Teaching-Learning ahead.
- How to discover the right blends between Outcome-Based Education: the bigger need online and offline methods of Education.
- Mitigating the psychological impact of COVID pandemic on Learners. 4.
- Education sector is undergoing a tectonic shift towards distance learning. iri

Report of DAY 1

Session 1 (10. 00am to 11.15am):

<u>Session 1</u> of the first day started at 10.00am on 05/03/2021 in ECE seminar hall and was presented by Devadas Pai, CEO Nanocell Networks, Bengaluru. The Session was started with a brief introduction of overview of 1G,2G,3G,4G. With this overview he went on explaining 5G technology. There were many topics covered during the session like the importance of 5G, 5G spectrum, objectives of 5G, requirements & KPI's, vision of 5G, services and requirements, uRLLC and mMTC requirements.

An Autonomous Institution, Aided by Govt. of Karnataka, Affiliated to VTU, Belagavi

Session 2 (11. 45am to 1.15pm):

The Session was started with a brief introduction of Network architecture of 5G.In briefing about network architecture, it was covered that 5G is effectively a dynamic, coherent and flexible framework of multiple advanced technologies supporting a variety of applications. 5G utilizes a more intelligent architecture, with Radio Access Networks (RANs) no longer constrained by base station proximity or complex infrastructure. 5G leads the way towards disaggregated, flexible and virtual RAN with new interfaces creating additional data access points. The 3rd Generation Partnership Project (3GPP) covers telecommunication technologies including RAN, core transport networks and service capabilities. 3GPP has provided complete system specifications for 5G network architecture which is much more service oriented than previous generations. The various topics covered network slicing, 5G enablers and technologies.

An Autonomous Institution, Aided by Govt. of Karnataka, Affiliated to VTU, Belagavi

Session 3 (2. 00pm to 3.30pm):

The Session was started with a brief introduction of Futuristic 5G and research perspective. Various topics covered in this session were Recent trends in mobile communication, 5G, Research perspective. Wireless communication started from 1970s and it was continuously upgraded to 5G. That is in next four decades, a mobile wireless technology has evolved from 1G to 5G generations. Fifth generation wireless mobile communication systems offer very high bandwidth that user never experienced before and it gives new advanced features which makes it most powerful and in huge demand in the future. The current trends of different wireless and mobile communications technologies are present such as third generation mobile networks (UMTS-Universal Mobile Telecommunication system with CDMA2000), fourth generation mobile technology LTE (Long Time Evolution), WiMAX, as well as sensor and personal area networks (e.g. Bluetooth). Figure 1 shows the evolution of mobile communication systems with more services, data, use and benefits to the upcoming generation over 4G.5G will be smarter technology with no limits and to interconnect the whole world without limits.

An Autonomous Institution, Aided by Govt. of Karnataka, Affiliated to VTU, Belagavi

Report of DAY 2

Session 4 (10. 00am to 11.15am):

The Session was started with an Radio Planning and optimization-4G and 5G.

The speaker discussed about 5G network planning and optimization by giving an overview to the planning methods and processes applicable from the 4G era, and new considerations for 5G. He also discussed the key requirements for 5G planning, including flexibility and high reliability, need for multiple network and radio access technology layers, high mobility and connectivity between networks and devices, precise positioning, and high security. Aspects on 5G radio network planning, including coverage, capacity, and parameter planning, evolved radio link budget and its adjustment based on use cases.

An Autonomous Institution, Aided by Govt. of Karnataka, Affiliated to VTU, Belagavi

Session 5 (11. 45am to 1.15pm):

The Session was started with an introduction to Short ranged wireless devices.

Popular wireless technologies, low power wide area wireless LAN, cellular networks, SIGFOX/LORA module etc.. The speaker briefed about LTE/SAE system architecture evolution, E-UTRAN structure, comparison of LTE with 3G, LTE Features, LTE characteristics, 3G frequency band distribution, Spectrum challenges. This great rush to make everything wireless has produced a flood of different wireless technologies and protocols. Some were established primarily for one application, while others are more general and have many uses. Wireless has become a major feature for just about every new electronic product. The range of applications is staggering, from simple toys to consumer electronic products to industrial automation.

An Autonomous Institution, Aided by Govt. of Karnataka, Affiliated to VTU, Belagavi

Session 6 (2. 45pm to 3.30pm):

The Session was started with an introduction of LTE subframe structure for TDD operation.OFDM time frequency structure, subcarrier types, OFDMA principle, Inter symbol interference. The speaker discussed about 5G evolution and Timeline, 5G application scenarios and requirements, 4G vs 5G RAN architecture, 3GPP 5G RATs.

<u>Valedictory (3:30 PM to 4:00PM): After the last session valedictory was held from 3:30 PM to 4:00PM.</u>

One Day Online Webinar on

"Multicarrier and MIMO in 4G and 5G"

on 03/02/2021

In Association with ISTE Student Chapter, Dr. AIT Organized by

Department of Electronics and Communication, Dr. AIT

A One Day Online Webinar on "Multicarrier and MIMO in 4G and 5G" was organized for Students (UG, PG) Faculty, Research Scholars and interested participants of any Department from all over India on 3rd Feb 2021, with Chief Coordination by **Dr. Ramesh S,** Prof. and Head, Dept. of ECE and coordinated by,**Dr Umadevi H,** Professor, Dept. of ECE, **Dr. Shilpa. K C**, Assistant Professor, Dept. of ECE, **Ms. Shwetha N**, Assistant Professor, Dept. of ECE and **Mrs. Sangeetha N**, Assistant Professor, Dept. of ECE.

Around 281 participants had registered including 115 female and 166 male participants from different states like Karnataka, Kerala, Chennai, Andhra Pradesh, Telangana, Uttar Pradesh etc. Resource person for this webinar was **Dr S Ravishankar**, **Professor**, **Dept. of Electronics and Communication Engineering**, **RV college of Engineering**, who has enormous academic experience and has shared knowledge through webinars and technical talks with faculty and students of various colleges.

Inaugural Session of the webinar started at 10.30 AM with Welcome address by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE, followed by HOD's Address to participants, **Dr Umadevi H**, Coordinator, Professor Dept. of ECE introduced the Resource Person, **Dr S Ravishankar** and session was handed over to the speaker.

The Details of one day webinar is as follows:

Date and Time	Topics	Trainer
03/02/2021	Inauguration	
10:30 am		
	 Definition of 5G Technology 	Dr S Ravishankar,
03/02/2021	Practical Applications of 5GTechnology	Professor, Dept. of Electronics and Communication Engineering,
10:40 am	Challenges in 5G Technology	RV college of Engineering
	 Different Algorithms used in 5G Technology 	

Session was followed by a Valedictory Function which was attended by coordinators and participants wherein Vote of Thanks was presented by Mrs. Sangeetha N, Coordinator, Asst. Professor Dept. of ECE and certificates were automatically mailed to participants on providing or filling the Feedback Form, thus one day webinar for Students was successfully completed.

About the Department

About the Organization

Dr. Ambedicar Institute of Technology IDr. AITi was established in the year 1980 by Panchajanya Vidyapeeta Welfare Trust (FVPWT) Bengalore: PVPWT is founded by Late Sri. M. H. Jayenrakash Naravan. The Institution was started with three AICTE approved undergraduate [UG] programmes in Departments of Civil Engineering, Mechanical Engineering and Electrical and Electronics Engineering (EES). Later UG programmes in Electronics and Communication Engineering, Industrial Engineering and Management, Instrumentation Technology, Computer Science and Engineering, Telecommunication Engineering, Information Science and Engineering and Medical Electronics, were also inducted. In addition, the institution currently also helds 14 research centres recognized by Viswesvaraya Technological University [VTU], Belagavi. The college has grown manifold with a total student intake of 1285 pursuing courses in ten undergraduate, ten postgraduate programmes (PG) of engineering including MEA, MCA and MSc [Engg] by research/Doctoral Programmes. The Institution is aided by Government of Karnataka, approved by Al India Council for Technical Education (AICTE), New Delhi and is affiliated to VTU, Belagavi, Most of the courses are accredited by National Board of Accreditation (NBA) and institution is accredited by National Assessment and Accreditation Council (NAAC) with W' Grade. The college was granted with Autonomous Status by DGC during 2007 and the college implemented the same during 2010-11 scademic year.

D. GROSSIAN AND PLATE BY THE PARTIES.

Dr. S. Ravishankar, RV College of Engineering

prizes in intercollegiate technical activities.

Session will be delivered by

Vision Statement of **ECE Program**

"To excel in education and research in Electronics and Communication Engineering and its related areas through its integrated activities"

Mission Statement Of ECE Program

>To provide students a strong foundation in Electronics and Communication Engineering

>To provide high quality technical education in Electronics and Communication Engineering discipline and its related areas to meet the growing needs and challenges of industry and society.

>To be a contributor to the technology through the process of skill development, value based education, research and innovation.

Coordinators:

Dr. Umadevi H.,

Professor, Dept. of ECE umadevi ec@drait.edu.in, Mob: 9680324895

Asst. Professor, Dept. of ECE shilpake ecadrait edu in, Mob 9591915533

Ms. Shwetha N., Asst. Professor, Dept. of ECE. ahweths.ec@drait.edu.in, Mob:9663207843

Mrs. Sangootha N. Asst. Professor, Dept. of ECE sangeethapramed.eo@drast.edu.in, Meb: 9945444117

Objectives of the Course

- Understand short comings of single Carrier Transmission for Broadband applications in wireline and wireless
- Understand the basics of Multicarrier Modulation in overcoming the drawback of single Transmission
- Identify Types and Features of Multicarrier Modulation employed in LTE 4G, 5G and in ADSL 2, VDSL 2
- Analyse LTE 4G network Architecture and radio interface protocols for call handling and mobility
- Understand the use of MIMO in LTE 4G, 50 and in DSL

Who can register:

Registration is free and is open to all Students, Faculty, Research Scholars and interested candidates of any stream

https://forms.gle/nyXydMMtsVy4CW6d7

Scan this QR code for registration

- Session will be handled through Platform Google meet
- ◆ The session will be conducted for 2 hours on 03-02-2021, Wednessday, 10:30 AM onwards
- ◆E-certificate will be provided after successful completion of course
- ◆Register as soon as possible, as the number of participants is limited

PROFILE

Name: Dr. S. Ravishankar

Designation: Professor ECE Department

Organization: R V College of Engineering

Phone: 9845106136 (Mob) and 67178302 (Office)

Email: ravishankars@rvce.edu.in

Profile:

- Dr. Ravishankar completed his BE (Hons) from BITS Pilani, MTech from IIT Kharagpur and PhD from IIT Madras in Electrical - Communication Engineering in 1986.
- Since 1979 for a span of 32 years he was employed in development activities across three Industries.
 - o For the first 20 years he was with the Satcom Lab, Transmission R&D of Indian Telephone Industries Bangalore where he was intensively involved in the complete development cycle from design, engineering, prototyping and Customer approval of VSAT Offset Reflector Antennas, FMSCPC-Modems and Intermediate Data Rate (IDR) Digital Modems with Digital voice Multiplexer Demultiplexer for VSAT applications.
 - Thereafter for the next 12 years he worked in the wireline signal processing domain as a DSP Systems Engineer on Broadband DSL Modem Chipsets with two US based Companies viz; Texas Instruments and Centillium Inc.
- Dr. Ravishankar has been associated with ECE Department of R V College of Engineering since 2004 where he is now a full time Professor.
 - O He has successfully guided Ten PhD's under the auspices of VTU, on specific aspects in the area of wireline signal processing, Electromagnetics and antenna array signal processing. Further, as a Principal Investigator in RVCE he has completed five well-funded projects totaling to 2.2 Crores from ISRO and DRDO. Three of the five funded projects involved development of Lens based array antennas with Adaptive Steering; and the two other projects with NPOL Cochin involved the development of algorithms and specialized proof of Concept Multicarrier Modems for broadband transmission of underwater sonar data and underwater Multicarrier acoustic modems.
 - Currently executing a funded project on Graded Index Lens Array antenna for AICTE.
- Dr. Ravishankar has Five papers in IEEE Transactions (Antennas and Propagation, Selected Areas in Communication) and 20 papers in IEEE Society premier conferences (APS-URSI, RWW and IMS-MTT, ICC-Comsoc). The IEEE press book on Dielectric Antennas acknowledges his analytical method of Spherical lenses as the most accurate procedure thus far. Dr. Ravishankar is currently a Senior Member of IEEE.
- He has two US patents in wireline and array signal processing assigned to Texas Instruments, and three Indian patents one in Redundancy switchover units assigned to ITI Bengaluru, and the others on wireline loop topology estimation and Array signal Parameter Estimation assigned to RVCE.

One Day Online Webinar on

"Anomaly Detection for Real time Monitoring systems using signal processing techniques"

on 26/05/2021

In Association with ISTE Student Chapter, Dr. AIT Organized by

Department of Electronics and Communication, Dr. AIT

A One Day Online Webinar on "Anamoly Detection for Real time Monitoring systems using signal processing techniques" was organized for Students (UG, PG) Faculty, Research Scholars and interested participants of any Department from all over India on 26th May 2021, with Chief Coordination by **Dr. Ramesh S,** Prof. and Head, Dept. of ECE and coordinated by, **Dr. Shilpa. K C**, Assistant Professor, Dept. of ECE, **Ms. Shwetha N**, Assistant Professor, Dept. of ECE and **Mrs. Sangeetha N**, Assistant Professor, Dept. of ECE.

Around 281 participants had registered including 115 female and 166 male participants from different states like Karnataka, Kerala, Chennai, Andra Pradesh, Telangana, Uttar Pradesh etc. Resource person for this webinar was **Dr Kushal Kumar Shah, Associate Professor, EECS, Dept. of Electrical Engineering and Computer Sciences, Indian Institute of Science, Research and Education, Bhopal.** who has enormous academic experience and has shared knowledge through webinars and technical talks with faculty and students of various colleges.

Inaugural Session of the webinar started at 10.30 AM with Welcome address by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE, followed by HOD's Address to participants, Ms. Shwetha N., Coordinator, Asst. Professor Dept. of ECE introduced the Resource Person, **Dr Kushal Kumar Shah** and session was handed over to the speaker.

The Details of one day webinar is as follows:

Date and Time	Topics	Trainer
26/05/2021	Inauguration	
10:30 am		
	 Definition of Anamoly Detection 	Dr Kushal Kumar Shah
26/05/2021	Practical Applications of Anamoly Detection	Associate Professor, EECS Dept. of Electrical Engineering and Computer Sciences
10:40 am	Challenges in Anamoly Detection	Indian Institute of Science Research and
	 Different Algorithms used in Anamoly Detection 	Education,Bhopal

Session was followed by a Valedictory Function which was attended by coordinators and participants wherein Vote of Thanks was presented by Mrs. Sangeetha N, Coordinator, Asst. Professor Dept. of ECE and certificates were automatically mailed to participants on providing or filling the Feedback Form, thus one day webinar for Students was successfully completed.

Vision Statement of ECE Program

"To excel in education and research in Electronics and Communication Engineering and its related areas through its integrated activities"

Mission Statement Of ECE Program

>To provide students a strong foundation in Electronics Communication Engineering

>To provide high quality technical education in Electronics Communication Engineering discipline and its related areas to meet the growing needs challenges of industry and society.

>To be a contributor to the technology through the process of skill development, value based education, research and innovation.

Chief Conveners:

Dr. G. Rajendra, Principal, Dr A.I.T, Bengaluru.

Dr. Siddaraju Dean (Academics) Dr A.I.T. Bengaluru.

Chief Coordinator:

Dr. Ramesh S. Professor & Head, Dept. of ECE, Dr A.I.T, Bengaluru

Coordinators:

Mrs. Sangeethe N, Asst. Professor, Dept. of ECE sangesthas remod conduct sets in, Mob 9945444117

Ms. Shwetha N., Asst Professor, Dept. of BCS shwetha.ec@drait.edu.in, Mob.9663207843

Dr. Shilpa K. C., Asst. Professor, Dept. of BCR shilpake.eo@drait.edu.in, Mob.9591915533

Objective of webinar:

- Understand definition of Anomaly
- Understand the practical applications
- of Anomaly Detection?
- · Understand the challenges in Anomaly Detection
- · Understand different algorithms used for Anomaly Detection.

Who can register:

Registration is free and is open to students, faculty, research scholar and interested candidates from any stream

One Day Online Webinar on

"Job Title Normalization using Bert Embedding and its Impact over Job Recommendation"

on 30/04/2021

In Association with ISTE Student Chapter, Dr. AIT Organized by

Department of Electronics and Communication, Dr. AIT

A One Day Online Webinar on "Job Title Normalization using Bert Embedding and its Impact over Job Recommendation" was organized for Students (UG, PG) Faculty, Research Scholars and interested participants of any Department from all over India on 30th April 2021, with Chief Coordination by **Dr. Ramesh S,** Prof. and Head, Dept. of ECE and coordinated by, **Dr. Shilpa. K C**, Assistant Professor, Dept. of ECE, **Mr. Anand H. D**, Assistant Professor, Dept. of ECE, **Ms. Shwetha N**, Assistant Professor, Dept. of ECE and **Mrs. Sangeetha N**, Assistant Professor, Dept. of ECE.

Around 163 participants had registered including 87 female and 76 male participants from different states like Karnataka, Kerala, Chennai, Andhra Pradesh, Telangana, Uttar Pradesh etc. Resource person **Dr Abhay Kumar Alok,Machine Learning Scientist, IIT Patna** for this webinar was who has enormous academic experience and has shared knowledge through webinars and technical talks with faculty and students of various colleges.

Inaugural Session of the webinar started at 10.30 AM with Welcome address by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE, followed by HOD's Address to participants, Ms. Shwetha N., Coordinator, Asst. Professor Dept. of ECE introduced the Resource Person, **Dr Abhay Kumar Alok** and session was handed over to the speaker.

The Details of one day webinar is as follows:

Date and Time	Topics	Trainer
30/04/2021	Inauguration	
10:30 am	8	
	 Introduction to Natural Language Processing 	Dr Abhay Kumar Alok, Machine Learning Scientist,
30/04/2021	Highlights of Bert Embedding	IIT Patna
10:40 am	Systems Motivation for design	
	Stock of the implementation	
	Challenges and Progress achieved	

Session was followed by a Valedictory Function which was attended by coordinators and participants wherein Vote of Thanks was presented by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE and certificates were automatically mailed to participants on providing or filling the Feedback Form, thus one day webinar for Students was successfully completed.

Vision Statement of **ECE Program**

"To excel in education and research in Electronics and Communication Engineering and its related areas through its integrated activities"

Mission Statement Of ECE Program

>To provide students a strong foundation in Electronics and Communication Engineering

>To provide high quality technical education in Electronics Communication Engineering discipline and its related areas to meet the growing needs and challenges of industry and society.

>To be a contributor to the technology through the process of skill development, value based education, research and innovation.

Chief Conveners:

Dr. G. Rajendra,

Principal, Dr A.I.T, Bengaluru.

Dr. Siddaraju

Dean (Academics) Dr A.I.T, Bengaluru.

Resource Person Details

Dr. Abhay Alok

Principal Data Science Manager at Phenom People Hyderabad, Telangana, India

Working on core critical problems as Enhance user adoption metrics, Customer life time value, Engagement score and optimization by using different dimension of AI/ML, Deep learning and NLP and NLG techniques.

Experience

Principal Data Science manager

Feb 2022 - Present4 months

Hyderabad, Telangana, India

Using data and AI to truly understand the customer behaviour and enhancing the candidate experience across all the platform. Moving progressively in a direction to serve billions of people to get a right job.

Data Science Manager

May 2021 - Mar 202211 months

Hyderabad, Telangana, India

Identify customer behaviour pattern, their life time value, engagement score, forecasting different pattern traits using statistical and machine learning models.

Machine Learning Scientist

Sep 2018 - Apr 20212 years 8 months

Hyderabad Area, India

Machine Learning, knowledge graph, prediction modelling, deep learning, data science, NLP

Research Scholar

Jul 2011 - Jul 20165 years 1 month

IIT Patna Bihar

To pursue technological innovations in multiobjective optimization, machine learning evolutionary

algorithm and pattern recognition with particular focus on issues like supervised classification, unsupervised clustering, cluster validity index and semi-supervised clustering and classification, Feature selection

Ph.D Scholar

Jul 2010 - Jul 20166 years 1 month

Patna Area, India

Evolutionary Algorithm, Multi-objective optimization Techniques, Gene Expression Data, Remote Sensing Satellite Image Segmentation, MR Brain Image Segmentation, Semi-Supervised Clustering, Feature Selection, Higher Dimension Reduction Technique.

Panchajanya Vidya Peetha Welfare Trust (R)

Dr. RML Avadh University, Ayodya

One Day Online Webinar on "Biped Robot and its control"

on 03/05/2021

In Association with ISTE Student Chapter, Dr. AIT Organized by

Department of Electronics and Communication, Dr. AIT

A One Day Online Webinar on "**Biped robot and its control**" was organized for Students (UG, PG) Faculty, Research Scholars and interested participants of any Department from all over India on 3rd May 2021, with Chief Coordination by **Dr. Ramesh S,** Prof. and Head, Dept. of ECE and coordinated by, **Dr. Shilpa. K C**, Assistant Professor, Dept. of ECE, **Mr. Anand H. D**, Assistant Professor, Dept. of ECE, **Ms. Shwetha N**, Assistant Professor, Dept. of ECE and **Mrs. Sangeetha N**, Assistant Professor, Dept. of ECE.

Around 665 participants had registered including 278 female and 387 male participants from different states like Karnataka, Kerala, Chennai, Andra Pradesh, Telangana, Uttar Pradesh etc. Resource person for this webinar was **Dr Ravi kumar Mandava**, **Assitant Professor**, **Dept. of Mechanical Engineering**, **NIT**, **Bhopal** who has enormous academic experience and has shared knowledge through webinars and technical talks with faculty and students of various colleges.

Inaugural Session of the webinar started at 10.30 AM with Welcome address by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE, followed by HOD's Address to participants, Ms. Shwetha N., Coordinator, Asst. Professor Dept. of ECE introduced the Resource Person **Dr Ravi kumar Mandava** and session was handed over to the speaker.

The Details of one day webinar is as follows:

Date and Time	Topics	Trainer
03/05/2021 10:30 am	Inauguration	
03/05/2021 10:40 am	 Introduction to Robotics Highlights of Biped robots Motivation for design Stock of the implementation Challenges and Progress achieved 	Dr Ravi kumar Mandava, Assitant Professor, Dept. of Mechanical Engineering, NIT, Bhopal

Session was followed by a Valedictory Function which was attended by coordinators and participants wherein Vote of Thanks was presented by **Mr. Anand H. D**, Coordinator, Asst. Professor Dept. of ECE and certificates were automatically mailed to participants on providing or filling the Feedback Form, thus one day webinar for Students was successfully completed.

Vision Statement of ECE Program

"To excel in education and research in Electronics and Communication Engineering and its related areas through its integrated activities"

Mission Statement Of ECE Program

>To provide students a strong foundation in Electronics Communication Engineering

>To provide high quality technical Electronics education in and Communication Engineering discipline and its related areas to meet the growing needs and challenges of industry and society.

> To be a contributor to the technology through the process of skill development, value based education, research and innovation.

Chief Conveners:

Dr. G. Rajendra, Principal, Dr A.I.T, Bengaluru.

Dr. Siddaraju

Dean (Academics) Dr A.I.T, Bengaluru.

Chief Coordinator:

Dr. Ramesh S.

Professor & Head, Dept. of ECE, Dr A.I.T. Bengaluru

Coordinators:

Dr. Shilpa K. C.,

Asst Professor, Dept. of ECB shilpake.ec@drait.edu.in, Mob.9591915533

Mrs. Saugeetha N, Asst. Professor, Dept. of ECE sangesthapramod ec@drait etu.in, Mob. 9945444117

Asst. Professor, Dept. of BCE anandhd.ec@drait.edu.in, Mob. 9644518832

Ms. Shwethn N., Asst. Professor, Dept. of BCB shwetha.sc@drait.edu.in, Mob.9663207843

Who can register:

Registration is free and is open to students, faculty, research scholar and interested candidates from any stream

One Day Online Webinar on "Microelectronics Technologies for sensors and Systems"

on 24/04/2021

In Association with ISTE Student Chapter, Dr. AIT Organized by

Department of Electronics and Communication, Dr. AIT

A One Day Online Webinar on "Microelectronics Technlogies for sensors and Systems" was organized for Students (UG, PG) Faculty, Research Scholars and interested participants of any Department from all over India on 24th April 2021, with Chief Coordination by **Dr. Ramesh S,** Prof. and Head, Dept. of ECE and coordinated by, **Dr. Shilpa. K C**, Assistant Professor, Dept. of ECE, **Mr. Anand H. D**, Assistant Professor, Dept. of ECE, Ms. **Shwetha N**, Assistant Professor, Dept. of ECE and **Mrs. Sangeetha N**, Assistant Professor, Dept. of ECE.

Around 240 participants had registered including 102 female and 138 male participants from different states like Karnataka, Kerala, Chennai, Andra Pradesh, Telangana, Uttar Pradesh etc. Resource person for this webinar was **Dr Hardik Jeetendra Pandya**, **Professor**, **Dept. of Electronics Systems Engineering**, **Division of EECS**, **IISC Bengaluru**, **Renowned NPTEL instructor** who has enormous academic experience and has shared knowledge through webinars and technical talks with faculty and students of various colleges.

Inaugural Session of the webinar started at 10.30 AM with Welcome address by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE, followed by HOD's Address to participants, Ms. Shwetha N., Coordinator, Asst. Professor Dept. of ECE introduced the Resource Person, Dr **Hardik Jeetendra Pandya** and session was handed over to the speaker.

The Details of one day webinar is as follows:

Date and Time	Topics	Trainer
24/04/2021	Inauguration	
10:30 am		
	Introduction to Microelectronics systems	Dr Hardik Jeetendra Pandya, Professor,
24/04/2021 10:40 am	 Highlights of Microelectronics sensors 	Dept. of Electronics Systems Engineering, Division of EECS,
	Motivation for design	IISC Bengaluru, Renowned NPTEL instructor
	 Stock of the implementation Challenges and Progress achieved 	

Session was followed by a Valedictory Function which was attended by coordinators and participants wherein Vote of Thanks was presented by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE and certificates were automatically mailed to participants on providing or filling the Feedback Form, thus one day webinar for Students was successfully completed.

About the Organization

Dr. Ambedkar Institute of Technology [Dr AIT] was established in the year 1980 by Panchajanya Vidyapeeta Welfare Trust (PVPWT) Bangalore. PVPWT is founded by Late Sri. M. H. Jayaprakash Narayan. The Institution was started with three AICTE approved undergraduate [UG] programmes in Departments of Civil Engineering. Mechanical Engineering and Electrical and Electronics Engineering [EEE]. Later UG programmes in Electronics and Communication Engineering, Industrial Engineering and Management, Instrumentation Technology, Computer Science and Engineering, Telecommunication Engineering, Information Science and Engineering and Medical Electronics, were also inducted. In addition, the institution currently also holds 14 research centres recognized by Vigyesvaraya Technological University [VTU], Belagavi. The college has grown manifold with a total student intake of 1285 pursuing courses in ten undergraduate, ten postgraduate programmes IPGI of engineering including MBA, MCA and MSc (Engg.) by research/Doctoral Programmes. The Institution is aided by Gozemment of Karnataka, approved by All India Council for Technical Education (AICTE), New Delhi and is affiliated to VTU, Belagavi. Most of the courses are accredited by National Board of Accreditation (NBA) and institution is accredited by National Assessment and Accreditation Council [NAAC] with 'A' Grade. The college was granted with Autonomous Status by UGC during 2007 and the college implemented the same during 2010-11 academic year.

About the Department

The Department of Electronics and Comm. Engineering came into grant-in-aid of Government of Karnataka in 1993. The UG course has been started in the year 1982 with an intake of 60 and presently UG Program Intake is 189. The PG course M.Tech in VLSI Design and Embedded Systems was started in 2005-2004 with an intake of 19. Staffs are highly qualified and also the members of prestigious professional bodies like IEEE, ISTE, SSI and CSI IEEE student chapter has been setup Students have participated and won prizes in intercollegate technical activities.

Session will be delivered by Dr. Hardik Jeetendra Pandya

Professor, Department of Electronic

Systems Engineering, Division of EECS, IISc,

Bengaluru

Vision Statement of ECE Program

"To excel in education and research in Electronics and Communication Engineering and its related areas through its integrated activities"

Mission Statement Of ECE Program

≻To provide students a strong foundation in Electronics and Communication Engineering

>To provide high quality technical education in Electronics and Communication Engineering discipline and its related areas to meet the growing needs and challenges of industry and society.

➤To be a contributor to the technology through the process of skill development, value based education, research and innovation.

One Day Online Webinar on "Insights of National Education Policy-(NEP)"

on 21/05/2021

In Association with ISTE Student Chapter, Dr. AIT Organized by

Department of Electronics and Communication, Dr. AIT

A One Day Online Webinar on "Insights of National Education Policy-(NEP)" was organized for Students (UG, PG) Faculty, Research Scholars and interested participants of any Department from all over India on 21st May 2021, with Chief Coordination by **Dr. Ramesh S,** Prof. and Head, Dept. of ECE and coordinated by, **Dr. Shilpa. K C**, Assistant Professor, Dept. of ECE, Dept. of ECE, Ms. Shwetha N, Assistant Professor, Dept. of ECE and Mrs. Sangeetha N, Assistant Professor, Dept. of ECE.

Around 268 participants had registered including 129 female and 140 male participants from different states like Karnataka, Kerala, Chennai, Andhra Pradesh, Telangana, Uttar Pradesh etc. Resource person for this webinar was **Prof. Ramamurthy Natarajan, Former Chairman AICTE, Former Director IIT Madras,** who has enormous academic experience and has shared knowledge through webinars and technical talks with faculty and students of various colleges.

Inaugural Session of the webinar started at 10.30 AM with Welcome address by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE, followed by HOD's Address to participants, Ms. Shwetha N., Coordinator, Asst. Professor Dept. of ECE introduced the Resource Person, **Prof. Ramamurthy Natarajan** and session was handed over to the speaker.

The Details of one day webinar is as follows:

Date and Time	Topics	Trainer
21/05/2021 10:30 am	Inauguration	
21/05/2021 10:40 am	 Introduction to National education policy Highlights of NEP Motivation for policy initiatives Stock of the implementation Challenges and Progress achieved 	Prof. Ramamurthy Natarajan, Former Chairman AICTE, Former Director IIT Madras,

Session was followed by a Valedictory Function which was attended by coordinators and participants wherein Vote of Thanks was presented by Mrs. Sangeetha N, Coordinator, Asst. Professor Dept. of ECE and certificates were automatically mailed to participants on providing or filling the Feedback Form, thus one day webinar for Students was successfully completed.

- Session will be handled through online Platform Google meet
- The session will be conducted for 2 hours on 21-05-2021, Friday, 11:00 AM onwards
- E-certificate will be provided after successful completion of course
- Register as soon as possible, as the number of participants is limited

Objectives of Webinar

- ♦ To understand the highlights of NEP 2020
- ♦ To appreciate the motivation for the Policy Initiatives
- ♦ To take stock of the Implementation challenges and the progress achieved

Outcomes of Webinar

- Shift from Rote Learning to Practical Learning
- Organized Learning in School
- Organized Pre-School Education
- Flexibility in Selection of Subjects
- ♦ More Focus on Tech-Based Learning
- ◆Focus on Teacher's Training
- ♦ Internships and Work Experience

INSTITUTE OF ENGINEERING TECHNOLOGY

Dr. RML Avadh University, Ayodya

One Day Online Webinar on

"Recent Advancements in Adaptive Antenna Technology" on 10/02/2021

In Association with ISTE Student Chapter, Dr. AIT

Organized by Department of Electronics and Communication, Dr. AIT

A One Day Online Webinar on "Recent Advancements in Adaptive Antenna Technology" was organized for Students (UG, PG) Faculty, Research Scholars and interested participants of any Department from all over India on 10th February 2021, with Chief Coordination by **Dr. Ramesh S,** Prof. and Head, Dept. of ECE and coordinated by, **Dr. Shilpa. K C**, Assistant Professor, Dept. of ECE, **Mr. Anand H. D**, Assistant Professor, Dept. of ECE, **Ms. Shwetha N**, Assistant Professor, Dept. of ECE and **Mrs. Sangeetha N**, Assistant Professor, Dept. of ECE.

Around 135 participants had registered including 62 female and 71 male participants from different states like Karnataka, Kerala, Chennai, Andra Pradesh, Telangana, Uttar Pradesh etc. Resource person for this webinar was **Dr. Veerendra Dakulagi, Dean(R & D), Associate Professor, Dept. of ECE, Gurunanak Dev Engineer College, Bidar and Postdoc from Lincoln University Malaysia** who has enormous academic experience and has shared knowledge through webinars and technical talks with faculty and students of various colleges.

Inaugural Session of the webinar started at 10.30 AM with Welcome address by Dr. Shilpa K C, Coordinator, Asst. Professor Dept. of ECE, followed by HOD's Address to participants, Ms. Shwetha N., Coordinator, Asst. Professor Dept. of ECE introduced the Resource Person, Dr. Veerendra Dakulagi and session was handed over to the speaker.

The Details of one day webinar is as follows:

DATE AND TIME	Topics	Trainer
10/02/2021 10:30 am	INAGURATIO	N
10/02/2021 10:40 am	 Introduction to Smart Antenna System Signal Models of Smart Antenna System Adaptive Beam formers Robust Adaptive Blind Beam formers Advances in DOA estimation methods Practical Realization using DSP 	Dr. Veerendra Dakulagi, Dean(R & D), Associate Professor, Dept. of ECE, Gurunanak Dev Engineer College, Bidar

Session was followed by a Valedictory Function which was attended by coordinators and participants wherein Vote of Thanks was presented by Mrs. Sangeetha N, Coordinator, Asst. Professor Dept. of ECE and certificates were automatically mailed to participants on providing or filling the Feedback Form, thus one day webinar for Students was successfully completed.

Vision Statement of **ECE Program**

"To excel in education and research in **Electronics and Communication** Engineering and its related areas through its integrated activities"

Mission Statement Of ECE Program

>To provide students a strong foundation in **Electronics and Communication Engineering**

>To provide high quality technical education in Electronics and Communication Engineering discipline and its related areas to meet the growing needs and challenges of industry and

>To be a contributor to the technology through the process of skill development, value based education, research and innovation.

Chief Conveners

Dr. G. Rajendra, Principal, Dr A.I.T, Bengaluru.

Dr. Siddaraju

Dean (Academics) Dr A.I.T, Bengaluru.

Chief Coordinator

Dr. Ramesh S, Professor & Head, Dept. of ECE, Dr A.I.T, Bengaluru

Coordinators:

Dr. Shitpa K. C., Asst. Professor, Dept. of ECE shilpakc.eo@drait.edu.in, Mob:9591915533

Mr. Anand H. D. Asst. Professor, Dept. of ECE anandhd.ec@drait.edu.in, Mob: 9844518832

Ma. Shwetha N., Asst. Professor, Dept. of ECE shwetha.ec@drait.edu.in, Mob:9663207843

Mrs. Sangeetha N, Asst. Professor, Dept. of ECE sangesthapramod.co@drait.edu.in, Mob: 9945444117

Who can register:

Registration is free and is open to all Students, Faculty, Research Scholars and interested candidates of any engineering stream

Click below link

https://forms.gle/yjSiqkWRx6NrJoXM9

Scan this QR code for registration

Objectives of the Course

- > Introduction to Smart Antenna System
- Understand Signal Models of Smart Antenna System
- Understand Adaptive Beam formers, Adaptive Blind Beam Robust formers
- Identify Advances in direction of arrival estimation methods
- Practical realization using Digital Signal Processor
 - Session will be handled through online Platform Google meet
 - The session will be conducted for 2 hours on 10-02-2021, Wednessday, 10:30 AM onwards
 - E-certificate will be provided after successful completion of course
 - Register as soon as possible, as the number of participants is limited

RESOURCE PERSONS

Dr. M. H. Kori,

Technology Consultant, Former Technical Director, Alcatel Lucent Technologies, Immediate Past Chairman IMAPS India

Dr. Goutham Simha G D

Assistant Professor, dept. Electronics and Communications Engineering, MIT, Manipal

Dr. Pallaviram Sure,

Department of ECE, Faculty of Engineering And Technology Ramaiah University of Applied Sciences, Bangalore

Mr. Kishan Kittur

Senior Analyst, Application Development, Accenture

Mr. Naveen Chandra C

Director, Nawin Gurukula, Senior Network Engineer, Wipro Infotech

Dr. Kiran Trivedi,

Associate Professor, Shantilal Shah Engineering College, Gujarat, India

ABOUT THE ORGANIZATION

Dr. Ambedkar Institute Of Technology is managed by Panchajanya Vidya Peetha Welfare Trust (Regd.) was established by late Sri. M.H. Jayaprakash Narayan in 1979. The institute is affiliated to Visvesvaraya Technological University (VTU), Belagavi and is Accredited by AICTE. The institute has been accredited by NAAC with 'A' grade and is mentee institute for Institution of Engineering & Technology, Dr. Ram Manohar Lohia Avad University, Faizabad, Uttar Pradesh most of the programmes are accredited by NBA a part from 10 disciplines of Engineering, the institute also offers MCA, MBA and M. Tech. programs in various specializations. The institute is one among the 14 colleges selected for receiving the world bank assistance under the Technical Education Quality Improvement Programme (TEQIP) through the government of India.

ABOUT THE DEPARTMENT

The Dept. of Electronics and Communication Engineering came into grant-in-aid of Government of Karnataka in 1992. the UG course has been started in the year 1982 with an intake of 60 and presently UG program intake is 180. The PG course M.Tech in VLSI Design and Embedded Systems was started in 2003-2004 with an intake of 18. Staffs are highly qualified and also the members of prestigious professional bodies like IEEE, ISTE, SSI and CSI. IEEE student chapter has been setup. Students have participated and won prizes in intercollegiate technical activities.

National Level Five Days Virtual FDP

O

"Research Directions in Wireless Communication"

From 17/08/2020 to 21/08/2020 **Sponsored by**

ISTE

Organized by **Dept. of Electronics And Communication Engineering**

Chief Convener:

Dr. C. Nanjundaswamy, Principal, Dr A.I.T, Bengaluru

Convener:

Dr.Ramapati Mishra,

Director, IET Ayodhya

Convener:

Dr. Siddaraju,

Dean (A), Dr A.I.T, Bengaluru

ISTE Coordinator:

Dr. S.Vasudev Murthy

EEE department, Dr A.I.T, Bengaluru

Chief Coordinator:

Dr. S Ramesh

Prof. and Head of the Dept. of ECE Dr A.I.T, Bengaluru

Coordinators:

B S Sudha, Associate Professor Dr. Tanuja P, Assistant Professor Mala Sinnoor, Assistant Professor Triveni, Assistant Professor Ripal Patel, Assistant Professor Dept. of ECE, Dr A.I.T, Bengaluru.

Vision

To excel in education and research in Electronics and Communication Engineering and its related areas through its integrated activities.

Mission

- To provide students a strong foundation in Electronics and Communication Engineering.
- To provide high quality technical education in Electronics and Communication Engineering discipline and its related areas to meet the growing needs and challenges of industry and society.
- To be a contributor to technology through the process of skill development, value based education, research and innovation.

About the FDP

Wireless communication plays a crucial role in day to day life. Besides communication, wireless technology has become a significant part of our daily activities. The transmission of data or information from one place to another wirelessly is referred as wireless communication. This provides an exchange of data without any conductor through RF and radio signals.

For Contact:

Email: malasinnoor@dr-ait.org
Email: ripal.patel@dr-ait.org

Overview of FDP

This FDP aims to provide the participants with the focus set of research directions to reflect the latest research results on advance issue in wireless communication. In last decade the research on wireless communication has been strongly focused on development of 5G, MIMO technologies and Cognitive radio network. 5G wireless communications expect to bring both high spectrum efficiency and high energy efficiency. By activating a subset of certain communication building blocks, such as antenna, subcarrier, and time slot, index modulation is claimed to have the potential to meet the challenging 5G needs. With the use of MIMO, better system capacity performance and user experience can be achieved.

Registration Fee: Rs 100/-

Google pay mobile number: 7600128687

Registration Link:

https://forms.gle/v2DYjApRYiyiVuEm6

Last date for registration:

On or before 16^h August 2020.

E-Certificate will be issued to the regular Attendees of the FDP after submission of feedback.

Report on National Level Five days virtual FDP on "Research Directions in Wireless Communication" from 17/08/2020 to 21/08/2020 Sponsored by ISTE, organized by Dr.

Affiliated to VTU, Belagavi

The Department of Electronics and Communication Engineering in association withInstitute of Engineering & Technology, Dr. RammanoharLohiaAvadh University. Ayodhya, U.P., has organized National Level Five days virtual FDP on "Research Directions in Wireless Communication" in Dr. Ambedkar Institute of Technology, Bengalurufrom 17/08/2020 to 21/08/2020 Sponsored by ISTE.

The Head of the Department, Dr. S Ramesh, Professor in ECE Department, along with the Coordination of B S Sudha, Associate Professor, Dr.Tanuja P, Assistant Professor, Mala Sinnoor, Assistant Professor, Triveni, Assistant Professor, Ripal Patel, Assistant Professor, Dept. of ECE, Dr A.I.T, Bengaluru, has inaugurated the event at 10 AM in ECE Seminar Hall with the inspirational thoughts and practical experiences.

Total number of participants for the FDP was 75

Ambedkar Institute of Technology, Bengaluru.

	No. of participants from	No. of participants outside
	Karnataka	Karnataka
Female Participants	50	12
Male Participants	25	10
Researcher	30	18

Report of DAY 1

Day one session started at 10.30am 0n 17/08/2020 in ECE seminar hall. The first day session was presented by Dr. M. H. Kori, Technology Consultant, Former Technical Director, Alcatel Lucent Technologies, Immediate Past Chairman IMAPS India.

The Session was started with brief introduction on Research direction in Wireless Communication. There were many topics covered during the session like Global Wireless Standards for WAN, MAN, LAN and PAN, Wireless Technologies in walkie-talkie, LOS/NLOS/ Troposcatter, VHF/UHF/Microwave, NFC, Body Communications. And later he briefed what are different Wirelessstandard. He also briefed on the evolution of Wireless and Mobile communication. Later he went on explaining Mobilecellular like 3G-Full-fledged WCDMA, HSDPA, WIMAX, 4G-LTE implemented and Technologies for 5G and beyond.

The three Principle dimensions in 5G- eMBB, mMTC and URLLC were discussed in detail and the challenges in research of 5G and mobile communication were also discussed with the participants.

Report of DAY 2

Day two session started at 10.30am 0n 18/08/2020 in ECE seminar hall. The second day session was presented by Dr. Goutham Simha G D, Assistant Professor, Department of ECE, MIT, Manipal, Karnataka.

The session was started with basic concept and recent development of SM-MIMO and IM-OFDM. Different from the approach therein, presenter aim to establish a unifying framework for general IM techniques, and provide indepth discussions on the SE and EE issues. Note that both SM-MIMO and IM-OFDM end up using less medium resources relative to traditional MIMO-OFDM, in that only a subset of transmit antennas or frequency subcarriers are activated. Nevertheless, they tend to achieve more EE and SE that are urged by 5G.

Report of DAY 3

Day three session started at 10.30am On 19/08/2020 in ECE seminar hall. The third day session was presented by Dr. Pallaviram Sure, Faculty of ECE, Ramaiah University of Applied Science, Bangalore, Karnataka

The session was started with how next-generation cellular systems will enable advanced data analysis techniques to achieve efficient service quality management and network automation. The Bayesian Network (BN) is used for the reliability prediction of throughput. The forecast is to predict future test results through parameter estimation. In the studied Bayesian network learning stage, the load of the base station, user location and moving speed all affect the user's received signal-to noise ratio (SNR) and signal interference plus noise ratio (SINR). The test result is the probability or number of times that throughput of a low-speed mobile user satisfies the threshold. The speaker also showed simulation results that the model can well infer the user's throughput under low speed movement conditions.

Report of DAY 4

Day fourth session started at 10.30am 0n 20/08/2020 in ECE seminar hall. The fourth day session was presented by Mr. Kishan Kittur, Senior Analyst, Accenture, Bangalore, Karnataka and Mr. Navven Chandra, Network Engineer, Wipro, Bangalore, Karnataka

The session started with DevOps. Itis a combination of software development and information technology operations that enables businesses to deliver applications at a faster pace. It brings together development and operations teams so there are fewer redundancies in the software development process. There was a growing divide between the product's creation and its support before the world of DevOps. The silos led to delays in production. Even after Agile methodology got customers, developers, managers, and QA working together, operations, and infrastructure wasn't addressed. The product's delivery and infrastructure can be seen as an extension of Agile when looking at DevOps.

Cisco security innovations provide highly secure firewall, web, and email services while helping to enable mobility and teleworking. Advanced Malware Protection (AMP), Cloud Security, Email Security, Endpoint Security, Firewalls, Network Security, Network Visibility and Segmentation. Stop threats faster The network is the most powerful foundation for an organization's security. Cisco Stealthwatch Enterprise and Cisco ISE work together with the network to provide powerful, highly secure access; automated threat detection; and software-defined segmentation.

Report of DAY 5

Day fifth session started at 10.30am 0n 21/08/2020 in ECE seminar hall. The fourth day session was presented by Dr. Kran Trivedi, Associate Professor, Shantilal Shah Engineering College, Gujrath, India

The session started with employment of machine learning in the compelling applications of 5G networks, including cognitive radios, massive MIMOs, femto/small cells, heterogeneous networks, smart grid, energy harvesting, device-to-device communications. Besides, Narrow Band-Internet of Things (NB-IoT) is an emerging cellular-based radio access technology, which offers a range of flexible configurations for different coverage enhancement (CE) groups to provide reliable uplink connections for massive IoT devices with diverse data traffic. To optimize the number of served IoT devices, the uplink resource configurations need to be adjusted in real-time according to the dynamic traffic, this brings the challenge of how to select the configurations at the Evolved Node B (eNB) in the multiple CE groups scenario with high-dimension and interdependency.

About the Organization

Dr. Ambedkar Institute of Technology is managed by Panchajanya Vidya Peetha Welfare Trust (Regd.) was established by Late Sri. M.H.Jayprakash Narayan in institute is affiliated Visvesvaraya Technological University (VTU), Belgaum and is accredited by AICTE. The institution has been accredited by National Board of Accreditation (NBA), New Delhi. The institute has been accredited by NAAC with 'A' Grade and is mentee institute for Institution of Engineering 8 Technology, Manohar Lohia Avad University, Faizabad, Uttar Pradesh. Most of the programmes are accredited by NBA. Apart from 10 disciplines of Engineering, the institute also offers MCA, MBA and M. Tech. Programs in various specializations. The institute is one among the 14 colleges selected for receiving the World Bank assistance under the Technical Education Quality Improvement Programme (TEQIP) through the government of India.

About the Training

Imparts knowledge about basics related to industrial robots for their control, design and application in robotics & automation Industries, which is one of the expected areas to have huge employment potential for engineering graduates in coming years

Dr. AMBEDKAR INSTITUTE OF TECHNOLOGY

BDA Outer Ring Road, Mallathalli, Bengaluru-56

TEQIP Assisted

Online Student Training on

Future Skill Technologies

Training Objectives

- Design of Robots using mathematical modeling
- Development of mobile robots using Arduino
 - Use of Open-source Softwares

Training Outcomes

- Perform kinematic and dynamic analyses with simulation
- Design control laws for a simple robot.
- Integrate mechanical & electrical hardware for a real prototype of robotic device.
- Select a robotic system for given industrial application.

ROBOTICS de A UTOMATICN

Training Coordinators

- Mr. Mohan Kumar V, Asst. Prof. , Dept. of ECE ph:+91 8884660123
- Mrs. Kesthara V, Asst. Prof., Dept. of ECE
- Mr. Mudhusudhan, Asst. Prof., Dept. of ECE
- Mr. Anand H D, Asst. Prof., Dept. of ECE
- Mrs. Vidyashree C, Asst. Prof., Dept. of ECE

instructions for participants:

- ❖The training of students shall be conducted during July Sept 2020.
- Students may be allowed for necessary lab work / hands-on practice after lockdown in batches of appropriate size while following strict safety protocols and practicing social distancing.
- ❖The students shall undergo formative progress review test conducted by NASSCOM midway during the training program.
- Post training assessment and certification shall be conducted through SSC NASSCOM after the training.

Topics to be Covered:

- 1. Introduction to Robotics
- Robot Kinematics and Dynamics
- 3. Sensors
- 4. Robot Actuation Systems
- 5. Robot Control
- 6. Control Hardware and Interfacing
- 7. Al in Robotics.
- 8. Robotics and Automation for Industry 4.0
- 9. Robot safety and social robotics.
- 10, Practical sessions will be on Robot design & simulation open source softwares

Pre-requisites:

- ➤ Calculus and linear algebra
- >Basic Electrical Engineering
- ▶Control System
- ➤ Embedded System & HDL

Who can Register?

This is an Interdisciplinary course, so students from all branches of final semester can register

- The course will be conducted for 2 hours daily form Monday to Friday.
- Proctored exam will be conducted during midway (2nd week of august) and at the end of course
- Sessions will be conducted through online mode and learning management system(LMS)
- Assignment and practice quiz will be given after every session
- Register as soon as possible as the number of participants is limited

Dept. of Electronics and Communication Engineering

TEQIP Assisted
Online Student Training on Future Skill Technologies

"Robotics & Automation"

22nd July 2020 to 17th January 2021

DETAIL REPORT

TEQIP Assisted Online Student Training on Future Skill Technologies "Robotics & Automation" was organized for Interested Students of all branches of Dr. AIT of all branches from 22/07/2020 to 17/01/2021 coordinated by Mohan Kumar V, Kesthara V, Madhusudhan M, Anand H D and Vidyashree C, Assistant Professors, Dept. of ECE, Dr. AIT

The participants for this training program were 50 Students from different branches like Computer Science and Engineering, Electronics and Communication Engineering, Electronics and Instrumentation Engineering, Information Science and Engineering and Mechanical Engineering of Dr. AIT, Bengaluru.

Resource persons were **Mohan Kumar V**, Assistant Professor, Dept. of ECE, Dr. AIT who was trained at IIT Roorkee, **Kesthara V**, **Madhusudhan M and Anand H D**, Assistant Professors, Dept. of ECE, Dr. AIT who were trained at IIT Madras and **Vidyashree C**, Assistant Professor, Dept. of ECE, Dr. AIT who was trained at IIT-Gurg

The training program was formally inaugurated in Online mode on 22nd July 2020 in the presence of **Dr. Mahalinga V Mandi**, Dean (Planning & Development), TEQIP III coordinator Dr A.I.T, Coordinators and Participants.

The inaugural session also included Key note address by Dr. Pushparaj Mani Pathak, Professor, Mechanical & Industrial Engineering Department, IIT Roorkee where in participants were provided the introduction to Robotics and Automation, there configurations and Robotic applications.

The successive session was handled by Mohan Kumar V, Assistant Professor, Dept. of ECE, Dr. AIT, who provided the overview of course and details of successive sessions regularly handled by respective training faculty are as follow:

Session No.	Date & Time	Session Handled by	Topics covered				
1.	23.07.2020 11:30 AM- 12:30 PM	Mohankumar V.	Introduction Part-I				
2.	23.07.2020 12:30 PM- 1:30 PM	Anand H D	Introduction part-II				
3.	24.07.2020 11:30 AM- 12:30 PM						
4.	24.07.2020 12:30 PM - 01:30 PM	Anand H D	Introduction part-III				
5.	25.07.2020 10:00 AM - 11:00 AM						
6.	25.07.2020 11:00 AM- 12:00 PM	Mohankumar V.	Spatial Descriptions				
7.	26.07.2020 10:00 AM- 11:00 PM	7					
8.	26.07.2020 11:00 AM - 12:00 PM	Mohankumar V.	Spatial Transformation				
9.	27.07.2020 05:00 PM - 06:00 PM						
10,	27.07.2020 06:00 PM - 07:00 PM	Mohankumar V.	Representation of Angles				
11.	28.07.2020 10:30 AM - 11:30 AM						
12.	28.07.2020 11:30 AM - 12:30 PM	Vidyashree C	Forward kinematics				
13.	29.07.2020 05:00 PM - 06:00 PM						
14.	29.07.2020 06:00 PM - 07:00 PM	Vidyashree C	Forward kinematics				
15.	02.08.2020 09:30 AM - 10:30 AM	O WASHINGTO					
16.	02.08.2020 10:30 AM - 11:30 AM	Vidyashree C	Inverse kinematics				
17.	03.08.2020 09:00 AM - 10:00 AM						
18.	03.08.2020 10:00 AM - 11:00 AM	Vidyashree C	Inverse kinematics				
19.	04.08.2020 10:30 AM - 11:30 AM						
20.	04.08.2020 11:30 AM - 12:30 PM	Vidyashree C	Inverse kinematics				
21.	06.08.2020 05:00 PM - 06:00 PM	Vidyashree C	Jacobian				

4.4	23.08.2020	
44.	10.00.2020	
	10:00 AM- 11:00 AM	

Mid-Training assessment of students on Future Skill technologies through NASSCOM SSC was carried out on 24th August 2020 and around 40 participants appeared for the exam.

Then respective training faculty continued to handle sessions, whose details are as follow

Session No.	Date & Time	Session Handled by	Topics covered							
45.	25.08.2020 05:00 PM- 06:00 PM		Linear Control of Manipulators Part-II							
46.	25.08.2020 06:00 PM- 07:00 PM	Kesthara V	Non-Linear Control of Manipulators Part-1							
47.	26.08.2020 05:00 PM- 06:00 PM		Non-Linear Control of							
48.	26.08.2020 06:00 PM- 07:00 PM	Kesthara V	Manipulators Part-II							
49.	27.08.2020 05:00 PM- 06:00 PM		Linear Control of Manipulators Part-II							
50.	27.08.2020 06:00 PM- 07:00 PM	Kesthara V	Non-Linear Control of Manipulators Part-1							
51.	29.08.2020 05:00 PM- 06:00 PM		Non-Linear Control of							
52.	29.08.2020 06:00 PM- 07:00 PM	Kesthara V	Manipulators Part-II							
53.	03-09-2020 05:00 PM- 06:00 PM	N. II.	Robotics and Automation for							
54.	03-09-2020 06:00 PM- 07:00 PM	Madhusudhan M	Industry 4.0							
55.	05-09-2020 05:00 PM - 06:00 PM									
56.	05-09-2020 06:00 PM - 07:00 PM	Anand H D	Embedded Systems							
57.	06-09-2020 03:00 PM- 05:00 PM		Robotics safety and social							
58.	06-09-2020 04:00 PM- 05:00 PM	Madhusudhan M	Robots							
59.	03-01-2021 4:00 PM- 5:00 PM									
60.	03-01-2021 6:00 PM- 7:00 PM	Anand H D	Artificial Intelligence							

22.	06.08.2020 06:00 PM - 07:00 PM						
23.	07.08.2020 09:30 AM - 10:30 AM						
24.	07.08.2020 10:30 AM - 11:30 AM	Vidyashree C	Dynamics				
25.	08.08.2020 10:30 AM - 11:30 AM						
26.	08.08.2020 11:30 AM - 12:30 PM	Vidyashree C	Dynamics				
27.	09.08.2020 10:30 AM - 11:30 AM						
28.	09.08.2020 11:30 AM - 12:30 PM	Vidyashree C	Dynamics				
29.	10-08-2020 05:00 PM - 06:00 PM						
30.	10-08-2020 06:00 PM - 07:00 PM	Anand H D	Sensors-I				
31.	12-08-2020 05:00 PM- 06:00 PM						
32.	12-08-2020 06:00 PM - 07:00 PM	Madhusudhan M	Actuators				
33.	13-08-2020 05:00 PM - 06:00 PM						
34.	13-08-2020 06:00 PM - 07:00 PM	Anand H D	Sensors-II				
35.	16-08-2020 05:00 PM- 06:00 PM		Problems on Actuators				
36.	16-08-2020 06:00 PM- 07:00 PM	Madhusudhan M	Troblems on Actuators				
37.	17-08-2020 05:00 PM- 06:00 PM						
38.	17-08-2020 06:00 PM- 07:00 PM	- Madhusudhan M	Manipulator Mechanism Design				
39.	18-08-2020 05:00 PM- 06:00 PM						
40.	18-08-2020 06:00 PM- 07:00 PM	Madhusudhan M	Manipulator Mechanism Design				
41.	20-08-2020 05:00 PM- 06:00 PM		Linear Control of Manipulators				
42.	20-08-2020 06:00 PM- 07:00 PM	Kesthara V	Part-1				
43.	23.08.2020 09:00 AM- 10:00 AM	Mohankumar V.	Revision of module-1				

Finally on 17th January 2021 **Post-training assessment of students** was conducted through NASSCOM SSC and 37 participants attended the exam, with this training program was successfully completed.

Duration: 2 Months

Webinar Course Type: Online

Scan

and Register

and certification shall be Post training assessment conducted through SSC NASSCOM

Course Contents

- Computer Networks Fundamentals of
- Network Layers, Protocols
- Cyber Security Vulnerabilities
- Cryptography, Firewalls and Malware
- Cyber Security management
- Web Services and Cyber Laws

Course Objectives

- Cyber Security environment establish a solid understanding of the To impart necessary knowledge to
- pursuits to students to improve their knowledge as a life-long activity To provide opportunities of academic

Chief Convener

Principal. Dr. AIT. Bangalore. Dr. C Nanjundaswamy

Convener

Dr. Mahalinga V Mandi

Dean (Planning and Development) and

TEQIP-III Coordinator, Dr. AIT.

Course Facilitator and Coordinator

Dr. Yamuna Devi, Asso. Prof./HOD. TE., Dr. AIT. 9886716525 Dr. Mary Cherian, Prof. CSE., Dr. AIT. 9986885560

Ms. Nithyashree S, Asst. Prof. ECE., Dr. AIT. 812396980 Ms. Spoorthi P A, Asst. Prof. ECE., Dr. AIT. 9035286400

Mr. Sujay S N, Asst. Prof. ECE., Dr. AIT. 9886991995

Course Outcomes

- concepts needed for cyber security. Demonstrate understanding of basic networking and network security
- attacks. Apply the cyber security knowledge to build models to prevent cyber
- Build an understanding of cyber laws and cyber security

nanagement

Students from any branch of Engineering FREE for students of Dr. ATT. can participate in the course Who can participate? Registration Fee:

Dr. Ambedkar institute of Technology is managed By Panchajanya Vidi,a Peetha Welfare Trust(Regd.) was established by Late Sri M.H.Jayaprakash Narayan in 1979. The institute is affiliated to Visveswaraya Technological University, Belagavi and is accredited by AICTE. The institution has been accredited by NBA, NAAC with 'A' grade and it is mentee instsitute for Institution of Engineering & Technology, Dr.Rammanohar Lohia Avad University, Faizabad, Uttar pradesh. Apart from the 10 disciplines of Engineering, the institute also offers MCA,MBA and M.Tech programs in various specializations. The institute is one among the 14 colleges selected for receiving the World Bank assistance under the Technical Education Quality Improvement Programme(TEQIP) through Government of India.

Apput the Tip eing

As we are living in the world of connected devices and things, gaining the knowledge in the development of IoT which is future technology is the order of the day. The course focuses on intricacies involved in the development of IoT to prepare the candidates for the industrial standard technologies.

Course Outcomes

- Familiarize with the knowledge of IoT development.
- · Design IoT based prototypes.
- Exposure to the open source tools for IoT.

Course Coordinators

Dr. Umadevi H, Professor, 9880324895 B.S.Sudha , Associate Professor, 9242363088 Girlja S, Assistant Professor, 9986007870

TEQIP Assisted Online Student Training

Future Skill Technology

INTERNET OF THINGS (IoT)

22.7 July 2020 to 30° September 2020

REPORT

on

TEQIP- III assisted training program on Future Skill Technologies: "Internet of Things"

Objectives of training program on Future Skill Technologies:

Objective of this training program is to teach the students of different branches of engineering, the computer communication techniques, to train them about Internet of things and to educate them on practical implementation of Internet of things concepts.

The TEQIP assisted training program on Future Skill Technology "Internet of Things" for students of Dr. Ambedkar Institute of Technology, Bangalore was inaugurated on 22.07.2020 at 10.30 am. The Chief Guest of the event was Dr. Ashok Rao, Director, National Institute of Technology, Mysore. 92 students from different branches, mainly Electronics and Communication Engineering, Computer Science and Information Science attended the training program. The training included 52 Hours of theory and 10 Hours of Practical sessions on Sensors, different interfaces, and communication protocols. The topics covered are as per the syllabus provided by NPIU.

The sessions started from 22.07.2020 with **Girija S**, Assistant Professor, Dept. Of ECE, Dr. AIT as the trainer from the session "Introduction to IoT". Various theory sessions were handled by

- 1. B.S. Sudha, Asso. Prof, Dept. Of ECE, Dr. AIT
- 2. Dr. Umadevi H, Professor, Dept. Of TCE, Dr. AIT

The practical sessions were handled by Mr.Narasimhan M S, ,, Mysore and Satish Kumar M, Senior Technical Officer-2, ASID, CSIR, NAL, and Mr. Akash Hegde, Assistant Professor, BNMIT, Bangalore.

A proctored online mid-semester assessment was conducted by NPIU on 04.09,2020 and was evaluated by NPIU. The results were communicated to the students as well as the trainers. The performance of the students is found to be good. The conduction of theory and practical sessions were successfully completed by the trainers as per the schedule. The Proctored online final assessment was conducted by NPIU, on 31st December 2020.

Outcomes of training program on Future Skill Technologies:

The students have gained knowledge in sensors, actuators, communication protocols, networking, cloud computing and machine learning techniques and are able to learnt hands on IoT concepts.

Dr.AMBEDKAR INSTITUTE OF TECHNOLOGY

BDA Outer Ring Road, Mallathahalli, Bengaluru-56

Dept. of Electronics and Communication Engineering

TEQIP-III Assisted

Future Skill Training on

"Internet of Things" 10th March 2021 to 24th March 2021

Course Objective

- 1. To provide necessary foundation on Computer communication.
- 2. Impart necessary knowledge about Internet of Things and its importance.
- 3. Developing programming skills to code solution for practical problems.
- 4. To build Internet of things applications.

Shwetha M

Assistant Professor

Dept of ECE, Dr AIT

Dr.AMBEDKAR INSTITUTE OF TECHNOLOGY

"Internet of Things" 10th March 2021 to 24th March 2021

Course Learning Outcomes

- 1. Interpret the impact and challenges posed by IoT networks leading to new architectural models.
- 2. Compare and contrast the deployment of smart objects and the technologies to connect them to network.
- 3. Appraise the role of IoT protocols for efficient network communication.
- 4. Analyse higher layer IoT Protocols.
- 5. Elaborate the need for Data Analytics

Shwetha M

Assistant Professor

Dept of ECE, Dr AIT

TEQIP-III Assisted
Future Skill Training on

"Internet of Things" 10th March 2021 to 24th March 2021

Report Summary

Ms. Shwetha M was trained online by IIT Bombay from 23rd Feb 2021 to 27th Feb 2021 on "Internet of Things" under Future Skill Technologies. This is a report on Internet of Things course initiated by NPIU.

Ms. Shwetha has handled classes of 45 hours on internet of things as on 24th March 2021. The main concepts covered in this course are IoT Introduction and Fundamentals, Signals, Sensors, Actuators, Interfaces, Networking and Cloud Computing in IoT and Data Analysis for IoT applications.

The hands-on sessions will be held using python on Jupiter platform in the next sessions as the students need to take both mid-term and final assessment exams. Those details will be provided later.

The training was conducted in a blended mode by the resource person Ms. Shwetha. M. The course objective/s is to provide necessary foundation on networks, knowledge about Internet of Things, programming skills and its applications.

As a course outcome/s, students will be able to do projects under Internet of Things, undertake internships on that topic, can relate and implement Internet of Things on various applications models.

Shwetha M

Assistant Professor

Dept of ECE, Dr AIT

"Internet of Things" 10th March 2021 to 24th March 2021

Day	Hours	Classes	Topics Covered
10-3-2021	3	1	IoT :Introduction and Fundamentals
		2	Fundamentals of IoT
		3	Fundamentals of IoT
11-3-2021	3	4	Deciphering the term IoT
		5	Applications where IoT can be deployed
		6	Applications where IoT can be deployed
12-3-2021	3	7	Applications where IoT can be deployed
		8	Benefits of deploying an IoT
		9	challenges of deploying an IoT
13-3-2021	3	10	IoT components: Sensors
		11	front-end electronics (amplifiers, filtering, digitization
		12	front-end electronics (amplifiers, filtering, digitization)
14-3-2021	3	13	data transmission
		14	digital signal processing,
		15	choice of channel (wired/wireless)
15-3-2021	3	16	back-end data analysis
		17	Understanding packaging and power constraints for IoT implementation
		18	Sensors: types, signal types, shape and strength
16-3-2021	3	19	Sensor non-idealities: Sensitivity and offset drift
		20	noise, minimum detectable signal, nonlinearity
		21	Read-out circuits: Instrumentation-amplifier
17-3-2021	3	22	SNR definition, noise-bandwidth-power Tradeoff
		23	Circuit component mismatch
		24	mitigation techniques (calibration, chopping, autozeroing etc.)
18-3-2021	3	25	Power/energy considerations
		26	Basic signal processing (filtering, quantization,
		25	computation, storage)
10.0.001		27	Review of Communication Networks
19-3-2021	3	28	Challenges in Networking of IoT Nodes, range, bandwidth
		29	Machine-to-Machine (M2M) and IoT Technology

			Fundamentals,
		30	Medium Access Control (MAC) Protocols for M2M
			Communications 2 of 2
20-3-2021	3	31	Standards for the IoT
		32	Basics of 5G Cellular Networks
		33	5G IoT Communications, Low-Power Wide Area
21-3-2021	3	34	Networks (LPWAN)
		35	Wireless communication for IoT: channel models
		36	power budgets, data rates
22-3-2021	3	37	IoT Security and Privacy, MQTT Protocol,
		38	Publisher and Subscriber Model
		39	Cloud computing platform (open source)
23-3-2021	3	40	and local setup of such environment
		41	Embedded software relevant to microcontroller
		42	IoT platforms (enterprise or consumer), user interfaces
24-3-2021	3	43	Statistics relevant to large data
		44	Linear regression
		45	Basics of clustering, classification

Dr. AMBEDKAR INSTITUTE OF TECHNOLOGY

BDA Outer Ring Road, Mallathalli, Bengaluru-56

Cordially invites to all Deans, HODs, Staff and students of Dr.AIT

FOR THE INAUGURATION OF
TEQIP ASSISTED STUDENT TRAINING ON
FUTURE SKILLS TECHNOLOGY
FROM 10TH MARCH 2021 TO 20TH MARCH 2021

On

Artificial Intelligence and Machine Learning

In the gracious presence of

Dr Rajendra.G, Principal, Dr. AIT

Dr.Siddaraju, Dean (Academic), Dr.AIT

Dr.Mahalinga.V.Mandi,TEQIP Coordinator,Dr.AIT

Dr.Ramesh.S, Professor & Head of the department of ECE

Course Coordinators:

Dr.Shivaputra, Assistant Professor, Dr.AIT, ECE.

Harsha.R, Assistant Professor, Dr.AIT, ECE.

REPORT

on

TEQIP-III assisted training program on Future Skill Technologies:

"Artificial Intelligence and Machine Learning"

Objectives of training program on Future Skill Technologies:

Artificial Intelligence is a major step forward in how computer system adapts, evolves and learns. It has widespread application in almost every industry and is considered to be a big technological shift, similar in scale to past events such as the industrial revolution, the computer age, and the smart phone revolution.

This course will give an opportunity to gain expertise in one of the most fascinating and fastest growing areas of Computer Science through classroom program that covers fascinating and compelling topics related to human intelligence and its applications in industry, defence, healthcare, agriculture and many other areas. This course will give the students a rigorous, advanced and professional graduate-level foundation in Artificial Intelligence

The TEQIP assisted training program on Future Skill Technology "Artificial Intelligence and Machine Learning" for students of Dr. Ambedkar Institute of Technology, Bangalore was inaugurated on 10.03.2021 at 10.30 am. Totally 77 students from different branches, mainly Electronics and Communication Engineering, Computer Science and Information Science attended the inaugural function of the training program. The training included 50 Hours of theory introduction to AI, ML, clusters techniques, Sensors, different interfaces, and communication protocols. The topics covered are as per the syllabus provided by NPIU.

The sessions started from 10.03.2021 with **Harsha.R**, Assistant Professor, Dept. Of ECE, Dr. AIT as the trainer from the session "Introduction to A.I". Various theory sessions were handled by **Dr. Shivaputra**, Assistant Professor, Dept. Of ECE, Dr. AIT as per the schedule.

A proctored online mid-semester assessment was conducted by NPIU on 21.03.2021 and was evaluated by NPIU. The results were communicated to the students as well as the trainers. The performance of the students is found to be good. The conduction of theory and project sessions were successfully completed by the trainers as per the schedule. The Proctored online final assessment is yet to be conducted.

Outcomes of training program on Future Skill Technologies:

After undergoing this course, the students will be able to:

- Understand Classical and Modern AI
- Formulate problems as learning problems
- Understand the role of data in modern AI
- Train and evaluate ML-based AI systems
- Program AI systems using modern frameworks

A Brief Report on

Webinar on "Fiber and Intergrated Optics Applications" delivered by

Dr. Rajini V Honnungar, Associate Professor, Department of Electronics and Communication Engineering, RNSIT, Bengaluru.

On 20/7/2020

Total Number of Participants: 236

The Webinar commenced at 11:00AM on 20/7/2020 with the introduction of Dr. Rajini V Honnungar by the co-ordinator. Dr. Rajini V Honnungar is a Associate Professor in Department of Electronics and Communication Engineering who is actively involved in research activities in the area of Applied Photonics Lab, Department of ECE, IISC during 2014. Presently she is handling the research on Optical Communication, Integrated Optics, Microwave Photonics, Satellite Communication, Antenna Design etc.

The speaker introduced the basics of Fiber and Integrated Optics and Fiber Optics is one of the preferred mode of communications and several other applications such as sensing in today's world, because of its advantages which includes No EMI, low loss and high bandwidth.

Integrated Optics is the key emerging area in Optical communications and Photonics which aims for on chip optical based devices in the dimensions ranging from micro metres to nano

The speaker discussed the fundamental concepts of Fiber and Integrated Optics(Photonic Integrated Circuits). The Components, materials used, and also fabrication processes involved are highlighted. The application areas are also covered, with discussion on few fiber and integrated optic passive and active devices and their applications

The talk was for about 90 minutes and at the end participants were given opportunity to put their queries. A good interaction was seen from the participants through questions related to the Fiber and Integrated Optics Applications.

The webinar was concluded with vote of thanks by co-ordinator.

not of Kamatuka Affiliated to Visvesvaraya Technological University, Approved by AKTE, New Delhi)

"Fiber and Integrated Optics Applications" Date: 20th July 2020 Time 11.00 AM

Organised By

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

A Brief Report on

Webinar on "Li-Battery Technologies" delivered by

Mr. Prabhu R K, Engineering Manager, Delphi an Automotive company.

On 07/08/2020

Total Number of Participants: 289 Number of Males: 184 Number of Females: 105

The Webinar commenced at 10:00 AM on 07/08/2020 with the introduction of Mr. Prabhu R K by the co-ordinator, Mr. Prabhu R K is Engineering Manager in Delphi. He is presently working as a Engineering Manager responsible for design and development for laverter Module for next Gen Hybrid Electrical Vehicles. He is based out of Singapore. His area of interest is Electrical Simulation (Saber, Mathead and Matlab) and analysis.

The speaker created awareness about the number of electric vehicles (EVs) has continued to increase in recent years. Projections estimate that worldwide, more than 125 million EVs will be on the road by 2030. At the heart of these advanced vehicles is the lithium-ion (Li-ion) battery which provides the required energy storage. He gives the comparative information of key components of Li-ion batteries and describes associated battery management systems, as well as approaches to improve the overall battery efficiency, capacity, and lifespan. Material and thermal characteristics are identified as critical to battery performance. The positive and negative electrode materials, electrolytes and the physical implementation of Li-ion batteries are discussed. In addition, current research on novel high energy density batteries is presented, as well as opportunities to repurpose and recycle the batteries.

The speaker also explained about the performance of existing lithium batteries is heavily dependent on material and thermal characteristics. As discussed, most of the heat from the dattery is generated at the electrodes and additional research in various cooling methods and electrode design criteria is needed to reduce or compensate for the heat, therefore, improving the battery life and capacity. As EV batteries reach the end of their useful life, research is showing the different approaches to repurpose them as a supplement to the existing power grid or recycle the battery materials when they are no longer viable.

The talk was for about 90 minutes and at the end participants were given opportunity to put their queries. A good interaction was seen from the participants through questions related to the Li-Battery Technologies.

The webinar was concluded with vote of thanks by co-ordinator.

A Brief Report on

Webinar on "Approach to Entrepreneurship in Current Times" delivered by

Mr. Moses Kakde, Senior Engineering Manager, Infosys, Mysore

On 01/08/2020

Total Number of Participants: 151 Number of Males 84

Number of Females:67

The Webinar commenced at 04:00 PM on 01/08/2020 with the introduction of Mr. Moses Kakde by the co-ordinator. Mr. Moses Kakde is a Senior Engineering Manager in Infosys. Mysore who is actively involved in engineering product development in Aerospace and Automotive industry, spanning across multiple geographics and multiple customers in Infosys Limited.

The speaker introduced approach to entrepreneurship in current times, who can become an entrepreneur and also draws attention to time to advance entrepreneurship by focusing on two aspects of time-time perspective and time management. He initiates a deeper conversation on time in entrepreneurship and illustrate the value of a time-based lens for entrepreneurship through discussing examples at the individual, firm and context levels. These examples consider portfolio entrepreneurs; well-being; social and unethical entrepreneurial behavior, entrepreneurial teams and entrepreneur-firm strategy; industry and cultural contexts.

The speaker also discussed the entrepreneurship has become more and more associated with stereotypical high-tech start-ups and entrepreneurs, often based in certain geographical areas and fertile environments across the world in this Covid-19 situation. Although the successes of these young companies are undoubtedly essential for the advancement of our societies, some might argue that entrepreneurship has become a game for the happy few, for those with access to the right type of education, funding and networks.

What we see today is the potential for democratizing entrepreneurship and creating new entrepreneurial role models that people can more easily identify with. This could ultimately lower the threshold of entrepreneurship for many and stimulate people to start their own businesses.

The talk was for about 90 minutes and at the end participants were given opportunity to put their queries. A good interaction was seen from the participants through questions related to the entrepreneurship.

The webinar was concluded with vote of thanks by co-ordinator.

Department of Electrical and Electronics Engineering

Webinar (under ISTE students chapter) on "Unlocking your talent and developmental skills after Graduation", 24/11/20 at 2.30pm, by

Dr. I G Srikanth, Asst. Professor, and Placement officer, Department of MBA, RNSIT, Bengaluru-68

Brief Report:

Objectives of the webinar:

- 1. Raise awareness of the skills required by learners to seek employment in line with
- current recruitment trends.

 2.Raise awareness of digital skills and knowledge in various Soft skills and Technologies
- 3. Guiding students to pursue Master degree courses
- 4. Entrepreneural opportunities in Private sector

This talk was meant for VII sem EEE students and was delivered by Dr. LG Srikanth who has an expertise on Training and Placing UG students of RNSIT, for various Careers. 50 students registered for this programme (27 Male and 23 Female). A total of 40 students, 23 Female and 17 Male students attended this programme

His Lecture provided an insight to Best career options available in the core Electrical sector and also the present IT industry. He exposed the students to venture into Public and Govt. sectors for better career prospects. He also inspired our students to takeup Entrepreneurship programmes irrespective of the course selected at graduation levels.

He also made the students aware of various opportunities available in India and abroad in the area of Research and development. Further he stressed upon the career opportunities that could enhance their prospects by undergoing Masters degree in MBA.

He also guided the students to takeup competitive exams to enter into Public service undertakings.

Greater pay and security also were his main areas of concern and the right ways in achieving this were also dealt with the speaker very efficiently.

Outcomes of the webinar:

- 1. Exposure to various opportunities available for career prospects
- 2. Available options in various private and public sectors were made aware
- 3. Students were inspired to venture into Entrepreneurship opportunities.
- 4. Significance and areas for Master degree programmes and Research

SWITCHGEARS AND Its APPLICATIONS

2nd July, 2020 Time 11.00 AM – 1.00 PM

REPORT

The Programme was started with a formal inauguration at 10.30 AM, the speaker and participants are welcomed by Dr. GV Jayaramaiah the HOD, Dept of EEE. The speaker was introduced by Dr. Jyoti P Koujalagi, the chief coordinator. After an invocation by Ms Rajeshwari, MD of the company, the main speaker Mr. Shivanand DV, CEO, Universal Power controls, Tumkur introduced himself and explained the importance of Power Controllers in the real world. He also briefed the job opportunities and entrepreneur opportunities for the EEE graduates and how they can get the industrial loans from MSME and other subsidies. The webinar was attended by 170 students and faculties.

The webinar was meant for EEE students and staff, which focused towards

- Enriching their knowledge in Electrical Switchgears.
- Control of the gadgets without over loading.
- They can become entrepreneur in the field of switchgears.

Another speaker Mr. Basavesh Shetty, EO, briefed their training programs on Switchgears the topics they are going to cover both the theory and practical's and informed that the interested people can join their on line courses.

At the end, the coordinators thanked the Management, PVP Welfare Trust; Principal, Dr. AIT for allowing and facilitate the department to conduct the Webinar. They also expressed their vote of thanks for the company personnel, participants.

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

National Webinar On "Mindset Crafting and Anchoring Emotions"

Date: 13th July 2020

Preamble

The Department of Electrical and Electronics Engg, Dr.AIT, Bangalore organized a National Webinar titled "Mindset Crafting and Anchoring Emotions" on 13th July 2020, between 11.00am to 1.00 pm in association with Skillfinity, IIT, Gauhati. The webinar had good number of participants- 102 from various departments and institutions and received very good feedback from them. Mr. Anjan Chowdhary, Skillfinity, IIT, Gauhati was invited for delivering the webinar on the current topics of interest and issues related to COVID-19 pandemics. This webinar focuses on COVID-19 pandemic and the numerous impacts on mental health; from feelings of loneliness, anxiety, negative emotional spirals, panic, and fear, to name a few. Insights from mental behavioural to the importance of anchoring —to associate with positive feelings, thoughts and beliefs have been addressed. A brief report about the Webinar is given below:

Brief Report:

The webinar was inaugurated by HOD –Dr G V Jayaramaiha. He welcomed the speaker Mr. Anjan Chowdhary, Skillfinity, IIT, Gauhati, Management PVPWT, Principal Dr. C Nanjundswamy, faculty members, students of the Department and participants from other colleges for the National Webinar on Mindset Crafting and Anchoring Emotions. This National Webinar was co-ordinated by the faculty members:

- 1. Dr Jyoti Koujalagi, Professor, DEEE
- 2. Mr. T.B Dayananda, Associate Professor, DEEE
- 3. Smt. Harini Vaikunt, Asst Professor, DEEE

As the quarantine continues, the isolation intensifies a multitude of physical, social, political, and economic issues arise everywhere. For students, it has brought on issues of

mental health and telecommuting is made compulsory for everyone. This brought numerous logistical challenges to the staff but more importantly, may have impacted work, research, and study productivity of the students. But what is exactly is happening to the faculty and students? What are they going through? What are the impacts? As COVID-19 cases are rising alarmingly, the impacts of this pandemic on student life and studies as well as the ways to cope and get through this crisis could be:

1. Disruption of Routines and Changing Environments

Worldwide, it was decided to make telecommuting mandatory and implemented with an early action of changes in the mode of working and studying from March 16, 2020. This complete lockdown disrupted the students' routines. Most, if not all, of the students already had difficulty adjusting to living at the beginning of their studies. With the restrictions, a student said they had "little time to develop new habits and routines" adding to the stress of trying to complete their syllabus.

2. Limited Access to Equipment, Technologies, and Other Learning Tools

Access to proper equipment, technology and other tools is a significant advantage when it comes to learning. Way before the COVID-19 pandemic, students who lack access to good internet and computers already lag academically One student finds it "convenient to go to library because of all the up-to-date books, software and access to papers" as they believe the institute has the "proper space and tools", the common working area with computer stations for students, helps in their focus while another considers the library as a friend. Students are stuck with poor internet connection and finds it difficult to regularly consult his teachers, working from home meant he must deal with other family responsibilities and issues. Although the library is accessible online, it has issues wherein some databases or papers are impossible to obtain outside the network.

3. Emerging Issues due to Isolation and Restricted Mobility.

Humans are social creatures and we will always have the desire and need to belong. The remote working and isolation have already affected the productivity of the students. One student feels that physical interaction is necessary for learning. The lockdown has reduced crucial interactions with colleagues and teachers thus limiting any potential inputs in the

research. Others simply miss the university and their friends. Another student points out that "having a community is one of the best parts as a student." As mobility is restricted, although not completely halted, the sudden empty streets and public transportation magnified feelings of exclusion in a student. They see crowded trains and streets to "de-isolate themselves from cultural barriers" making it seem that they belong in the society. Prior to the pandemic, one student said they had free movement and engagements with others where they can explore their ability to think critically believes it has put them in brain-fog "survival mode".

4. Impeded Productivity in Work and other Academic Impacts:

For students finishing their program, the pandemic led to time lost for data collection. Some interviews have been cancelled as in-person meetings are practically impossible. Thus, they had to rework and with deadlines approaching, it can be overwhelming. One 2nd year student constantly feels demotivated to sit and write as he thinks he has lost lot of energy.

5. Anchoring Emotions:

A psychological anchor is a tool for self-empowerment as well as a reference point that helps to stabilise a particular state. In addition to self-empowerment and inducing positive mental state, anchoring can be used to establish and enact/reactivate the mental processes associated with learning and creativity. For one student, the "first week of transition was the most difficult to design new routines and adapt to them quickly". In fact, there was a need to re-orient them during isolation. Some students had to create a new schedule while setting daily or weekly targets.

At first, it was difficult as one found out that "sticking to a very rigid schedule brought more stress" especially when targets are unmet. Thus, they decided to develop a more flexible scheme. Although new routines had to be crafted, it is suggested that some basic rituals and routines should never be forgotten like getting up on time, taking a bath, and even dressing up for your video calls with the teachers. Some students encounter work productivity issues since they associate their bedrooms with rest and relaxations. The layout and room design can affect the person's mood; some students have resorted to re-orienting their small personal spaces like in hostels. One student set up a nook and designated it as his "specific workspace" while another arranged an area in their room so that it will "look more

serious." Arranging the room depending on use – that corner for relaxation and this one for

working – is the strategy of another student.

Some participants have complains that the monotony has already affected their

writing. With a lot of time in their hands, some students have started finding new hobbies and

developing new skills. One student started improving their cooking skills. Others started

reading interesting literature, are watching documentaries and movies during breaks, are

playing video games to relieve stress, and are even starting their own little urban garden. To

help in easing with their anxiety, a couple of students started meditating. Since isolation can

lead to a very dormant lifestyle, one student makes sure they exercise regularly. A grocery

trip is turned into a relaxing walk in the park – with the face masks and social distancing, of

course. A student mentioned that although they had difficulty writing their assignments /tests

at the beginning of the lockdown, the regular online consultations became an anchor to

continue working.

Some of the participants gave a feedback about the pandemic has hindered various aspects

in the life of a graduate student, but it has also opened new opportunities. A student believes

it is a good time to reflect – Where will I go? What should I do next? How can I be a positive

influence in the future? Exploring Options and Recalibrating Future Plans. The pandemic

can be used as an opportunity for learning and growth. The fire is rekindled in one student to

finish the degree as it can be their gift to their families back home brought them closer to

their family as they now set more time for video calls and online chat. Anchoring is a process

of associating an internal response with some external trigger so that that response (feeling,

thought or belief) can be quickly re-accessed.

The webinar concluded with vote of thanks from the organizers, the PPT and viedo

recording was shared to the participants along with the participation certificate.

ABOUT THE INSTITUTION

Dr. Ambedkar Institute of Technology was founded by Late Sri. M H Jayaprakash Narayan, in the year 1980 on the ideals of the great Bharatha Rathna Dr. B.R. Ambedkar, whose life was a saga of learning and uplifting the down trodden of the society. The Institution is one of the premier grant-in-aid by Government of Karnataka, approved by AICTE, New Delhi, Autonomous Institution affiliated to VTU, Belagavi and Managed by Panchajanya Vidya Peeta Welfare Trust, Bangalore. The Institution offers ten undergraduate, eleven postgraduate programmes (PG) of engineering including MBA, MCA. In addition Institution holds currently 15 research centers recognized by VTU. The Institution is accredited by NAAC with 'A' Grade and all eligible programmes by National board of accreditation (NBA).

ABOUT THE DEPARTMENT

Department of Electronics and Instrumentation Engineering was started in the year 1985 and has well equipped laboratories to meet the needs of curriculum as well as Research activities. The department is recognized as research center under VTU Belgaum. The department has well qualified and dedicated faculties to impart fundamental and applied knowledge in the field of controls, Instrumentation, Signal Processing, Biomedical, Embedded Systems etc.

VISION

To develop globally competent Electronics and Instrumentation Engineers with societal, environmental and human values through quality education, training and research.

MISSION

- To educate the students with the state of art technologies to meet the growing challenges of the industry and society
- To carry out research through constant interaction with research organizations and industry.
- Inculcate in students the lifelong learning attitude and passion for serving the society with moral and ethical values

OBJECTIVE

The role of ICT in education is becoming more and more important, and its importance will continue to grow in future. Use of ICT can facilitate pedagogically superior instructional methods that can significantly enhance active participation of students in the classroom. Many of the technologies have been evolving over the past two decades. The AICTE and UGC have been urging all educational institutions to use these educational technologies in the classrooms. Unfortunately, their use continues to remain very limited. The pandemic forced the entire country to move into a new normal. In the immediate future, all teaching-learning processes need to be conducted online. In the post-COVID situation ICT tools can be used to make the teaching-learning activities more effective, engaging, and efficient.

The main aim of this online workshop is to make participating teachers to experience online instruction and explore some ICT tools for education for the courses they teach. The effective use of ICT tools requires systematic design of courses, and familiarity with the tools that can enhance communication between the teacher and students, and even reduce the burden on the teacher. The workshop will present the design of courses including the design of assessments in alignment with outcomes, ICT tools for active-learning and collaboration, and assessment. It also explores the advantages of blended learning including flipped classroom.

MODE OF CONDUCTION

The workshop will be conducted online over five days with three one-and-half hour sessions per day. Each session will have two parts with Q&A sessions after each part. Two sessions will be conducted in the morning from 10.00 to 13.15 hours with 10-minutes break between the sessions. The afternoon session will be from 14.00 to 15.30 hours. The slides used by the resource persons with some additional resource material will be made available on the MOODLE website specially created for the workshop. There will be an online test conducted during the last session of the workshop. One mock test will be made available in the evening of the fourth day.

SCHEDULE OF THE STTP

This STTP program will be conducted in three phases from November 2020 to December 2020 as:

Slot 1: 23rd to 28th Nov 2020 (Last date for registration: 20th Nov, 2020)

Slot 2: 7th to 12th Dec 2020 (Last date for registration: 4th Dec, 2020)

Slot 3: 4th to 9th Jan 2021 (Last date for registration: 1st Jan, 2021)

Participants are welcome to join this program by selecting the above-mentioned schedules. Intimation to the participant about confirmation of Registration shall be given 2 days after the last date of registration. The daily schedule will be in three sessions starting from 10.00 am to 3.30 pm.

ELIGIBILITY FOR REGISTRATION

The programme is open to faculty of Engineering Colleges, Universities and other allied disciplines in India. Industry persons working in the concerned /allied areas can also attend

ELIGIBILITY FOR E-CERTIFICATE

- > Attending Every Session is Mandatory.
- Getting a Score of greater than 60% in the test conducted on the last day of STTP (Day5).

About the Institute:

Dr. Ambedkar Institute of Technology (Dr.AIT) is managed by Panchajanya Vidya Peetha Welfare Trust (Regd.). Dr. AIT was established in 1980 by Late Sri. M.H. Jayaprakash Narayan. He came from a very humble background and was a member of legislative assembly (MLA) for several terms. He fought relentlessly for the upliftment of the downtrodden. The Institution is founded on the ideals of the great Bharatha Rathna Dr. B.R. Ambedkar, whose life was a saga of learning and uplifting the down trodden of the society.

The Institution is aided by Government of Karnataka, approved by All India Council for Technical Education (AICTE), New Delhi and is affiliated to VTU, Belagavi.

The institution currently has 10 Engineering departments and 14 research centers are recognized by Visvesvaraya Technological University (VTU), Belagavi.

The Institute is selected for receiving the World Bank Assistance under Technical Education Quality Improvement Programme (TEQIP) phase-I, phase-II and also phase-III through Government of India. Majority of the departments are accredited by NBA.

Dr.AIT is accredited by NAAC with A-grade.

Department of MBA

Webinar Report

National Level webinar titled on "Opportunities and Challenges for Sales and Marketing in FMCG Industry" was conducted on **9**th **September 2020** through Google meet. The resource person for the webinar was Mr.Srinivasan Krishnamurthy, VP-Sales, Sriveda Sattva Pvt.Ltd.

The resource person clearly explained the various opportunities and Challenges for Sales and Marketing in FMCG Industry available in the and how it is working with advanced software and applications.

The speaker highlighted on Today's consumer goods market bustles with both well-known corporate players and nimble new brands attempting to carve out the next great industry competitive advantage. Relying on yesterday's production, supply chain and sales practices simply won't cut it.

He also tinted that Companies today must marry a wealth of consumer demographic data with larger cultural and social shifts to position their brands for relevance in the future. Investing in the right technology and tools will be critical to capturing, then leading, that CIG charge. Consumer goods companies must understand:

Biggest Challenges in FMCG

- Big Data. Data explosion is underway as the ability to acquire, store, and process data continues to improve exponentially. ...
- Social Media. Information now moves at a rapid speed. ...
- Online Grocery Shopping. ...
- Environment & Sustainability. ...
- Ageing.

220 participants attended this webinar and were benefited. There was an effective interaction by some participants. He explained very well on the topic chosen for the webinar.

Student Development Programme on "Startup ideas and Entrepreneurship in Social Science"

Conducted on Monday, 27th December 2021

Date: 31st December 2021

The Student Development Programme (SDP) on "Startup Ideas and Entrepreneurship in Social Science" was conducted on offline mode on Monday, 27th December 2021 for MBA students in the MBA department. The programme has begun at 1.45pm; the head of the department Dr.S.Baskaran has welcomed the resource person for the programme. Dhanush Gowda, a 3rd Semester Student briefed the profile of the resource person for the gathering. There were 35 students in total wherein 24 were girls and 11 were boys. Out of which there were 10 SC students have participated in the programme.

The speaker delivered on start up expectancy, ideas, mentoring, consultancy projects, and survival so on. He spoke about generation of ideas on relevant field in social science by in depth study and survey. He took a case study by showing a video and encouraged the students to interact in that regard. He assigned an activity among the students to generate funds from the initial investment or a seed capital and also suggested various sources of funds for budding start-ups and to become entrepreneur.

The speaker highlighted on the steps to begin Startups and the registration process. He also gave inputs on start up valuation.

Few glimpse of the SDP programme.

Page 1 of 2

The programme extended till 5pm. Overall the students were enjoyed learning and satisfied in attending the programme. The vote of thanks was proposed by Dr. Leela M.H, Assistant Professor, and coordinator of the programme. Hence, overall programme held successfully.

REPORT ON WEBINAR ON SCULPTING YOURSELF FOR PERSONAL DEVELOPMENT 29ST SPETEMBER 2020.

This Program aims to give an insight about the insight into the personality development and the various other activities through which the resource person was able to make the webinar effective and interactive.

Thus the program is helpful not only to the students but also to the professionals.

NLP technique was used to make sure that participants experience the importance of personality.

The contents discussed in this webinar were introduction of the personality development, influence of personality development, acquisition of behavior, beliefs and attitudes, Introspection, Self-Assessment, Self-Appraisal & Self-development, Sigmund Freud Id, and Ego &Superego. Spiritual journey beyond the management of change, Good manners & Etiquettes,

Though the time was limited the speaker tried his best to cover majority of the concept

The session was concluded with the question and answer session where in the business people got clarified for their doubts.

Google meet was the platform used to connect with the people. 98 participants were present and the session was interactive.

At the end the feedback was taken with the help of google form. The feedback was satisfactory as the participants demanded for one more such session in future.

WEBINAR REPORT

This International Webinar on "Retailing Landscape in FMCG Sector- A Global Perspective" on 16th October 2020 in the afternoon at 2.30 p.m. was organized by Dept. of MBA, , under the series of webinars organized by Dr AIT.

The resource person Mr. Guru Venkatachalam, is presently a Category Manager at Mondelēz International, United Kingdom. He is an Alumni of Dr. AIT 2006 batch. He accepted our invitation & agreed upon to share his knowledge with the participants about the Retailing landscape in FMCG sector. Mr. Guru gave an insight about the COVID impact on retail sector across the world. He shared statistics about difference between developing and developed markets in retailing and challenges retailers face and also category management strategies in FMCG sector. He gave a broad outline about how retailers use pricing, promotion and NPD's to propel growth.

The Webinar was organized through Google meet platform (https://meet.google.com/zio-wraf-txf) at 2.30pm to 4.00pm on 16th October 2020. The total participants were around 143 including the speaker, out of which male were 61 and female were 82.

Introduction of the Speaker

Our distinguished speaker for today's Webinar strongly believes that "Your qualification is just a Paper, what matters is what you do with the Knowledge?"

Mr. Guru Venkatachalam is an alumnus (Batch: 2006) of our Institution who has a rich Corporate experience of 16 years across various markets. Currently Mr. Guru Venkatachalam has worked with companies like First Ring India Pvt. Ltd., Drass Mechatronics India Pvt. Ltd., Symphony Marketing Solutions. He is an expert in handling the key activities like Brand Overview, Category Overview, Price Elasticity Analysis, Market Structures and New Product Launch Analysis to help the top management on their decision making process. Worked across 8 different categories and three different markets (UK, US and India) with strong ability to understand the dynamics and pull out key insights.

He is currently associated with Mondelez International in United Kingdom across various brands like Cadburys, Oreo, Belvita and Ritz as a Category Manager.

REPORT ON WEBINAR ON INDUSTRIAL POLICY 2025 SENSITIZATION PROGRAM FOR WOMEN AND PROSPECTIVE ENTREPRENEURES HELD ON 21ST NOVEMBER 2020.

This Sensitization Program aims to give an insight about the Industrial policies of Karnataka. The objectives of this program is to provide information regarding industrial policies and guidance for the women entrepreneurs who are either planning to start a business or who have already ventured into the business and students, micro and small business executives, institutions, society or trust. Thus the program is helpful not only to the students but also to the startup entrepreneurs.

The contents discussed in this webinar were

About Karnataka industrial statistics. Number of units, employment rate. GDP and its relativity with the development of the country. Capital infusion. Technology. Skill upgrade.etc.

The speaker also enlightened on Definition of Micro, Small, and Medium scale.

The support extended in the form of Incentives like subsidy on fixed assets. Exemption on stamp duty, Land conversion fee. Electricity tax and charges.

With the technological upgradation the entrepreneurs also have to consider the Technology Adoption. Quality certification etc. the same has been well explained by the speaker.

Rain water harvesting is the order of the day, hence the government is insisting for the same by the entrepreneurs. As well as the importance of Waste water Recycling was covered in the talk.

Water Audit. Zero discharge. Recycling of Electronic waste and Plastic waste etc. were the related contents.

Incentives for Artisans. Low rate of interest on loan. Marketing assistance. Study tours. Stalls at reasonable rent at important locations

Classification of districts as zones 1.2.3. Depending upon industrial development has been explained.

The components of Eligibility for incentives. Expansion. Modernization and Diversification as well as

Percentage of subsidy on fixed assets for MSMEs.

Though the time was limited the speaker tried his best to cover majority of the industrial policy.

The session was concluded with the question and answer session where in the business people got clarified for their doubts on industrial policy.

Google meet was the platform used to connect with the people. 40 participants were present and the session was interactive.

At the end the feedback was taken with the help of google form. The feedback was satisfactory as the participants demanded for one more such session in future.

Ms. Sumitra Acharya Research Consultant

Ms. Sumitra Acharya has completed her B.A. LLB from Mangalore University in 1997 and her LLM from National Law School of India University in 2000. She worked as a Senior Research Assistant to Ms. Flavia Agnes, Senior Advocate, High Court, Mumbai from 2000 to 2002. She then worked as a Research Assistant for various centres at NLSIU from 2002 to 2006. She assisted the Centre for

Women and Law, National Law School of India University, in its UNICEF project to draft a Manual for the Judiciary to combat trafficking of women and children for commercial sexual exploitation (accessible at http://wcd.nic.in/Judicial%20Manual.pdf). Thereafter she worked as a Research Assistant/Law Clerk for the former Chief Justice of India Hon'ble Justice Y K Sabharwal in the year 2006. In 2007 she worked for the Karnataka State Commission for Women, later for Karnataka State Commission for Protection of Child Rights. From 2008 to 2009 she practiced law under the guidance of Smt. Geetadevi M.P. Senior Advocate, M.P. Associates, Vijayanagar, Bangalore and thereafter she has been practicing independently before trial courts and the High Court of Karnataka. She is also assisting acid victims in courts. She worked as a Research Consultant at the Centre for Women and Law for the Karnataka Health Promotion Trust (KHPT) Project on empowering marginalized women through judicial trainings.

In 2011, she was selected for the US International Visitors Leadership Programme (IVLP) to study Women and Justice.

She has done a Research Work on Reproductive Rights of Women with Disabilities in selected districts of Karnataka and Orissa in 2017-18 as a part of the Research Project undertaken by the Centre for Women and the Law funded by National Commission for Women, New Delhi.

She is at present working for the NHRC project on 'Reintegration and Rehabilitation of Acid Attack Victims' under the Centre for Women and the Law, National Law School of India University.

Webinar Report

Dr. Ambedkar Institute of Technology, Bengaluru, Department of Master of Computer Applications, is organised a Webinar on "Importance of Data Visualization for Real World Applications" on 9th January, 2021 on 09-01-2021 at 10.30 a.m.

Resource Person: Ms. Namrathra N, Technical Manager, Tata Consultancy Services, Bengaluru

More than 120 participants have registered and participated in the webinar using Google Meet as video conferencing tool. HOD-MCA Dr. L. Manjunatha Rao welcomed Chief Convener Dr. C. Nanjundaswamy, Principal, Dr. Siddaraju. S, Professor & Head (CSE), Dean (Academics) Dr. AIT and webinar Resource person Ms. Namrathra N, Technical Manager, Tata Consultancy Services, Bengaluru and all the participants (Students and Faculties) to the Webinar.

Dr. L. Manjunatha Rao, HOD-MCA welcoming the dignitaries & participants

Participants attendeding the webinar

Session started with introduction and benefits of Data Visualization

Benefits of data visualization discussed

- the ability to absorb information quickly, improve insights and make faster decisions
- an increased understanding of the next steps that must be taken to improve the organization
- an improved ability to maintain the audience's interest with information they can understand
- an easy distribution of information that increases the opportunity to share insights with everyone involved
- eliminate the need for data scientists since data is more accessible and understandable and
- an increased ability to act on findings quickly and, therefore, achieve success with greater speed and less mistakes.

Demonstration of tool-Tableau

Discussed on few concepts to demonstrate plots & graphs

The session was concluded with importance and benefits of using Tableau as data visualization tool.

- The Multipurpose Dashboard.
- Data Extraction and Blending.
- Enhanced data visualization functions.
- Predictive analysis and forecast.

The session was concluded with question and answers followed by vote of thanks to the speaker, HOD-MCA, faculties, staff and students.

Out of 127 participants registered,

Webinar Report

Dr. Ambedkar Institute of Technology, Bengaluru, Department of Master of Computer Applications, is organising Webinar Series on "Current Trends in Artificial Intelligence" and another webinar on "Stress Management" on 20th, June, 2020 organised by the Department of Master of Computer Applications, Dr. Ambedkar Institute of Technology, Bengaluru.

Resource Persons: Ms. Swetha Basavaraj, Project Manager, Infosys Ltd. Bengaluru & Mr. Lohith Y C, Project Manager, Amadeus Software Labs, Bengaluru.,

More than 184 participants have registered and participated in the webinar using Google Meet as video conferencing tool. HOD-MCA Dr. L. Manjunatha Rao welcomed Chief Convener Dr. C. Nanjundaswamy, Principal, Dr. Siddaraju. S, Professor & Head (CSE), Dean (Academics) Dr. AIT Bengaluru and all the participants to the webinar.

Dr. L. Manjunatha Rao, HOD-MCA welcoming the dignitaries & participants

Webinar on "Current Trends in Artificial Intelligence"

Ms. Swetha, Infosys delivering session on AI

Topics covered in the session are:

- ➤ What is AI
- > Applications of AI
- ➤ Types of Machine Learning -Supervised & Unsupervise
- > Scenarios used in the industry
- Latest advancements in the industry-tools and techniques

Webinar on "Stress Management"

Speaker Mr. Lohit Y.C delivering session on Stress Management

Key points discussed

- > Re-balance Work and Home.
- **>** Build in Regular Exercise.
- **Eat Well and Limit Alcohol and Stimulants.**
- **Connect with Supportive People.**
- > Carve out Hobby Time.
- > Practice Meditation, Stress Reduction or Yoga.
- > Sleep Enough.

Finally Deep Breathing exercise were instructed live in the session

Stopping and taking a few deep breaths can take the pressure off you right away. Speaker suggested to follow these 5 steps:

- 1. Sit in a comfortable position with your hands in your lap and your <u>feet</u> on the floor. Or you can lie down.
- 2. Close your eyes.
- 3. Imagine yourself in a relaxing place. It can be on the beach, in a beautiful field of grass, or anywhere that gives you a peaceful feeling.
- 4. Slowly take deep breaths in and out. Instructed to do for 5 to 10 minutes at a time.

The session was concluded with question and answers followed by vote of thanks to the speakers, HOD-MCA, faculties, staff and students.

Coordinated by

Mrs. B. R. Shobha Rani, Associate Professor

Dr. Bharathi. S, Professor

Dr. AMBEDKAR INSTITUTE OF TECHNOLOGY, BENGALURU-56

ABOUT DR.AIT

The Master of Computer Applications program is accredited by National Board of Accreditation (NBA). This program was established in the year 1999 and is the first PG program started in Dr. Ambodkar Institute of Technology, which is affiliated to Visvesvaraya Technological University, Belagavi and Approved by All India Council for Technical Education (AICTE). Currently, this department is offering one PG program and one Ph.D. program in various specializations of Computer Applications The MCA program received academic autonomy in the year 2016. There has been an increasing trend in the number of students getting placed in National and International IT companies and in top corporate bodies during the recent past. The faculty members are highly qualified and experienced with Doctorate degrees. The department is having five doctorate degree holders guiding 10 research scholars for their PhD degrees. The Department is equipped with state-of-the-art infrastructure and computing facilities with High speed Internet facility.

The Curricula and Syllabi of Master of Computer Applications (MCA) course offered by DcAIT is designed considering the need for different Software Houses in India and abroad and has a high job potential in IT Sector in India and abroad as per Outcome Based Education.

The Department is relentlessly striving to perceive and maintain academic excellence at the same time encourages the students to participate in various curricular, co-curricular and extracurricular activities. A student friendly environment at Dr. ATI nurtures creativity, passion and leadership qualities among students for development of versatile personality & to become employable, creative thinkers in the country and in the world.

ABOUT FOR

A variety of tools can be used in the classroom to support student learning, ranging from traditional to high-tech options. A Learning Management System (LMS) is an online system or software used in elearning programs and which helps in administration, documentation, tracking, and recording. This workshop covers Google's most popular tools—Google Groups, Google Classroom, Google Forms etc. are now staples for getting organized and getting work done. These collaborative friendly tools have revolutionized the way we communicate, work together, and store information online. Thus a teaching learning tools specifically helps to create, distribute, and manage the delivery of educational content for both students and faculty.

TOPICS

- M Introduction to Teaching Learning Tools
- M To create Google Groups
- M Use of Google Forms

- M To generate Online Certificates
- M Web hosting Live using YouTube

FDP Report

Dr. Ambedkar Institute of Technology

Department of Medical Electronics

Date: 26/9/2020

yours sincerely

cal Electronica Institute of Technolog

To

The Principal Dr. AIT Bangalore -56

Respected sir,

Sub: Remuneration towards Webinar

STE-contradit

pl. reisty a portay

Clay 3619 The department had organized a webinar on Biomedical Applications on Additive

Manufacturing on 19/09/2020 by Prof. Dr Y Ravikumar from NIT Warangal. The webinar was very much technical and gave an insight into the growing needs of interdisciplinary collaboration for the coming up of biomedical devices in India. We would like to further extend our cooperation with the professor for student internship in his laboratory. In this regard I kindly request you to sanction an amount of Rs. 3000/ as remuneration for the resource person.

Ke 2000 -

Thanking you

Enclosures:

Profile of the speaker

Screen shots of the presentation

Registration details

A.P. Nondord Dr A.P. monjundta

Dr. Yennam Ravi Kumar is Associate Professor in Mechanical Engineering Department at National Institute of sponsored R&D Projects worth of **1.24 Crore Rupees** in the area of 3D Printing. He is the Life Member of ISTE, Award" from the Government of Andhra Pradesh and The Institute of Engineers (India). He has executed at NIT Warangal under TEQIP-III grant. He has conducted more than "15" training programs across India and Technology (NIT), Warangal. He obtained B.Tech Degree in Mechanical Engineering from JNTU, Kakinada in 2000, M.E in Computer Integrated Manufacturing (CIM) from PSG College of Technology, Coimbatore in 2002, Ph.D in "04" Ph.D's and guiding "04" more Ph.D theses. He has published more than 70 research papers in National and International conferences and journals. He has filed "01" International patent and "02" Indian patents in the trained around "900" participants in the area of "3D Printing". He received "Young Engineer of the Year 2009 Mechanical Engineering from Osmania University, Hyderabad in 2011 and Post-doctorial research in 3D Printing at Milwaukee School of Engineering, USA in 2012. He has supervised more than 30 M.Tech Projects and produced area of 3D Printing. He is instrumental in setting up Rapid Prototyping laboratory at NIT Warangal. He started M.Tech Program in Additive Manufacturing in collaboration with Central Manufacturing Technology Institute (CMTI) Bangalore, first time in India of its kind. He has established a world class "Metal 3D Printing Facility" IE and RPSI Societies. He visited countries like Australia, Sweden, Singapore, Finland, France and USA.
