About the Institution

Dr. Ambedkar Institute of Technology (Dr.AIT) is managed by Panchjanya Vidya Peetha Welfare Trust (Regd). Dr.AIT was established in 1980 by Late Sri. M.H. Jayaprakash Narayan. The Institution is founded on the ideals of the great Bharatha Rathna Dr.B.R.Ambedkar, whose life was a saga of learning and uplifting the down trodden of the society. Dr.AIT institute is one among the seven colleges selected for receiving the World Bank assistance under TEQIP-III in Karnataka through government of India. The institution has been accredited by National Assessment and Accreditation Council (NAAC) and National Board of Accreditation (NBA), New Delhi.

The Institution was started with three AICTE approved undergraduate (UG) programmes in Departments of Civil Engineering, Mechanical Engineering and Electrical and Electronics Engineering (EEE). Later UG programmes in Electrical Engineering and Communication Engineering, Industrial Engineering and Management, Instrumentation Technology, Computer Science and Engineering, Telecommunication Engineering, Information Science and Engineering and Medical Electronics, were also inducted. The institute also conducts Post Graduate (PG) programmes in different disciplines. In addition, the institution currently also holds 14 research centres recognized by Visvesvaraya Technological University (VTU), Belagavi.

The Institution is aided by Government of Karnataka, approved by All India Council for Technical Education (AICTE), New Delhi and is affiliated to VTU, Belagavi. The college was granted with autonomous Status for Undergraduate Programme by UGC during 2007 and the college implemented the same in 2010-11 academic year

and for Postgraduate Programme during 2011-17 academic year.

About the Three Days Workshop on "Enhancing Employability Skillsets with Salesforce Technologies"

The workshop on "Enhancing Employability Skillsets with Salesforce Technologies" is designed for students who want to learn and understand what is possible with the Salesforce cloud platform, its specific applications, and their business values and benefits.

Objectives of Three Days Workshop

After completing Three days workshop on "Enhancing Employability Skillsets with Salesforce Technologies" you should be able to:

- Describe the primary business value of each major Salesforce Cloud.
- Manage users and data on Cloud.
- Manage basic configuration on Salesforce Cloud.
- Create email templates instantly.
- Dynamic Creation of reports and dashboards instantly on Cloud.
- Apply and champion Chatter.
- Understand the Salesforce implementation and maintenance lifecycle.
- Extend Salesforce functionality beyond basic configuration.

Pre-requisites for this Workshop

Anyone who wants to enhance their employability skillsets with Salesforce Technologies should have basic knowledge about Object Oriented Concepts, basic features of Cloud Computing and its Applications.

Dr. Ambedkar Institute of Technology

About the One day Orientation Programme on "Problem Solving Skills through Art of Programming"

Orientation Programme on "Problem Solving Skills through Art of Programming" is designed for faculties to learn and understand programming.

Objectives of Orientation Programme

After completing the Orientation Programme on "Problem Solving Skills through Art of Programming" ones should be able to:

- ❖ Analyse why programming is essential
- ❖ Identify real-time problems that can be programmed
- ❖ Enhance logical thinking in students to convert real-time problems in to algorithms and flowcharts
- ❖ Writing codes for any given logical situations represented in algorithms or flowchart

Pre-requisites for this FDP

Anyone who is interested in teaching programming with right learning attitude

About the Institution

Dr. Ambedkar Institute of Technology is managed by Panchajanya Vidya Peetha Welfare Trust (Trust). Dr. AIT was established in 1960 by Late Sri. G.H. Jayaprakash Narayan. He came from a very humble background and was a member of legislative assembly (M.L.A) for several terms. He fought tirelessly for the upliftment of the downtrodden. The Institution is founded on the ideals of the great Bharatya Rashtra Dr. B.R. Ambedkar, whose life was a saga of learning and uplifting the down-trodden of the society. Dr. AIT Institute was one among the 14 colleges selected for having received the World Bank assistance under TEQIP-II through Government of India.

The Institution was started with three AICTE approved undergraduate (UG) programmes in Departments of Civil Engineering, Mechanical Engineering and Electrical and Electronics Engineering (EEE). Later UG programmes in Electronics and Communication Engineering, Industrial Engineering and Management, Instrumentation Technology, Computer Science and Engineering, Telecommunication Engineering, Information Science and Engineering and Medical Electronics, were also introduced. In addition, the institution currently also holds 14 research centers recognized by Vignansaraya Technological University (VTU), Belagavi.

The institution has been accredited by National Board of Accreditation (NBA), New Delhi. The Institution is aided by Government of Karnataka, approved by All India Council for Technical Education (AICTE), New Delhi and is affiliated to VTU, Belagavi.

The college was granted with Autonomous Status by UGC during 2007 and the college implemented the same during 2010-11 academic year. The Institution is beneficiary of TEQIP-III World Bank fund. Dr. AIT is accredited by NAAC.

Objectives of Workshop

The workshop is intended to introduce 'Data Analytics' to the participants and make them understand the fundamental concepts and the approach towards predictive model building. Participants will learn R programming language, which is widely used in the Analytics industry as a statistical analysis tool.

Workshop ensures that the theory and practice of these concepts go hand in hand throughout the course. Participants will be able to relate to the theory they learn, when they practice it during hands-on sessions.

So at the end of the course participants would have learned the concepts of data analytics along with the expertise in using a statistical analysis software which is R programming.

Expected Outcomes

The participants will gain thorough understanding of the following:

- Basic BI and data analytics concepts
- Data Visualization
- Statistical analysis techniques such as Correlation, Clustering, Regression.
- Build predictive models and interpret results

Apart from this, participants will be proficient enough to do academic projects in this domain.

Data Satva

Bringing out the true essence of data

Workshop Schedule

Day 1:

- Introduction to Data Science
- Data-Warehouse Concepts, Design and Data Integration
- Getting Started to R Programming
- Basic Building Blocks of R

Day 2:

- Coding with R
- Workspace and Files
- Functions in R

Day 3:

- Descriptive Statistics
- SQL package in R
- Business Intelligence
- Data Visualization using R

Day 4:

- Analytics using R
- Data Classification using R

Day 5:

- Guided Industry Case Study
- Assessment - Unguided Industry Case Study

Note: Participants need to carry their laptops.

About the institution

Dr. Ambedkar Institute of Technology is managed by Panchajanya Vidya Peetha Welfare Trust (Regd). Dr. AIT was established in 1980 by Late Sri. M.H. Jayaprakash Narayan. He came from a very humble background and was a member of legislative assembly (MLA) for several terms. He fought relentlessly for the upliftment of the downtrodden.

The Institution is founded on the ideals of the great Bharatha Rathna Dr. B.R. Ambedkar, whose life was a saga of learning and uplifting the down trodden of the society. Dr. AIT is one among the 14 colleges selected for receiving the World Bank assistance under TEQIP-III through government of India. The institution is accredited by National Assessment and Accreditation Council (NAAC).

About the department

The Department of Information Science & Engineering (ISE) was started in the year 1992. Present sanctioned intake for B.E is 60 and M.Tech is 24. Department of Information Science research centre registered under VTU guides various PG scholars in different emerging engineering technologies. The department is accredited by (National Board of Accreditation) NBA.

Dr. B S Shylaja heads the department. She has been enthusiastically guiding the department and encouraging departmental activities. The faculty at the department are highly qualified members, some having doctoral degrees and many are pursuing Ph.D in their area of specialization.

About GeeksLAB

Geekslab Technologies Pvt. Ltd., styled as GeeksLAB, was started by a group of entrepreneurs with a motive to provide IT services and solution as well as to spread awareness about latest technological trends amongst students all over the country. GeeksLAB is equipped with experienced and highly skilled professionals who have expertise on variety of tools and platforms. Having the best and experienced team of Technologists, Research Scholars and a strong support of advisors from the academics & industry it is poised to grow into a great and big successful business.

About the workshop

Increased Internet penetration has given exponential rise in sophisticated attacks on Information Technology (IT) infrastructure. Attackers are gaining access to sensitive information like credit card details and other financial information. Smartphone attacks are growing in multiple folds. Also with the growth of 3G services and business transactions using mobile phones, there is a substantial increase in mobile malware. In order to make IT infrastructure resilient against these threats, there is a need for cutting-edge Research and Development efforts in Cyber Security.

Cyber Security is becoming increasingly important in today's networked world and is impacting every aspect of society including finance, healthcare, government, education, arts and entertainment. The objective of this workshop is to teach the basic principles of cyber security and forensics from the perspective of providing security awareness and its best practices for the real world.
