

Student Induction Program (SIP) 2K25

Date: 15th September, 2025

Student Induction Program (SIP) for 1st year B.E. students admitted during Academic year 2025-26 will be conducted from 15-09-2025 to 19-09-2025

On 15th September 2025, the Student Induction Program for newly admitted first-year B.E. students was successfully conducted at Dr. Ambedkar Institute of Technology, Bengaluru. The program aimed to help students transition smoothly into the academic environment and included several key activities as outlined below:

1. Student Registration (09:00 am – 10:00 am):
Students reported to the designated registration tables near the JPN Auditorium according to their respective engineering branches. Faculty members at the registration desks assisted students in completing the registration process efficiently.
2. Induction Program at JPN Auditorium (10:00 am – 1:00 pm):
A formal induction program was conducted at the JPN Auditorium. All newly admitted students attended the program, where they had the opportunity to hear from the institution's leadership, understand key aspects of their upcoming studies, and get acquainted with the academic environment and expectations.
3. Post-Lunch Departmental Presentation (02:00 pm – 02:30 pm):
After the lunch break, students assembled back at the JPN Auditorium. They were then guided to their respective departments, where they were introduced to the faculty members, departmental facilities, and various academic opportunities through brief presentations delivered by the Head of School and the Head of Programme.
4. Campus Tour (02:30 pm – 04:15 pm):
Students participated in a guided campus tour that included visits to centralized facilities such as the library, bank, data center, research centers, laboratories, and other important student support services. Department Coordinators led the tour and provided relevant explanations about the facilities.

The Induction Program Duration was from 15th to 19th September 2025. All students actively participated in the sessions and events scheduled throughout the induction period, as attendance at all sessions was mandatory.

The program was successful in familiarizing students with the academic and infrastructural environment of the institute, setting a positive tone for their academic journey.
