NEWS LETTER

Jan-Apr. 2021

Our Vision

To create Dynamic, Resourceful, Adept and Innovative Technical professionals to meet global challenges
Dr. Ambedkar Institute of Technology was established in the year 1980 by Late Sri M.H. Jayaprakash Narayan, Ex-MLA, Ex-Syndicate / Senate Member of Bangalore University and Founder Managing Trustee of PVP Welfare Trust and Secretary of Dr. Ambedkar Institute of Technology, was a visionary and an educationist. He was a strong follower of the principles of Bharatha Ratna Dr. B.R. Ambedkar, he came from a very humble background. He fought relentlessly for the upliftment of the downtrodden. He believed that education is the main path for the emancipation of the oppressed classes and started a number of educational institutions to cater to all levels of education in Bengaluru.
Greetings to all the readers!

I am happy to give the opening note for the online Newsletter. The academic year 2020-2021 most of the part went online. Dr.AIT went into online mode of tutoring and supervised online exams wherever needed, with an eye on the quality of education imparted. The campus missed the buzz of the students and the countless extracurricular activities. Hoping as everyone else to have the students back to the campus. The faculty training & skill development programmes are all restricted to online mode, the future will be blended learning. Blended learning will be inculcated in our academic curriculum to bring the best from all corners of the country and outside to reach to our students. The placement & research activities are progressing with good stride. Dr. AIT is striving hard to be the best institute and determined to be at it.

Let us all be optimistic & on guard, while looking ahead for the coming academic year.

Best Wishes to All!

Warm Regards

Dr. G Rajendra

Our Mission

* To offer state of the art undergraduate, postgraduate and doctoral programs in the fields of Engineering, Technology and Management.

* To generate new knowledge by engaging faculty and students in research, development and innovation.
