TNS INDIA FOUNDATION

This document constitutes a Memorandum of Understanding (MoU) between TNS India Foundation (TNSIF) and Department of Computer Science & Engineering, Dr. Ambedkar Institute of Technology

This MOU is effective from 8<sup>th</sup> October 2021, hereinafter mentioned as "Effective Date" by and between Department of Computer Science & Engineering, Dr. Ambedkar Institute of Technology managed under the trust Panchajanya Vidya Peeta Welfare Trust, Bengaluru affiliated to the Visvesvaraya Technological University, registered under State Technological University, Govt. of Karnataka and hereinafter referred to as "College", having PAN no. AAATPI325M, represented by its Head, Dr. Siddaraju, Professor and Head

AND

TNS India Foundation, a charitable organization registered under Section 25 of the Companies Act 1956 and having its registered office at "B-201, Centre Point, Opposite Bawla Masjid, 243-A N.M. Joshi Marg, Lower Parel (E), Mumbai, India 400013", hereinafter referred to as "TNSIF", represented by its Managing Director, TNSIF, Punit Gupta

TNSIF and College may hereinafter be individually referred to as "Party" and collectively referred to as the "Parties"

Background

TNS India Foundation (TNSIF), a section 25 Company incorporated under the provision of The Companies Act, 1956 is conducting a "Campus to Technical Careers (C2TC) Program" for enhancement of employability and workplace skills for deserving youth in technical roles.

In this connection, TNSIF intends to be associated and work closely with Department of Computer Science & Engineering, Dr. Ambedkar Institute of Technology to conduct employability training and career counseling sessions for the final year college students. This will include activities through the year, till students are placed few months beyond their final year examinations. Some features of the program are as follows:

- 1. Planned about 400-hour training program includes soft-skills and technical skills training. The training may include online instructor led sessions (virtual classroom type, delivered online through video-conferencing platforms like Zoom/Google Meet, or equivalent), videos, assignments, projects and internships (as available, for select students). Additional training for additional hours may be done and students enrolled for that on TNSIF's sole discretion.

As part of the training, TNSIF will train students to be better prepared for entry level openings in technical roles at IT/ITES and related organizations. Some of the major modules as part of the training are listed below (this list is indicative only; not exhaustive or compulsory in any manner)

Soft-skills (50-60 hours): personal and professional effectiveness, communication readiness, work & career readiness.

Technical skills (320-350 hours): Java Enterprise Edition – consisting of core Java, Git, JPA, Hibernate, Spring, Spring Boot, HTML, CSS, JavaScript, TypeScript, SQL on MySQL. Couple of mini-projects are expected to be completed by trainees as part of Scrum Sprint teams.

Optional advanced modules may include exposure to frameworks and tools like Angular & Node, and micro-services. Some exposure to aptitude and logical test preparation would be supported.

The hours of training mentioned above will be delivered via Blended Learning approach i.e online mode using platforms like Zoom, Google Meet or equivalent – as deemed necessary by TNSIF, and other modes like TNSIF's online learning platform, videos, assignments and projects.

Tech. Programme in Computer Science Dr. Ambedkar Institute of Technology Bangalore-560 078

TNS INDIA FOUNDATION

The program also includes individual student counselling during the program, which will be conducted via online/telephonic platforms, as well as post training and during placement counselling.

3. Training or post training interaction sessions will be conducted online only, in terms of scope of this MoU. In-college premises training, counselling or placement sessions, when they become feasible, would be done separately through mutual agreement between TNSIF and **Department of Computer Science & Engineering, Dr. Ambedkar Institute of Technology**. For such a case, a separate MoU, or an addendum to the current MoU would be required.
4. TNSIF will not charge any money from students enrolled to attend the above mentioned online training. Consequently, TNSIF requests the College authority also not to charge any additional cost to the students specifically for this training program.
5. Each training batch size will be between 50-75 students. Sessions can be of duration between 2-4 hours per day, to be conducted 5-6 days per week, by trainers from TNSIF.
6. Counselling support is available on specified days for providing career guidance to students who are enrolled in this program.
7. Students will be provided a certificate on successful completion of course with minimum attendance criteria of 90%, and fulfilling the program's learning requirements.
8. Students will be further supported in job linkages and placements from the time of training completion till they are placed i.e. 6-10 months after their training is complete.
9. College is expected to allow the training and placement process for students enrolled by TNSIF.
10. College is expected to keep TNSIF informed about the employment status of students enrolled in TNSIF's program, specifically in case of alternative offers of employment that the students might have from interview options at campus. This is to ensure that TNSIF can keep recruiting partners informed – to help them plan their recruitment pipeline accurately. Likewise, TNSIF will also keep College informed about the enrolled students who secure employment offers through TNSIF's program.
11. This MoU refers to the online delivered program only. All of the above would be related to predominantly online delivery only.

**For this purpose, TNSIF requests support of the College for the following:**

1. Facilitating discussions and engagement with the 2022 current final year degree students and 2021 graduating batch wherever feasible. This involves the following:
  - a. Assistance in student mobilization and batch scheduling with ongoing final year classes' schedules.
  - b. Support in allocating batches (of about 50-75 students approximately) per batch for optimum utilization of resources and training effectiveness.
  - c. Provide assistance w.r.t. conducting career events and drives, when relevant, and encourage continued student participation through communication from the College administration.
2. Facilitation support for the following:
  - a. Conduct a Parent engagement session via online platform – as relevant.

Upon a request by TNSIF for this support, **Department of Computer Science & Engineering, Dr. Ambedkar Institute of Technology** has agreed to support and provide the appropriate assistance to TNSIF. Based on the above, this MOU lays out immediate next steps to be taken by both parties.

TNS INDIA FOUNDATION

**TNSIF agrees to -**

1. Conduct online orientation sessions to make students aware about the program and register their interest.
2. Engage with students and form batches based on selection criteria for conducting the training program.
3. Conduct the Campus to Technical Careers (C2TC) Program using online platforms.
4. Provide career counselling support to students enrolled in this program.
5. Facilitate further linkages with training partners and prospective employers for interested and unplaced students.
6. Periodic placement reports of students linked to job opportunities will be provided to the college once placement activities commence.

**Department of Computer Science & Engineering, Dr. Ambedkar Institute of Technology agrees to -**

1. Facilitate the dissemination of information regarding the C2TC Program to the incoming final year and recent graduates, and assist TNSIF to mobilise students.
2. Permit online sessions to be conducted via Zoom, Google Meet or any other equivalent applications deemed appropriate.
3. Providing a 'single point of contact' (SPOC) person who could be approached by TNSIF for any support related to this program - mainly for student communications and engagement.

Both parties agree that this MOU is neither a contract, nor is it legally binding in any way, nor does it commit any financial expenditure from or for either party but sets out the terms of understanding and collaboration between the parties for mutual and social benefits - in good faith. This MOU will commence on the Effective Date and will extend for a period of 12 months unless further extended or earlier terminated by TNSIF or the College upon thirty (30) days' written notice.

Both parties hereby agree to indemnify and hold harmless the other party, its affiliates, associates, officers, directors and employees - collectively and individually - against any direct or consequential commercial losses or damages it may suffer including reasonable legal fees arising from any perceived, direct or consequential breach of the terms of this MOU due to the other party.

- 1.2. The co-operation between First Party and Second Party will facilitate effective utilization of the intellectual capabilities of the Second Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the First Party.

## CLAUSE 2 SCOPE OF THE MoU

- 2.1. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2. Second Party will give valuable inputs to the First Party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3. Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and selected students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the selected learners enrolled with the First Party.
- 2.4. Both Parties have agreed to carry out the joint research activities in the fields of Product and Growth, Design, People Operations, Business Function and Analytics.
- 2.5. Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready based on second parties' availability
- 2.6. Second Party to extend the necessary support to deliver guest lectures, webinars and seminars to the students of the First Party on the technology trends and in house requirements based on availability
- 2.7. Second Party to train the Faculties through Faculty Development Programs of First Party for imparting training as per the industrial requirements based on availability.
- 2.8. Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programmes on the terms specified herein
- 2.9. *There is no financial commitment* on the part of the **Dr. Ambedkar Institute of Technology**, the First Party to take up any programme mentioned in the MoU. If there is any financial consideration, it will be dealt separately.

### **CLAUSE 3 INTERNSHIP**

- 3.1. Internship Education is an academic concept designed to strengthen a student's learning experience by integrating on-campus studies with closely related work experience.
- 3.2. The period and itinerary of the internship to be engaged in by the student is to be agreed upon by both the Parties prior to the commencement of the internship.
- 3.3. The Second Party shall undertake the selection process from among the First Party recommended students in accordance with its policies and guidelines in the selection of the trainees for this purpose
- 3.4. The Second Party shall provide free relevant instruction, exposure, and training to the student, consistent with its policies, rules and regulations and with the established Internship Plan. It shall treat the student in a professional manner, and shall ensure that the student, in the course of training, shall not be exposed to any form of harassment / unethical practice or tasks and work assignments that are unreasonably risky, dangerous or unrelated to the purposes of the Internship Plan.
- 3.5. The Second Party is not obliged to employ the student upon completion of the training. The Second Party however, upon consultation with the First Party, may invite qualified students to submit themselves to examinations, interviews, and file pertinent documents in support of their application.

### **CLAUSE 4 INTELLECTUAL PROPERTY**

- 4.1. Nothing contained in this MOU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.
- 4.2. Rights regarding publications, patents, royalty, ownership of software/design/product developed etc. under the scope of this MOU, shall be decided by the two parties by mutual consent.

### **CLAUSE 5 VALIDITY**

- 5.1. This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period **Upraised Technology Pvt Ltd**, the Second Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of **Upraised Technology Pvt Ltd**, the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU
- 5.2. Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations.

### **CLAUSE 6 RELATIONSHIP BETWEEN THE PARTIES**

- 6.1. It is expressly agreed that First Party and Second Party are acting under this MOU as independent contractors, and the relationship established under this MoU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the

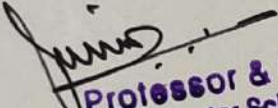

terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

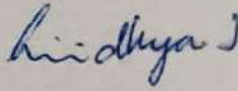

- 6.2. Any divergence or difference derived from the interpretation or application of the MoU shall be resolved by arbitration between the parties as per the Arbitration Act, 1996. The place of the arbitration shall be at District Head Quarters of the First Party. This undertaking is to be construed in accordance with Indian Law with exclusive jurisdiction in the Courts of Bengaluru, Karnataka.
