Introduction

Education is a fundamental right for every citizen of India. Higher education plays an vital role in the social and economic progress of any society or nation.

The objectives of higher education are as follows -

Wisdom and knowledge, preserving the social order, love for higher values in life, training for leadership. Hence, Great role and responsibility is entrusted to the Higher Education Institutions (HEIs) in building strong leadership and well-knit society through excellence in academics, ethical curricula and community engagement.

The stakeholders of Higher Education Institutions - administrators, teachers, students must have conscious of human values and professional ethics. To put it differently, higher educational institutions must foster in the teachers and students and through them in society generally the attitudes and values needed for developing the good life and good nation. Hence, Higher Education Institutions must create high quality practices and an environment that supports the human values and professional ethics. Handbook of 'Code of Ethics' sheds light on the principles and guidelines to be followed by all the stakeholders of the HEI.

Human Values

Human values are a set of consistent behaviours and measures that guide human beings in doing what is right and acceptable by the society. Human values are those universal concepts, drivers of action which are found in all cultures, all societies, and all times and in all places. No human life is possible without values. They attract dignity, respect and appropriateness among people.

Basic Human Rights List

1. **All human beings are free and equal:** All human beings are born free and equal in dignity and rights. They are endowed with reason and conscience and should act towards one another in a spirit of brotherhood.

Motherhood and childhood are entitled to special care and assistance. All children shall enjoy the same social protection.

26. **Right to education:** Everyone has the right to education. Education shall be free, at least in the elementary and fundamental stages. Elementary education shall be compulsory. Technical and professional education shall be made generally available and higher education shall be equally accessible to all on the basis of merit.

27. **Right of cultural and art:** Everyone has the right freely to participate in the cultural life of the community, to enjoy the arts and to share in scientific advancement and its benefits. Everyone has the right to the protection of the moral and material interests resulting from any scientific, literary or artistic production of which he is the author.

28. **Freedom around the world:** Everyone is entitled to a social and international order in which the rights and freedoms set forth in this Declaration can be fully realized.

29. **Subject to law:** Everyone has duties to the community in which alone the free and full development of his personality is possible. In the exercise of his rights and freedoms, everyone shall be subject only to such limitations as are determined by law solely for the purpose of securing due recognition and respect for the rights and freedoms of others and of meeting the just requirements of morality, public order and the general welfare in a democratic society.

30. **Human rights can't be taken:** away Nothing in this Declaration may be interpreted as implying for any State, group or person any right to engage in any activity or to perform any act aimed at the destruction of any of the rights and freedoms set forth herein. So those are all Universal Declaration of Human Rights list by United Nations General Assembly. All universal human rights list above commonly known as 30 basic human rights that must be respected and protected by the law.

Core Values of Dr.AIT

- ✓ Strong Ethics
- ✓ Striving For Excellence
- ✓ Social Development
- ✓ Respect for All

PROFESSIONAL ETHICS

The main concern and responsibility of institutions imparting higher education is to develop manpower of well-trained engineers with sensitized concern towards oneself, one's family, society and nation at large. Students, who enter the professional course, need to acclimatize to the new environment, set a healthy daily routine, create a bonding between the teacher and a student, develop awareness, sensitivity and understanding of the self, society at large and inculcate in them the ethics of the institution with a sense of larger purpose. The graduating student should have knowledge and skills in the area of his study. Character needs to be nurtured as an essential quality by which he/she would understand and fulfil his/her responsibility as an engineer, a citizen and a human being.

Integrity

Integrity is defined as the unity of thought, word and deed (honesty) and open mindedness. It includes the capacity to communicate the factual information so that others can make well-informed decisions. It yields the person's peace of mind, and hence adds strength and consistency in character, decisions, and actions. This paves way to ones success. It is one of the self-direction virtues. It enthuse people not only to execute a job well but to achieve excellence in performance. It helps them to own the responsibility and earn self-respect and recognition by doing the job.

Integrity is the quality of being honest and having strong moral principles; moral uprightness. It is generally a personal choice to uphold oneself to consistently moral and ethical standards

Credibility & Responsibility

The obligation of an individual or organization to account for its activities, accept responsibility for the demand to disclose the results in a transparent manner. It also includes the responsibility for money or other entrusted property.

Loyalty

Loyalty is faithfulness or a devotion to a person, country, group, or cause. Philosophers disagree on what can be an object of loyalty as some argue that loyalty is strictly interpersonal and only other human beings can be the object of loyalty.

Commitment

Commitment means alignment to goals and adherence to ethical principles during the activities. One should have the conviction without an iota of doubt that one will succeed. Holding sustained interest and firmness, in whatever ethical means one follows, with the fervent attitude and hope that one will achieve the goals, is commitment. It is the driving force to realize success. This is a basic requirement for any profession. The commitment of top management will naturally lead to committed employees, whatever may be their position or emoluments. This is bound to add wealth to oneself, ones employer, society, and the nation at large. Target oriented efforts are put to reap efficiency.

Attitude

It is a psychological construct, a mental and emotional entity that inheres in, or characterizes a person. They are complex and an acquired state through experiences. Attitudes is the most distinctive and indispensable concept in present day. Attitude can be formed from a person's past and present. Key topics in the study of attitudes include attitude measurement, attitude change, stakeholders' behavior, and attitude-behavior relationships. Positive attitude people are most successful in their life. One should develop such attitude which provides synergy and satisfaction in their day to day life. Positive Mental Attitude (PMA) characterizes faith, integrity, hope, optimism, courage, initiative, generosity, tolerance, tact, kindness and good common sense.

Valuing time

Time is rare resource. Once it is spent, it is lost forever. It cannot be either stored or recovered. Hence, time is the most perishable and most valuable resource too. This resource is continuously spent, whether any decision or action is taken or not.

The history of great reformers and innovators has stressed the importance of time and valuing time.

The proverbs, "Time and tide wait for nobody" and "Procrastination is the thief of time." Time management is the key to increase effectiveness, efficiency or productivity

Passion

Passion is a feeling of intense enthusiasm towards or compelling desire for completion of the work. Passion defines performance enhancing aspects and work enjoyment. When an individual is passionate about their occupation they tend to work more resulting in more work satisfaction.

Research Ethics

The research scholars undertake a Research methodology course work exam in Unit IV of the paper they exclusively study about the ethics in research to be followed Plagiarism is strictly prohibited in all academic materials created by our faculty members, and we ensure that only original contributions from our faculty and research scholars are sent to journals for publication. This determines the quality and originality of faculty members academic contributions.
